LEGISLATIVE COMMITTEE
Monday, May 22, 2023
James P. Coughlin Center
625 E. County Road Y, Oshkosh

Members Present: 9 – Chuck Farrey, David Albrecht, Steven Binder, Robert Keller, Morris Cox, Nate Gustafson, Karen Powers, Ralph Harrison, and Tom Snider.

Also Present: Winnebago County Chairman Thomas Egan; Brianne Patzer from the Public Defender's Office, and State Representatives Nate Gustafson and Lori Palmeri.

1. Call to Order

Chairman Farrey called the meeting to order at 8:31 a.m.

2. Pledge of Allegiance

Chairman Farrey opened the meeting with the Pledge of Allegiance.

3. Approval of minutes of March 27, 2023 meeting

Motion by Supervisor Cox and seconded by Supervisor Gustafson to approve the minutes of the March 27, 2023 meeting. CARRIED BY VOICE VOTE.

4. Public Comments

Brianne Patzer, Attorney Manager in the Public Defender's Office, spoke in support of agenda item 8; the Washington County 22 resolution 63 – "Requesting the State of Wisconsin Review and Revise the Compensation Rate for State Public Defenders". Their office is in a tough role right now. They are short-staffed, having retention issues and trying to recruit attorneys. This has been difficult while maintaining workloads. They are trying to find ways to address those issues. She is very supportive of the structure and amount associated with the resolution.

5. Correspondence

No correspondence.

Motion by Supervisor Cox and seconded by Supervisor Albrecht to combine agenda items 6 and 7 together. CARRIED BY VOICE VOTE.

6. Discussion/Action: Clark County Resolution 3-1-23 – Recommending Revision to State Wind Energy Regulations; Green Lake County Resolution 7-2023 – Resolution Recommending Revision to State Renewable Energy Contract Regulations; and Columbia County Resolution No. 14-23 – Request State to Revise Solar Energy System Law.

Chairman Farrey provided his understanding of the resolutions. It is his understanding that this is controlled almost exclusively by the public service commission under administrative rule. His perception is that the counties, especially the planning and zoning committees within those counties are raising concerns about the inability to provide more oversight and restrictions if necessary on the placement of these solar and wind farms. There really should be more county oversight especially when we are starting to lose a lot of farmland.

Representative Palmeri asked what the concerns are by the counties with regard to these.

Chairman Farrey responded with what his thoughts were. There is no local regulatory control at all regards to the placement of these solar farms; consuming a lot of productive farmland involving intrusion on the neighbors farms, issues with contracts that are being signed, and big issue with liability. If these solar farms were liable, it doesn't fall on the company, it falls on the land owner based on what Chairman Farrey read and interpreted. There are multiple issues that need to be revised to give local control a little more say to the placement of these solar farms.

Representative Gustafson referenced a bill that is being discussed. It is a community solar panel bill which allows up to 5 acres to be used for solar purposes and then there is a limit on how close those solar farms can be within one another. There are some regulations like this but looking to tighten that up a bit.

Motion by Supervisor Binder and seconded by Supervisor Albrecht to approve the resolution and forward to the County Board. CARRIED BY VOICE VOTE.

8. Discussion/Action: Washington County 22 Resolution 63 – Requesting the State of Wisconsin Review and Revise the Compensation Rate for State Public Defenders.

This issue is still being discussed in legislation. There is support to increase the rate of compensation and was favorable in the previous session. This subject is still in the discussion phase but the hope is to increase rate compensation about \$18,000 per year but that is still a moving target, they are not sure where the increase will fall.

Motion by Supervisor Powers and seconded by Supervisor Albrecht to approve the resolution and forward to the County Board. CARRIED BY VOICE VOTE.

Representative Palmeri stated that the Senate is taking up the Shared Revenue Bill on May 23, 2023 at 9:00 am if anyone is interested.

9. Discussion/Action: State of Wisconsin 2023 Bill – AN ACT to create 46.281 (1n)(bm) of the statutes; relating to: requiring allowance for health care providers to refer individuals to aging and disability resource centers for options counseling.

This item was tabled at the March 27, 2023, meeting and was to be brought back and discussed today. It is a draft bill that is being circulated looking for co-sponsors to show support; let individuals know about the Aging & Disability Resource Center (ADRC) and that there is options counseling. Options counseling is a decision support service intended to empower older adults, adults with disabilities, and their families and caregivers to make informed decisions about current or future long-term care choices.

State Representative Gustafson stated that this is now Senate Bill #154.

Motion by Supervisor Snider and seconded by Supervisor Powers to approve the resolution and bring to the County Board. CARRIED BY VOICE VOTE (Nay: Cox).

10. Discuss proposed State and Federal Legislation from the Legislative Committee members

None

11. Update from County Executive Jon Doemel

County Executive Jon Doemel was not present.

12. Update from State Legislators

Representative Nate Gustafson – District 55:

- The big discussion is the shared revenue bill. There has been a lot of negotiations and discussion among Assembly Republicans, the leadership of Milwaukee County, as well as the city of Milwaukee including the mayor regarding a lot of their pension issues. They are in real tight spot.
- Representative Gustafson thanked everyone here that has served on this board and have made sure Winnebago County is going in the right direction.
- As Representative Gustafson mentioned earlier, the shared revenue bill has been a big topic being discussed with questions such as, how much will each individual entity get, what percentages are they looking at, etc. The legislators want to be sure they are not touching the current shared revenue formula. That would be staying the same but adding new money and that new money is actually going to be reflective of a revised formula to ensure that everyone is getting something out of it.

Representative Lori Palmeri – District 54:

- Representative Palmeri responded and what her thoughts were regarding and relating to the shared revenue bill. She stated that shared revenue is broken, it hasn't kept pace. This is all population based. Negotiations are on-going. She is very hopeful that the Senate will discuss it a little more and the Assembly could get another chance to discuss and negotiate on the issue further.
- There are some bills coming that have the potential for bi-partisan support such as revolving loan funds, workforce & senior housing bills, adding some financing tools and possibly some zoning type issues.

Supervisor Binder requested that the state representatives please look at daycare when state legislators are in session. This is an issue that needs to be addressed.

Chairman Farrey thanked the State Representatives for their attendance. It is greatly appreciated.

13. Update from Federal Representatives

There were no federal representatives present.

14. Topics to be discussed at next Legislative Committee Meeting

- Resolutions from other counties referred from County Board

15. Next Meeting Date and Time

The next meeting will take place on Monday, October 23, 2023 at 8:30 am.

16. Adjourn

Motion by Supervisor Albrecht and seconded by Supervisor Harrison to adjourn. CARRIED BY VOICE VOTE.
The meeting was adjourned at 9:51 a.m.

Request the State of Wisconsin to Address Concerns of Act 216, Relating to Distributing the Proceeds from the Sale of Tax Delinquent Property to the Former Owner

WHEREAS, under the previous State law addressing sale of tax delinquent property, counties retained the net proceeds from the sale unless the property was the homestead of the former owner(s) and the former owner(s) requested such payment; and

WHEREAS, before a tax delinquent property is foreclosed upon, the property must be delinquent for a minimum of three years; and

WHEREAS, before a tax delinquent property is foreclosed upon, the owner receives notice of the pending action and is given the opportunity to pay the back taxes, including the potential for a payment plan; and

WHEREAS, if the sale of the tax delinquent property does not cover the past due taxes, other associated costs and costs of processing the foreclosure, the county taxpayers are ultimately responsible to absorb the loss; and

WHEREAS, Act 216 purportedly requires a county to pay the net proceeds of the sale of tax delinquent property to any former owner, regardless of whether the former owner requests the payment and regardless of whether the former owner used the property as his or her homestead, and hold such proceeds for five years if the former owner does not request payment; and

WHEREAS, the Act further attempts to require a county to pay off any lien placed on the property at the time of the foreclosure sale, notwithstanding the fact that all liens are discharged at the time of the foreclosure judgment, causing confusion for counties and courts; and

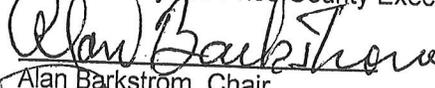

WHEREAS, the Act is further imprudent for the following reasons:

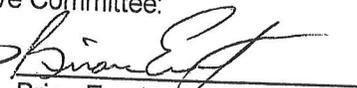

1. most often in tax foreclosure cases, property owners are not responsive;
2. it shifts the risk of loss onto the county causing the county to have an incentive to NOT exercise its authority to foreclosure, leading to many blighted properties throughout the county;
3. the Act purported to cause counties to act as realtors for private parties;
4. the Act requires treasurers to make complex ownership decisions between parties, tenants-in-common; LLCs, corporations and decedents' estates.

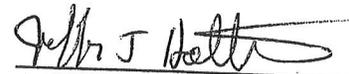

NOW THEREFORE BE IT RESOLVED that the **Price County** Board of Supervisors urges the Legislature to repeal the changes implemented by Act 216, or, in the alternative, to modify the law to take away the risk to counties and consider a provision to place any proceeds from the sale of tax delinquent properties in a segregated account established by the county to be used for clean-up of blighted properties; and

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to Governor Tony Evers, Legislators representing Price County, the Wisconsin Counties Association and all Wisconsin Counties.

RESOLUTION ON ENHANCED WAKE REGULATIONS

WHEREAS: the lakes of Sawyer County, Wisconsin are integral to the recreational base of the economy in Sawyer County.

AND WHEREAS: Legislation has been proposed to regulate wakesurfing and wakeboarding,

AND WHEREAS: the legislation as currently written fails to set minimum standards for the protection of private property, public safety and enjoyment, and aquatic environments,

AND WHEREAS: several towns in Sawyer County have already set standards that use evidence from aquatic and engineering studies which protect shorelines of lakes in Sawyer County from erosion by these enhanced wakes,

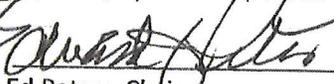

AND WHEREAS: the legislation fails to include a standard related to wake depth that would protect water quality in lakes from scouring by enhanced wakes,

AND WHEREAS: The legislation repeats standards already in place in other statutes,

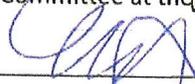

THEREFORE, be it resolved that the Sawyer County Board of Supervisors does recommend that the Wisconsin Legislature engage in meaningful discussions to pass standards that balance the right of everyone to recreate on waters of the State of Wisconsin, by affirming that;

Wisconsin's local governments deserve local control to set their own standards beyond state minimums, of at least 700 feet from the shore, and to prohibit enhanced wake creation in waters shallower than at least 30 feet in depth.

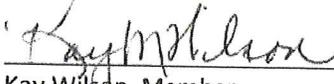

Recommended for adoption by the Sawyer County Board of Supervisors at its meeting on November 14, 2023, by the Land, Water and Forest Resources Committee at their November 8, 2023 meeting.

Hello –

Sawyer County has approved the attached Resolution on Enhance Wage Regulations in regards to proposed wakeboarding and wakesurfing legislation that was being discussed and has recently been introduced. There is a set of bills (AB 656/SB 680) that have been assigned to legislative committees that are proposing to establish statewide standards for wakesurfing and wakeboarding.

This legislation is concerning to Sawyer County, as a one-size fits all approach. In addition, a number of Sawyer County towns have already adopted wakesurfing/wakeboarding ordinances with more restrictive regulations. As proposed the legislation would not allow a local government to adopt more restrictive regulations than what the legislation establishes.

We are circulating our Resolution to other Counties, local governments, State Legislators, and the Governor and requesting that there can be meaningful discussions to pass standards that balance the right of everyone to recreate on the waters of the State of Wisconsin, and local governments retain control to set their own standards for wakeboarding and wakesurfing.

We encourage other legislative bodies to consider adopting similar resolutions and communicate those expectations to the State Legislature.

Sincerely,

Andy Albarado
County Administrator
