Zoning Administrator stated that he had received a resolution from the Town of Neenah recommending denial of the zoning changes with the following findings: 1) The Town does have an adopted land use plan. 2) The requested zoning change does not agree with the adopted plan. 3) There are significant traffic control concerns at Rockwood Lane and County Highway CB and Oakridge. 4) There are significant neighbor concerns. 5) The intended use is not compatible with neighboring properties. 6) The Board and Plan Commission believe it is too soon to decide on this zoning due to County/Town Zoning issue still undecided. Zoning Administrator stated that the requested M-1 and R-2 zoning districts complied with the county's future land use plan and only the requested R-4 zoning district did not. Zoning Administrator also stated that since the Town of Neenah had not yet decided if they were going adopt county zoning and that part of the applicant's request did comply with the county's future land use plan, he would recommend adjourning this item and referring it back to the town for reconsideration in fairness to the applicant. Zoning Administrator also stated that the county's new ordinance will become effective at the end of April if adopted by the town. Motion by T. Egan, seconded by C. Thompson to adjourn this portion of the hearing for 90-days and refer back to the town for reconsideration. There was no additional testimony and this portion of the hearing was closed.
