STAFF REPORT

D-1 SECTION REFERENCE: Chapter 23, Article 7, Division 4 of Town/County Zoning Code

D-2 DESCRIBE EXISTING SITE CONDITIONS: This parcel is vacant and fronts on a private and public road. The owner resides across the private road at 7864 Popowski Road. The west lot to be created will be purchased by the owner of 7870 Popowski Road. Popowski Road is a private road that was created by the Smith Plat recorded on January 11, 1942 and is shown on Assessor's Plat No. 2 recorded September 14, 2004.

D-3 DESCRIBE THE PROPOSED PROJECT: Split property, see attached proposed Certified Survey Map.

D-4 DESCRIBE WHY THE CURRENT ZONING CLASSIFICATION IS NOT APPROPRIATE FOR PROPOSED PROJECT AND/OR EXISTING SITE CONDITIONS:

This parcel is unique as it borders on both a private road and a public road. This parcel has always had the same ownership as the property across the private road and with this split that will continue. Both owners plan on executing a deed restriction to tie the properties together. There is no need for public road access as required in 18.56 and the split will not result in any additional access on the private road as both household already use Popowski Road for access to their respective residences.

D-5 OTHER INFORMATION:

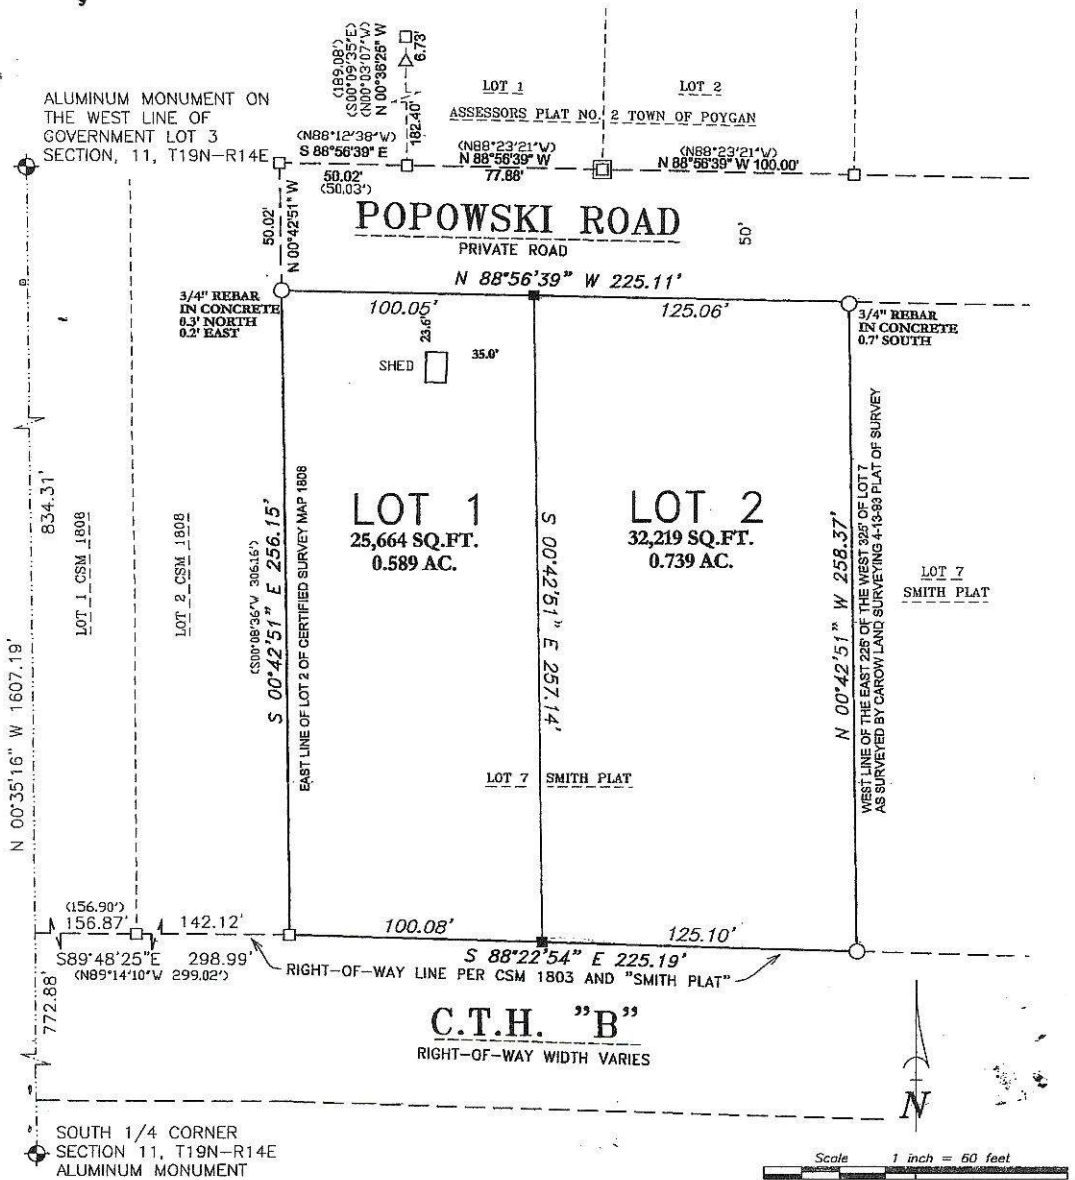

23.7-68 THE PLANNING AND ZONING COMMITTEE IN MAKING ITS DECISION SHALL CONSIDER THE FOLLOWING FACTORS:

- (1) whether development in the proposed district is in keeping with the spirit and intent of this chapter;
- (2) whether development in the proposed district is consistent with the county's comprehensive plan;
- (3) the effects of development in the proposed district on traffic safety and efficiency and pedestrian circulation, both within and outside of the district;
- (4) whether the proposed plan for development in the district is properly planned and is properly coordinated with the existing and anticipated land uses on properties in the immediate and surrounding area;
- (5) the effects of development within the proposed district on the natural environment;
- (6) whether development in the proposed district complies with provisions of this chapter and other chapters of the general code of Winnebago County that may apply;
- (7) the effects of development in the proposed district on public services and facilities;
- (8) whether adequate water and sanitary sewer facilities can be provided to development in the proposed district;
- (9) the proposed means of maintaining the undeveloped area of the district for the purpose for which it was set aside;
- (10) whether the plan for development in the proposed district is clearly superior to development that is permitted based on the design and development standards of the underlying zoning district; and
- (11) any other factor that relates to the purposes of this chapter as set forth in s. 23.1-5 and other sections as may apply.
