PUBLIC COMMENTS:

Paul Eisen commented about an article in the Appleton Post-Crescent that reported that Outagamie County had received one of the recent TAD grants. It was confirmed that Winnebago County receives notice when there are new DOJ grants available for application.

GinaMarie Opalescent, ESTHER, reported that the ESTHER leadership Board toured an Emergency Shelter. A volunteer they spoke with had commented to them that Drug Court had saved his life. In addition, ESTHER is planning a Public Hearing/Candidate Forum in the future.

APPROVAL OF MINUTES:

Minutes from meeting on March 14, 2014 approved.

STATUS REPORTS:

DRUG COURT:

There was a graduation on June 13, 2014 at which 4 people graduated.

The number of 18-25 year old opiate addicts is increasing. The Drug Court program does not allow participants to be on any type of medication. It was reported that the participants are responding well to the program.

There are currently 33 participants with 11 in Phase I, 12 in Phase II and 10 in Phase III.

SSTOP:

Statistics regarding the program were distributed prior to the meeting. It was requested that the comparisons among different states include more states. Gordon Hintz is continuing to work on the proposal to modify the penalty structure for 2nd offense OWI and SSTOP guidelines.

24/7 PROGRAM:

There are currently 87 participants with approximately 66 on the soberlink monitor and 21 reporting for a PBT twice a day.

The program has been expanded to include drug offenses with monitoring done through UAs at the jail. It is designed to handle 10 participants.

Violations of the 24/7 program result in a bail review in front of the circuit judge assigned to the case. This is believed to be more effective than additional bail jump charges.

DOMESTIC VIOLENCE DIVERSION PROGRAM:

No update available.

DRUG DIVERSION PROGRAM:
