The review of your claim has been completed. Our principal, Wisconsin County Mutual Insurance Corporation, has requested that we advise you that upon completion of the review of your claim, they find we will be unable to assist you with any settlement of damages or costs which you may have sustained in the above captioned claim.

Dear Ms. Ertmer:

My name is Frank Kearny and I live in Neenah on 103 Limekiln Dr. While your crew was snow plowing Limekiln Dr. after the snow storm that occurred on or about January 24, 2019 the Winnebago County plow destroyed my mailbox post. When I saw what happened I called the City of Neenah to lodge a complaint only to find that Winnebago County plowed Limekiln that day. I have spent three weeks trying to get this matter resolved only to find that you are the person to whom I should make my complaint.

At my request a supervisor from your road crew came to my house to inspect the post to find that the dent and piece torn from the post could only have been done by your plow. I have spoken to Ray Palion several times and he informed me this week that he could do nothing about it that would meet my satisfaction. He suggested that I file a complaint with you. I have attached several pictures to demonstrate that only a snow plow could have destroyed my mailbox post the way yours did.

I want Winnebago County to reimburse me for the costs to replace and install my mailbox post as it was prior to the accident caused by the snow plow operator. Your operator left the scene of the accident and did not report the problem either to me or to the police. Please let me know the procedure that we will follow to remedy the situation. You may contact me on my phone at 920-427-6915.

Sincerely,

Frank Kearny
