FIRST, Did the Winnebago County Board of Supervisors have authority under the Wisconsin Statutes, in accepting the bid of Mr. J. J. Davis for the purchase of County owned tax certificates of the Paine Lumber Company, to accept such bid without other evidence of good faith than the bid unaccompanied by any tangible consideration, cash or otherwise?

### **\$20.00 REFUND TO COUNTY TREASURER**

The following Petition No. 2 was presented:  
Honorable Winnebago County Board of Supervisors:  
Gentlemen:

On two occasions a ten dollar (\$10.00) bill has been accepted in the county treasurer's office in payment of taxes, which later proved to be counterfeit. Discovery of the counterfeit bills was made when deposited with the First National Bank, regular county depository. The bank is obliged to hold the counterfeit bills, properly marking them, and forwarding to the proper Governmental department. The County Treasurer has no recourse to make up the deficit thus caused.

I respectfully represent that these bills are almost impossible to detect, and no one accepting them is negligent. In view of this situation, I do not feel I should be required to make up the deficit caused in the county treasury, which has been done in both instances.

I have obtained certificates from the First National Bank, which are hereto attached, confirming the above statements.

I, therefore, petition your Honorable Body to refund to me the amount of twenty dollars (\$20.00), which I have personally advanced to the county treasury.

Respectfully submitted,  
EARL E. FULLER, County Treasurer.

Dated this 17th day of June A. D. 1937.

### EXTRA HELP IN OFFICE OF COUNTY CLERK

The following Resolution No. 4 was presented:

June 29th, 1937

To the Honorable Board of Supervisors of Winnebago County, Wisconsin:

Gentlemen:

The work in the office of the County Clerk has greatly increased in the last two years, making it practically impossible to efficiently discharge the duties assigned thereto.

In 1935 the number of persons receiving Old Age Assistance in Winnebago County totalled 248 against the present roll of almost 900. Dependent children cases have increased to a total of more than 200. This office at the present time is trying to clean up the outstanding charges for Relief due from other counties and each case necessitates long itemized bills of accounts, checking legal residences and much correspondence between counties. In 1935 the county applied for 68 tax deeds and since that time has applied for a total of 338 tax deeds of which there are pending today unfinished a total of 262. With the added duties in the building of the new court house as Secretary of the Committee and the approaching Bond Issue which will add more work to this office therefore

BE IT RESOLVED by the Winnebago County Board of Supervisors that the County Clerk be authorized to hire an additional employee and that \$200 be appropriated from the Contingent Fund for this purpose.

Dated June 29, 1937.

Respectfully submitted,  
T. J. COTTER, Supervisor.

#### PRINTING COMMITTEE ON COUNTY BOARD PROCEEDINGS

The following Report No. 1 was read:  
To the Board of Supervisors of Winnebago County, Wisconsin:  
Gentlemen:

Your Committee on Printing beg leave to report that they met at the County Clerk's office in the Court House, Oshkosh, Wisconsin, on the 18th day of May, 1937, at two o'clock P. M., at which time bids were opened on the county printing.

The Printing Committee received two bids—one bid from the Oshkosh Northwestern, a daily newspaper, and a second bid from the Fox Valley Free Press, a weekly newspaper. The bid of the Oshkosh Northwestern, for printing the county proceedings, was \$1200.00, and that of the Fox Valley Free Press \$299.00.

The question then arose as to whether or not the Fox Valley Free Press was qualified to submit a bid, and on motion duly made the Printing Committee requested the District Attorney of Winnebago County for a written legal opinion as to the validity of the respective bids. On June 14th, 1937, the District Attorney gave a written opinion to the Chairman of this Committee, advising him that the Fox Valley Free Press, in his opinion, was a newspaper with general circulation so as to be a competent bidder for publishing the proceedings of the County Board.

The Committee leaves the adoption of a resolution awarding a bid to the County Board.

## **SALARY OF M. J. ROUNDS, BAILIFF**

The following Petition No. 1 was presented:

To the Honorable, the County Board of Supervisors, Winnebago County, Wisconsin.

Gentlemen:

The Petition of the undersigned respectfully calls to the attention of your Honorable Board the matter of the Circuit Court Bailiff of our County, Mr. Rounds. He presently is paid on per diem basis, petitioner is informed. On this basis he is not receiving, at the present time, nor has received for a period of a few months last past, sufficient income on that basis for his support.

Our Circuit Court, at the present time is practically confined in its work, to motions on one day per week, namely, Saturday.

It is also respectfully submitted that much of the work of the Circuit Court has been taken over by the Municipal Court of the City of Oshkosh, in Winnebago County, since the increase in its jurisdiction.

Mr. Rounds has been very faithful and conscientious in his work and it is the desire of the petitioner merely to call to the attention of the Board the fact that under the present set-up, his compensation is inadequate for his support.

Dated at Oshkosh, Wisconsin this 22nd day of July, 1937

DAN M. HILDEBRAND, Petitioner

Same referred to the Bonds & Salaries Committee.

### BONDS & SALARIES COMMITTEE—CIRCUIT COURT BAILIFF

The following Report No. 6 was presented:  
To the Board of Supervisors of Winnebago County, Wisconsin.  
Gentlemen:

Your Committee on Bonds and Salaries, to whom was referred the petition of Dan M. Hildebrand in regard to the compensation of Mr. Rounds, Circuit Court Bailiff, beg leave to report that after due consideration the Committee feels that because of the fact that the court meets at various intervals, the job necessarily must be on the per diem basis.

The Committee further feel that a per diem fee of \$5.00 per day is reasonable compensation for said services.

The Committee also finds that the Jury Bailiffs work only when the court is in session, and receive the same fee as the Bailiff, their jobs being similar.

The Committee therefore feels that the present compensation of \$5.00 per day is adequate for the services rendered.

### PETITION FOR DISPOSITION OF 1933 TAX CERTIFICATES

The following Petition No. 1 was presented:

To the Honorable, the County Board of Supervisors of Winnebago County, Wisconsin:

Gentlemen:

As the certificates of the 1933 Sale, which remain unredeemed on August 1st, 1938, will be subject to tax deeds, and as Chapter 75.36 of the laws of 1921 provides that the County Clerk shall execute deeds to the County on the same, but that no such deeds shall be issued until the County Board shall, by resolution, order the same, I hereby request your honorable body to instruct me as to what disposition I shall make of the aforesaid tax certificates.

**PETITION TO CANCEL TAX DEED—RE: Mary J. Christensen**

The following Petition No. 2 was presented:

To the Board of Supervisors of Winnebago County, Wisconsin,  
The petition of Mary J. Christensen respectfully shows:

That she is the owner and holder of a mortgage for Eight Hundred Dollars (\$800.00) dated February 3, 1923 recorded February 12, 1923 in Volume 367 of Mortgages on page 124 in the office of the Register of Deeds, Winnebago County, Wisconsin, covering lots 6 and 9 of Block 5, Masterson's Park Plat in the 12th Ward, City of Oshkosh, Winnebago County, Wisconsin.

That your petitioner is informed and verily believes that tax deeds of said lots have recently been issued to Winnebago County, Wisconsin; that no notice of application for tax deed was served upon your petitioner and that she had no knowledge of the delinquency of such taxes nor any notice of application for such tax deed; that she is ready and willing to pay the taxes due on said premises at such time as she can do so with safety to protect her said mortgage.

That the said tax deed is absolutely void for the reason that no notice was served upon your petitioner as required by law; that said tax deeds constitute a cloud upon the title of the owner of said lots, A. J. Koch and the interest of your petitioner as such mortgagee.

Wherefore your petitioner prays that your honorable body take such action as shall be necessary to cancel the said tax deeds and remove the cloud upon the title of said lots by reason of such tax deeds.

MARY J. CHRISTENSEN.

**PETITION BY MARY McLAUGHLIN FOR QUIT CLAIM DEED**

The following Petition No. 3 was presented:

To the Honorable Board of Supervisors, Winnebago County, Wisconsin.

Gentlemen:

I, Mary McLaughlin, respectfully represent that I was the owner of Lot 16, Block 3, Gruenewald, Hilton, and Budick's Subdivision, Fifteenth Ward, City of Oshkosh, and that the taxes became delinquent to the extent it made the property due for tax deed.

On August 12, 1937, a tax deed was taken on the property by Winnebago County, which, I understand, is in accordance with State Law.

I wish to redeem the taxes and have the property quit-claimed back to me by Winnebago County, and I have deposited with the County Treasurer sufficient money to pay the delinquent taxes, which made the property due for tax deed.

I respectfully petition your honorable body to instruct the proper county officials to quitclaim the property back to me.

DATED this 19th day of October, 1937.

Respectfully submitted, MARY McLAUGHLIN.

It is recommended by the Budget Committee that a paragraph in the final adoption of the budget resolution be included to read "Itemized Estimated Budgets as filed with the County Clerk, be strictly adhered to in disposition of the appropriated."

It also recommends that some thought and study be given to the possibility of adopting a County Traffic Ordinance so that violators may be brought into Court under this arrangement and the fines collected to go to the County.

It further recommends that all increases in salary and extra help asked for be read and referred to the proper committees for disposition.

It is further recommended that all requests for equipment not included in the budget, but be read before the Board and referred to proper committees for approval.

In the Budget submitted by the County Superintendent of schools the surplus indicated that \$1000.00 could be omitted in their budget, which was so presented.

The Budget Committee this year placed all "Insurance" under one title of Insurance, instead of under the various Department appropriations.

Deficits for 1937 in the Pension Department and Sunnyview Sanatorium accounts are recommended by the Budget Committee to be presented under separate resolutions.

The following Report No. 16 was read:

To the County Board of Supervisors, Winnebago County, Wisconsin.

Gentlemen:—

The report of the local Mediation Board of Winnebago County is as follows:—

During the year ending November 3rd, 1937, fifty-six foreclosure actions have been heard by the Board, and reports filed in fifty-eight actions. There have been several more foreclosure actions served on the Board, which are now pending, and upon which no action has as yet been taken.

In each foreclosure action, the committee has a meeting, to obtain all facts pertaining to said action, views the property being foreclosed and files their Findings and Recommendations with the Clerk of Court wherein such action is pending.

By the recent enactment of Chapter 5 of the Laws of the Special Session of 1937, the Home Owners' Loan Corporation has been required to comply with our State Moratorium laws, and it is now the duty of the Mediation Board to pass upon the foreclosure actions commenced by the HOLC. At the last meeting of the Mediation Board, testimony was taken on five foreclosure actions instituted by the HOLC. Mr. Eouck, local attorney for the Home Owners Loan Corporation, stated that no action is started on any of their mortgages unless they are absolutely positive that the mortgagors have wilfully refused to pay, or are absolutely unable to pay, and are letting the property deteriorate.

The expenses involved for the operation and maintenance of the Board, are as follows:—

#### PRELIMINARY COUNTY FAIR REPORT—1937

The following Report No. 21 was read:

To the Honorable, the County Board of Supervisors of Winnebago County, Wisconsin.

Gentlemen:—

Herewith follows preliminary report of 1937 Winnebago County Fair & Exposition. The final report will be the auditor's report, which will be filed in the County Clerk's office when completed later in the year.

The 1937 Winnebago County Fair & Exposition marked another triumph in the progress of Winnebago County. Many of the fairs during the past twenty years have been staged under more ideal weather conditions, and many under much worse. The hot weather, which was a thirty-year record for that particular week, cut our attendance at times, but Mr. J. B. Schneller of Neenah, who ably supervised the Midway attractions and concessions, reported enough extra income from that department to overcome the hot-weather handicap on attendance. Mr. Schneller reported \$2,017.48 as the percentage coming to the Fair from Midway shows and rides. Treasurer Carl F. Fugelberg reported \$15,475.85 in ticket sales. Among the major expenditures, \$4,549.00 was paid out for premiums in the various departments. The amounts paid out for advertising, printing judges, superintendents, maintenance, clerical help, purses for speed events, ribbons and badges, music, water, light and power, free attractions, gatemen, watchmen, police, common labor on grounds, rental of equipment, supplies, and plant and equipment, will be classified by the auditor in his report, which will as usual, be filed with you at a later date, as well as the State Department. The Fair Board feels that taking a chance on real hot weather is better than taking a chance on very cold weather, and considering the ideal weather that prevailed during fair week in 1936, we still favor the new and earlier dates, which were established in 1936.

It has always been the policy of our Fair Board to keep the buildings and grounds in excellent condition. An expenditure of over \$1500.00 was made on replacements in our grand stand structure during the past summer. Many parts of the frame work and sills, originally constructed of hemlock, were replaced with fir, which was treated with creosote. From time to time, the grand stand is inspected by expert builders, and whenever replacements are necessary,

they will be promptly made, as this structure must be kept 100% safe, in order to hold the large crowds that attend the Fair. The interior of the educational building was completely remodeled, at an expense of \$350.00, to better meet the needs of the rural and city schools of Winnebago County. Many thousands of our school children prepare competitive exhibits during the school year, and the best of these exhibits are shown in this building, along with excellent displays pertaining to health and hygiene. During the past summer, a 1400-foot water main was constructed by W. P. A. on the north side of the grounds, which gives us the much needed fire protection for the many buildings in that location, and also facilitates the furnishing of water to the live stock departments.

The industrial show exceeded by far any previous exhibit of a similar character in the history of the Fair, the merchants and manufacturers realizing more than ever before the benefits derived from exhibiting their products to the many thousands of people who come from a trade area with a radius of over 50 miles, to visit a real live Fair. The interest shown in this exhibit emphasizes that industry is eager to join hands with agriculture, to the mutual benefit of both, in making our Fair the show window of Winnebago County progress. Our Fair has helped to make Winnebago County the "Hub" of the Fox River Valley, in many lines of activity. The exhibits and attractions are of State Fair calibre. The new live stock judging and sales pavilion has already enabled the farmers of Winnebago County to market close to \$30,000.00 worth of live stock. The sales which have been held in the pavilion are giving our county a good reputation as a center of activity for the purchasing of high production dairy cattle.

While the exhibits in all departments were outstanding, the Junior Farmer and 4-H Club Dept. displays deserve special mention, along with the Educational Dept. The work that our younger exhibitors are doing cannot be commended too highly.

It is estimated that the auditor's report will show us out of the "red" by nearly \$1000.00, after deducting the extra expense on grand stand and educational building.

The County Fair Committee of the County Board of Supervisors, attended all of our Fair Board meetings and rendered much valuable assistance. Much credit is due to all individuals and organizations that have given excellent co-operation in making the Winnebago County Fair "America's Foremost County Fair." Trusting that this fine spirit of co-operation will continue in the future, I respectfully submit this preliminary report.

#### REPORT OF WPA RECREATION PROJECT

The following Report No. 24 was read:

Mr. Chairman and County Board members; in March of this year I was privileged to appear before your honorable body to ask you to assume the sponsorship of the W. P. A. County Recreational Program. You have done your part, you have appointed a committee who have co-operated with me 100%, and I wish to take this opportunity to express my thanks to them. Any suggestion which any of the board members make to us will be very greatly appreciated. We are very anxious to know where we can help any community or groups in Winnebago County, if it is to give them social activities, arts and crafts, athletics, music and we must not forget drama.

The following is a report of the money used since March:

Telephone .....	\$ 35.25	
Office Supply Co. ....	9.05	
Dunham Fulton Co. ....	164.00	
Giant Grip Co. ....	8.80	
Nolte Haveman Co. ....	.80	
Typewriter rental .....	15.00	
Craft Shop .....	60.58	\$293.48
Balance in fund .....		206.52
		<hr/>
		\$500.00

There are bills totalling \$30.00 which are still to be paid. Any one wishing to check these bills will find them in the County Clerk's office.

The following is a list of things bought from the Craft Shop.

- 39 waffle weaving frames (6 sided—various sizes.)
- 10 square waffle weaving frames.
- 20 blocks puzzles (for low organized games.)
- 6 horseshoe score boards.
- 45 waffle weaving needles.
- 10 bean bag boards.
- 50 bean bags.
- 10 jumping standards.
- 22 jump a peg, playground pins, and ring boards (for low or ganized games.)
- 10 bulletin boards.

In addition to the above, there have been articles totalling \$15.00 where there has been no charge.

All of these articles of playground equipment have been and are being used on playgrounds throughout the county including Neenah, Menasha, Omro, Winneconne, Eureka, Norheim, and Oshkosh.

It is my earnest desire to expand further into the county, and I have found during this summer that many rural communities would prefer to have a man sent out from Oshkosh. In these same communities I have been unable to get people from the local community in some cases which are satisfactory.

My problem is that many of these people are earning \$55.00 a month, and the matter of transportation would be a hardship on these people. I will welcome any suggestions that will help to solve this transportation problem.

In my report to WPA at Madison, you as sponsors have been credited with contributions amounting to \$888.35, which covers heat, light, office rental, equipment, and chair rental which you have not be called upon to provide.

Respectfully submitted,  
ELDA K. SCHOENBERGER,  
WPA County Recreation Supv.

On motion report accepted and placed on file.

### **REPORT OF SPECIAL COMMITTEE ON RESIDENTIAL TAX DEED PROPERTY**

The following Report No. 25 was read:

The Special Committee, appointed by the Chairman of the County Board, pursuant to a resolution adopted on the 22nd day of July, 1937, met at the Court House on the 10th day of September and 13th day of November, 1937.

On the 10th day of September, the Committee met with the County Treasurer and District Attorney, and discussed the problems which now arise in regard to maintenance, rental, insurance, and general care of the buildings, which have been acquired by the County by tax deed.

Your Committee finds that Wisconsin Statutes clearly outline the procedure to be followed in taking tax deeds, but after the property has been acquired, there is an absence of provisions in the statutes of authorization and direction as to how the property shall be handled by the county. There is no specific authorization for a county official, or officials, to order eviction of premises, collect rents if the buildings are occupied, place insurance, or maintain the buildings so they are habitable. The protection of the buildings coming to the County by tax deed apparently is not the responsibility of any official or officials.

On November 13th your Committee visited several of the properties acquired by the county by tax deed, and find, upon inspection, that most of the buildings are badly deteriorated. In some cases where the size of the property is large, it would seem to be to the best advantage of Winnebago County to divide the property into smaller lots in order to facilitate a sale. In some cases the property could be sold more readily if the buildings were razed and the County obtain such salvage as might exist.

In view of this situation, your Committee recommends that the County Treasurer of Winnebago County be given authority, by ordinance passed by the County Board, to rent buildings, determine and collect rentals, make necessary evictions, place necessary insurance, contract for any emergency repairs, and be otherwise empowered to act for Winnebago County, thus protecting the interests of the County in the tax deed property, and that the County Treasurer make such reports as are necessary to the County Board.

The Committee further recommends that the County ordain that a special committee be appointed by the Chairman of the County Board, to meet when requested by the County Treasurer, to decide matters which exceed his authority and which must be settled without delay, and that such committee be given the necessary powers to protect the interest of Winnebago County on all tax deed property where buildings are involved.

The Committee further recommends that the County Treasurer be allowed mileage when engaged in this work, and that the Special Committee appointed by the Chairman of the County Board, receive per diem and mileage when called for meetings by the County Treasurer.

Dated at Oshkosh, Wisconsin, this 15th day of November, A. D., 1937

Respectfully Submitted:—

JOHN J. STOMMEL,  
R. J. RASMUSSEN,  
CLARENCE FISHER.

Motion made and seconded that the report be accepted and the committee be left in tact. Motion, CARRIED.

#### ANNUAL REPORT OF THE WINNEBAGO COUNTY CHILDREN'S BOARD

The following Report No. 51 was read:

To the Honorable County Board of Supervisors, Winnebago County.

Gentlemen:

The County Children's Board herewith presents to you the annual report of the work of that board together with a statement of expenditures.

The membership of the board has not changed since 1933, and the work has not been interrupted during the year.

As in former years all work has been undertaken at the suggestion and under the supervision of the Juvenile Department of the State Board of Control and the Juvenile Court of Winnebago County. Usually both Judge Hughes of that Court and a representative of the State Department have attended our monthly meetings and advised as to our work.

This work has been a continuation of that of former years. Monthly reports are sent by the secretary to the State Board. These reports give the number of children in licensed and unlicensed foster homes in the county and note any changes that may have taken place in the status of the homes or the children, and any new names added to the lists. Card files have been kept up to date and the interests of

the individual children in foster homes have been licensed after careful investigation and consideration. In three cases we were unable to recommend licenses.

The importance of care in licensing foster homes we believe cannot be overestimated. On it depends the health and happiness of the dependent children who are to live in these homes. Even their future success, happiness and usefulness will depend greatly upon their lives therein.

The number of children in foster homes has been considerably increased in the past year and we therefore have needed several new homes; but we are glad to report that in very few instances has it been necessary to transfer a child from one foster home to another.

Nine children have been returned to their parents or other relatives for care and support.

In spite of the advance in the cost of living which has made it necessary to increase the price paid for board in foster homes the cost is still less than must be paid at the State Public School at Sparta. This is due largely to the fact that the supervision of the homes is cared for by the Probation Office, Bureau of Family Service and members of County Children's Board and there is less overhead cost.

Following is a summary of foster homes now in use under our board:

Number licensed homes .....	25
Number children in same .....	54
Number unlicensed homes .....	26
Number children over 12 years of age in same .....	38
Also in institutions are:	
Children's Country Home, Winneconne .....	21
Elizabeth Batchelder Davis Home .....	14
Bethany Children's Home .....	8
Norris Farm School .....	3
Care of Green Eay Diocese Apostolate approx. ....	45

Since the County Children's Board has been directed to act as clearing house for information in regard to the neglected, dependent, delinquent and illegitimate children of the county, records of all these children are kept in our files.

Several cases of neglect, delinquency and dependency have been assigned to the supervision of members of the board.

Children in certain families on the borderline of relief have had help from our funds as follows:

Clothing for 16 children .....	\$126.96
Dental care .....	25.00
Medical care and medicine .....	8.00
Cod Liver Oil .....	28.08

Children of unmarried mothers, as in other years, have made a large problem. Our files contain a record of all such cases reported from various agencies.

Summary of illegitimacy November 1, 1936 to October 31, 1937.	
Number of cases reported .....	51
Number of cases passed on by court .....	31
Number of cases paternity established .....	22
Number of cases dismissed .....	4
Number of cases child died .....	1
Number of cases mother married alleged father .....	5
Number of cases mother married other than alleged father .....	1

Number of cases alleged father died ..... 1  
 Number of cases child adopted ..... 1  
 Other cases are still active.

It should be further stated that in nearly every case where settlements are made the Probation Officer has been made trustee of the funds. This has proved the most satisfactory arrangement both because there are fewer lapses in the payment, and because it does away with the necessity of contact between the alleged father and the mother of the child.

Following is a financial statement:

Expenditures November 1, 1936 to December 31, 1936.

Clothing .....	\$29.15
Dinner for children in open air school .....	8.70
Board expense, phone, stamps, etc. ....	2.18

Total .....	\$40.03
-------------	---------

Expenditures January 1, 1937 to October 31, 1937.

Clothing and shoes .....	\$97.56
Medical care and medicine .....	8.00
Dental service .....	25.00
Cod liver oil .....	28.08
Dinners in open air room .....	22.95
Board expense, phone, travel, stamps, etc. ....	10.40

Total .....	\$191.99
-------------	----------

Balance on hand .....	\$308.01
-----------------------	----------

(A part of this balance has already been appropriated but the bills have not yet been received).

Expecting that with the withdrawal of other aid there may be even greater need among borderline cases in the coming year, we have asked that an appropriation of \$500.00 be made for our 1938 budget.

A large part of the work of investigating and supervising foster homes and caring for needs of the neglected, dependent, delinquent, and illegitimate children and for their mothers has been most efficiently done by our former Probation Officer, Mrs. Margaret A. Thorn and to her this board desires to express our appreciation of the work she has done and the inspiration she has been to all who have been concerned with work for the children in this county.

Respectfully submitted,

ELIZABETH KING,

Secretary, County Children's Board.

On motion accepted and placed on file.

The following Report No. 52 was read:

The following is the report of the retiring Probation Officer.

To the Honorable County Board of Supervisors, Winnebago County:

Gentlemen:

The following report covers work done from November 1, 1936 to November 1, 1937. If the work of this year were compared with that of last year a steady increase of cases cared for monthly would be seen. That increase dates from July 31, 1936 when there was a total of 79 cases, to October 31, 1937 when there was a total of 188, covering both major and minor service.

One may well ask the cause for this increase and will it continue to grow at the same rate or possibly greater. Our institutions are all over crowded and there are long waiting lists. The number of school children in our boarding homes is increasing. The state school at Sparta is asking each community to make a study of the cases it has there to see how many can be returned, either to the parents, a relative or a boarding home to relieve its crowded condition. For this and the new cases coming up we need many more good boarding homes—homes that meet the requirements as given by our juvenile state department. Why is this need constantly growing? There are, doubtless, many causes. One that is most clearly seen is the effect of the tavern. It is the underlying cause of many of our broken homes and the neglect of the children which have constantly increased since these undesirable places have been scattered throughout the country. However, there is not time to attempt an analysis of this situation here.

It is with mingled feelings of regret and satisfaction that your probation officer leaves the work that has so completely filled every hour of the day for so many years; regret that it has become necessary and satisfaction that it is taken up by one who feels the same keen interest and enthusiasm. There are many members on the county board that were there when the work was taken over by the retiring probation officer in January 1924. Others have come and gone, their places being filled by new members. When the work was taken over there was neither office nor equipment. Always you have been willing to grant those things necessary for the proper development of the work and your cooperation has been greatly appreciated. I am sure the same fine cooperation will be extended to the new worker and her faithful, efficient office helper who has been on the job for a long period of years, to the end that the juvenile work of Winnebago County may maintain a high standard and become better and better as the years go on.

Respectfully submitted,  
MARGARET A. THORN,

On motion report accepted and placed on file.

Miss King introduced the newly appointed Probation Officer Mrs. Alice Jamieson, who addressed the board.

### SHERIFF & CORONER'S COM.—EXTRA MOTORCYCLE OFFICERS

The following Report No. 53 was read:

To the County Board of Supervisors of Winnebago County, Wisconsin:

Gentlemen:—

The Sheriffs & Coroners Committee met on the 22nd day of November, 1937, and submit herewith its report:—

The Committee gave considerable attention to Resolution Number 7, which was presented on July 22nd, 1937, relating to the employment of two additional motorcycle officers, and also the recommendations of the Sheriff's and District Attorney's office for the purchase by the county of the motorcycle officers' equipment and the maintenance of the same. The Committee feels that due to the fact that the budget for 1938 is already high, that the county should not purchase the equipment or employ two additional officers. The Committee therefore recommends that Resolution Number 7, dated July 22nd, 1937, be not adopted.

The Committee further recommends that a new set-up be adopted with the motorcycle officers, and recommends that the senior ranking officer be designated Captain of the motorcycle officers, and have charge of the motorcycle officers under the supervision of the Sheriff.

The Committee further recommends that due to his increased duties and responsibilities he be paid an additional salary of \$10.00 per month, commencing as of December 1st, 1937.

A resolution will be presented to that effect. The Committee recommends that it be adopted.

The Committee further recommends that there be no increase in salaries for motorcycle officers for the coming year.

**BONDS & SALARIES COMMITTEE—INCREASE IN SALARIES**

The following Report No. 77 was read:

To the Honorable Board of Supervisors of Winnebago County:  
Gentlemen:

Your committee on Bonds and Salaries to which was referred the various requests of employees for increases in salaries, would respectfully report that they have had under consideration for several meetings these requests.

The committee, on investigation, finds that some requests come under the schedule and classification of Salaries Report accepted by the Board; in other instances the pay-cuts of 1932 have been fully restored and still others have had some increases during the past few years, while some are new employees, and further, some of the older employees still working at the 1932 reduced salary have not asked for increases.

With this situation confronting the committee, it was believed that restorations, at least partially, should be made to the older employees and adjustments made for others.

The committee finds that the salaries of the following have been restored or increased as follows:

	1932	1933	Present Salary
County Judge .....	\$6000	\$5700	\$6000
Highway Commissioner .....	3000	2700	3000
Treasurer .....	2300	2070	2800
Probation Officer .....	1500	1350	1800
Clerk to Probation Officer .....	960	864	1200
Janitor .....	1200	1080	1380
Motor Police .....	2700	2430	2700

Municipal Judge recently elected for 6 year term.

County Supt. of Schools recently elected for a 4 year term.

The following are employees hired after 1932 and the length of their employment with the county:

Deputy Register of Probate—since 1936.

County Stenographer—January 1937.

Asst. Deputy Reg. of Deeds—new office created in 1935.

Clerk in Highway Dept.—new office created in 1935.

Clerk to Nurse—new office created in 1934.

Clerk to Treasurer—new office created in 1935.

County Service Officer—new office created in 1935.

Pension Administration—5 Investigators and four stenographers new offices created in 1936.

Therefore the committee recommends that half of the pay cut of all appointive and elective offices made in 1932 be restored, as far as possible, and adjustments made as outlined, and recommend the passage of the following resolution:

**BE IT RESOLVED**, by the Winnebago County Board of Supervisors of Winnebago County, Wisconsin, that the following schedule of salaries become effective January 1, 1938, and that sufficient monies be appropriated in the budget of the Finance Committee:

Register of Probate .....	\$2280	
Clerk of Municipal Court .....	2280	2-3 paid by County
Stenographer Clerk of Mun. Court .....	1425	2-3 paid by County

Deputy Clerk of Court .....	1425
County Stenographer .....	1350
Deputy County Clerk .....	1425
County Bookkeeper .....	1500
Deputy Register of Deeds .....	1425
Asst. Deputy Reg. of Deeds .....	1080
Deputy Highway Commissioner .....	1425
Clerk in Highway Dept. ....	1320
County Nurse .....	1900
Clerk to County Nurse .....	1080
Deputy Treasurer .....	1425
Clerk to Treasurer .....	1200

BE IT FURTHER RESOLVED, by the County Board of Supervisors of Winnebago County, Wisconsin, the the following schedule of salaries become effective January 1, 1939 for elective employees, and that sufficient monies be included, by the Finance committee at that time, in the budget of the county:

Clerk of Courts .....	\$1425

### COMMITTEE ON RULES REPORT

The following Report No. 80 was read:

To the Board of Supervisors of Winnebago County, Wisconsin:  
Gentlemen:

Your Committee on Rules has had under consideration Resolution Number Eight (8) submitted by Supervisor Howard N. Howe, the subject matter of which contemplates a change in Rule XXXII of the rules of this Board.

The existing rule requires that all reports, resolutions and petitions be presented in typewritten form in triplicate, so that one copy may be immediately available to the press. Resolution Number Eight seeks to amend Rule XXXII to the end that all reports, resolutions and petitions be presented to the Board in quadruplicate typewritten form.

Rule Number XXVI provides that any resolution that contemplates a change in the present rules of this Board, must be presented in writing and the same laid over to some subsequent meeting of the Board, not less than five days (5) intervening, and then only with the concurrence of two-thirds of the members present. However, Rule Number XXVII of the Rules of this Board, provides that any of these rules may be suspended by two-thirds of the members present.

As there are only two publications customarily having representatives present at Board session, and in as much as at the present session it appears that on all reports, resolutions and petitions presented to the Board have been typewritten and in quadruplicate form as contemplated by Resolution Number Eight (8), it is the opinion of your Committee on Rules that Rule Number XXVII of the Board be invoked and the Resolution Number Eight be adopted by the Board, in as much as what is contemplated by the resolution is now being practiced by the Board.

Your Committee, therefore, recommends the adoption of the resolution.

Respectfully submitted by  
Committee on Rules,  
ROBERT M. HECKNER.

Dated November 29th, 1937.

Question No. Ten (10) Did the Committee attempt to ascertain the reason for the presence of two officials of the State Pension Department during the past week and were either or both questioned by the Committee?

Question No. Eleven (11) Can the Committee explain why the District Attorney asked the author of the communication to this Board if he had visited Board members whom he mentioned by name, and why the District Attorney desired to know this?

Question No. Twelve (12) Has the Committee formed any opinion as to the propriety of continuing the Out Door Relief agency

of Winnebago County under the jurisdiction of the Pension Department? Does the Committee feel that a separation of the two agencies is desirable from the standpoint of efficiency or otherwise to Winnebago County?

Question Thirteen (13) Does the Committee feel that the performance of the task allotted to it by this Board, can properly be achieved without hearing from witnesses to both sides of the controversy and submitting the testimony of such witnesses and such documentary proof as is available to this Board?

## INVESTIGATING COMMITTEE REPORT ON PENSION CHARGES

The following Report No. 79 was read:

To the Honorable Board of Supervisors of Winnebago County, Wisconsin:—

Gentlemen:—

Your Special Committee, appointed for the purpose of investigating the charges brought by Mr. Rex Dunham against the Pension Department, begs leave to report as follows:—

Members of the Board will recall that the Special Committee was appointed for the purpose of going through the files in the Pension Department and in the County Clerk's office for the purpose of ascertaining the regularity of documents to be used by Mr. Howman as a basis for answering the charges of Mr. Dunham, above referred to.

Your Committee informs the Board that due to the indefiniteness of many of the charges, and to the general character of the investigation, we deemed it advisable to invite Mr. Dunham to attend with us when we met with Mr. Howman.

Although the Board expected Mr. Howman to answer the charges before the entire Board, we felt, after conducting an investigation and hearing the statements of both Mr. Dunham and Mr. Howman, made before this Committee, the District Attorney, and Mr. Sampson, of the State Pension Department, that the Board would be better informed as to the exact nature of the charges brought if we made this report, in which we will set out the observations of Mr. Dunham, so far as they are pertinent to each of these charges.

### First

With relation to the first charge set out in Mr. Dunham's most recent letter to the Board, your Committee finds, from its investigation, that the voucher of Mr. Howman in this connection, the original of which the Committee examined, dates from October 12th to November 30, 1935. It sets out 1,011 miles traveled in investigation of Outdoor Relief cases and care of poor in all parts of the County from October 12th to November 12th, and Outdoor Relief work, removal of families from the county, and old age pension work, 183 miles, from November 12th to November 30th—a total of 1,194 miles.

It appeared, from the statements of both Mr. Howman and Mr. Dunham, that the staff of the Pension Department, including Mr. Dunham, were first employed on and after October 28th, 1935. Prior to that date, Mr. Howman had carried the burden of work in the Department alone.

Mr. Dunham's mileage report, from November 1st to December 1st, 1935, indicates that he traveled 750 miles in thirty days. Mr. Howman's voucher, from October 12th to November 30th, 1935, reveals that he traveled 1,194 miles in 49 days, or 444 miles more in nineteen more days than Mr. Dunham's report reveals covering substantially the same period. Although Mr. Dunham questioned Mr. Howman's mileage, he admitted that he was not in the employ of the Department from October 12th to October 28th, a substantial portion of the time covered in Mr. Howman's voucher, and that he had no knowledge of how much Mr. Howman traveled prior to October 28th.

Mr. Dunham called attention to the fact that Mr. Howman kept no record of the calls he made during the period referred to. Upon investigation, it appeared to the Committee that the matter of requiring the staff of the Pension Department to keep a record of

calls was an administrative practice set up in the department by Mr. Howman, in order to enable the Administrator to have some kind of a check on the work being accomplished by members of said staff; that said practice has been carried on ever since the staff was set up in October, 1935. That Mr. Howman, as Administrator of the Department, was not amenable to that rule, because it was established by him, for his own benefit, in supervising the work of his department. That after November 30th, 1935, Mr. Howman has never submitted any bill for traveling expenses, as most of the traveling seems now to be done by members of the staff rather, than the Administrator.

#### Second

Relative to the second charge, Mr. Howman states that the duty of charging back relief furnished to non-residents is not within the field of his operation, nor his responsibility.

#### Third

With regard to the third charge, the Committee examined the individual daily mileage work sheets of each member of the Pension Department, in the presence of Mr. Dunham. The reports were model reports in every way, so far as we could judge, and after examining them, Mr. Dunham had no comment to make.

#### Fourth

With regard to the Thede case, the Committee found that a budget had been set up, in compliance with the practice of the State Department in this character case. It appeared that Mrs. Thede owed some money to the Building & Loan Association, and under her budget, the amount of this loan, and the amount of the taxes on her home, had to be paid in order that this woman could remain in her home. Mr. Dunham's objection was to the sum of money which was paid to the Oshkosh Building & Loan Association.

Mr. Sampson, of the State Pension Department, examined the budget set up in the case of Mrs. Thede, and stated that under the State regulations, the budget adopted by Mr. Howman was the only kind permissible, and that had Mr. Howman not made provision for paying these sums to the Building & Loan Association, he would have been subject to discipline on the part of the State Department.

We feel obliged to add that Mr. Dunham's statement that Mrs. Thede receives only five cents per month is purely hearsay, and that to have checked into the relief received in individual cases would have been impracticable on the part of your Committee.

#### Fifth

With regard to the Kunde case, the gist of the charge is that Mr. Kunde's brother, who brought him into the State, should have been prosecuted, and that Mr. Kunde should have been returned to his legal residence in some other state.

We were informed by Mr. Howman that the law of the State of Iowa, from which Mr. Kunde came, provides that a legal settlement is lost thirty days after an individual leaves that state, and that Mr. Kunde could not have been returned to Iowa. In order to prove the offense under Section 49.06 of our Statutes of bringing a person into the State with the intention of making him a relief charge, the very difficult burden of proving the requisite criminal intent is cast upon the county. Mr. Howman stated that experience with former cases has proved to him the inadvisability of bringing such an action.

He also informed us that the penalty imposed on the defendant, if such a prosecution were successful, was only a nominal fine, which

is paid to the State, and that therefore nothing would be gained by the county, if successful, but the expense and trouble of litigation would have been incurred.

#### Sixth

With regard to the reference to Miss Meter, the Committee feels that there has been a personal difference between Mr. Dunham and her. We feel that as regards Mr. Howman, the charge is negligible, and does not warrant any further report on our part.

#### Seventh

Mr. Dunham charges that Mr. Howman stated, in the presence of the Social Security Committee, that he wished no further information to leave the Pension Department. It appears that during the meeting of the committee referred to, words were said to the following effect:—"There is nothing more to be said about it. The whole matter is forgotten." Mr. Dunham stated that this was said by Mr. Howman. Mr. Howman stated that the remarks were made by the Chairman of the committee, as well as he can remember, but, regardless of whoever said it, it was the feeling of the committee at that time. It appeared from the discussion before the committee, that the said information related to friction in the department between Mr. Dunham and Mr. Howman, caused, according to the statement of Mr. Howman, by Mr. Dunham's inefficiency and inability to carry out his duties in the department.

Mr. Howman stated that during the meeting above referred to, Mr. Dunham was informed that he was on probation. Mr. Dunham denies that this was said, but admits that he was so informed by the Chairman of the committee. There seems to have been some dispute between Mr. Howman and Mr. Dunham on this particular point.

#### Eighth

With regard to the voucher in the sum of \$110.00 submitted by Dr. Ozanne, in the case of Mrs. Fred Reehl, which was reduced by one-half upon recommendation of the Medical Board, but eventually paid in full, the Committee learned the following:—Mrs. Reehl was an emergency medical care from the Town of Clayton, and was rushed to the hospital before any affidavit, requesting relief, could have been made out. It appeared that this bill was reduced by the Medical Committee, and the amount of the reduction placed on the bottom of the voucher. The original amount written at the top of the voucher was not changed, and the full amount of the bill was paid because of clerical error on the part of both the Pension Department and the County Clerk's office.

We are informed by Mr. Howman that Dr. Ozanne would probably be willing to credit the county with the amount of one-half of this bill.

We feel that the responsibility of obtaining said credit is Mr. Howman's, and that he should have attended to this matter before this.

#### Ninth

In the case of the check, in the amount of \$11.00, which was sent to one Theabo, a recipient of relief, and which should have been sent to Mrs. Buck of Omro, his landlady, Mr. Howman acknowledges that an error was made on the part of his department, but stated definitely that the responsibility for okaying the voucher in this case was upon Mr. Dunham. Mr. Dunham denies this to be the fact.

There is a dispute between the two men, but your Committee feels that this was principally the error of Mrs. Buck, who made out

the voucher to show—"Winnebago County, debtor, and Theabo, creditor", rather than Mrs. Buck, herself, creditor. Mr. Howman states that Theabo was given no further relief.

In the next paragraph, Mr. Dunham states that an exhaustive examination would reveal many errors. Your Committee feels that such an investigation would require considerable time, and further feels that regardless of who is at fault in the case of these minor errors they reveal no intentional wrong-doing, and it would seem that such an investigation would hardly be advisable or within the jurisdiction of this Committee.

#### Tenth

Mr. Dunham states that he saved the County \$28,000.00 over the saving of Mr. Howman, with a comparable number of cases the previous year. The Committee did not feel that it cared to go into this. However, Mr. Howman called the attention of the Committee to the fact that after Mr. Dunham was employed by the department, WPA projects were commenced, and they absorbed many of the cases which had been direct relief charges under Mr. Howman the year preceding.

#### Eleventh

In the case of William Luedke, Mr. Howman brought out his file, which showed that the former had made application for relief on September 19th, 1935; that he was turned over to the Transient Department and railroad tickets were secured to return him to Newberry, Michigan; that Luedke refused to go back, and that he was referred for investigation to the Probation Department. That some time thereafter, Luedke obtained a job and now has a legal settlement in this county. Mr. Dunham stated that he doubted if the Probation Department ever granted any relief.

In the case of Charles Kropidowski, Mr. Howman brought out the file, and showed the committee a letter from the Milwaukee County Relief Headquarters, in which that county acknowledged that Kropidowski had a legal settlement in Milwaukee County, and urged that he be sent back to Milwaukee County. Mr. Howman then made arrangements to return this party to Milwaukee, but the relief claimant refused to go back. According to Mr. Howman, at least once thereafter an attempt was made to return this man to Milwaukee, but he stated that he had secured employment. The records further show that over a period of time Kropidowski had employment, and during periods when he was not working, he and his wife received relief. Mr. Dunham stated that at some time in the past two years there was a considerable period during which Mr. Kropidowski was in want. The committee had no means at its disposal to make further investigation on that point, but it abundantly appears, from Mr. Howman's original records, that Kropidowski received relief in several instances.

Your Committee feels, after hearing the discussion between Mr. Howman and Mr. Dunham, and after examining the original files of Mr. Howman, that there is nothing which warrants any further investigation of the Pension Department.

Respectfully submitted:—

#### REPORT COMMITTEE ON TAX DEED PROPERTY

The following Report No. 91 was read:

To the Honorable Board of Supervisors, Winnebago County, Wisconsin:

Gentlemen:—

Your Committee on Tax Deed property respectfully report they held a meeting on November 26, 1937, and discussed, in detail, the ordinance pertaining to tax deed property, which was referred back to this committee by the County Board under date of November 24, 1937.

We have attempted to incorporate into a substitute ordinance some of the suggestions and recommendations made by various members of the Board, and herewith submit, for your approval, another ordinance with several changes and some additions.

We feel the adoption of any ordinance pertaining to disposition of tax deed property is going to entail considerable extra work and

expense, especially in the office of the County Treasurer, and we recommend the County Board pass a resolution authorizing the use of sufficient money from the tax deed fund to cover the cost of the additional work and expense. A separate resolution accompanies this report.

Dated this 30th day of November, A. D., 1937.

Respectfully submitted,  
JOHN J. STOMMEL,

To the Honorable Board of Supervisors, Winnebago County, Wisconsin:

Your special committee on Social Security begs me to report as follows: The committee met at the Court House on the 6th and 14th of May to adjust several matters for the general welfare of the department. On August 15th the Winnebago County Medical Association submitted a new schedule of fees which was to apply to the general public throughout Winnebago County. Your committee was not entirely satisfied with this new proposal and felt that it might be advantageous to Winnebago County to make other arrangements. We, therefore, met with representatives of the Medical Association on October 1st and 20th, and the Medical Association showed their usual willingness to cooperate by proposing to continue their 50% discounts on all medical bills submitted to Winnebago County based on the new schedule of fees. On November 2nd and 3rd we met again to consider the amounts which might be necessary for the operation of the Pension Department during the coming year and set up the budget requirements as submitted for 1938.

**BONDS & SALARIES MUNICIPAL COURT BAILIFF SALARY**

The following Report No. 104 was read:

To the County Board of Supervisors of Winnebago County, Wisconsin:—

Gentlemen:—

The Bonds & Salary Committee met on the 1st day of December, 1937, to consider the salary and fees of the Bailiff of the Municipal Court.

The Committee finds that the fees from May, 1935, to April, 1936, total \$641.00, and from May, 1936, to April, 1937, \$931.85. His total income of fees and salary from May, 1935, to April, 1936, was \$1,265.00—his total income from May, 1936, to April, 1937, was \$1,555.85, or a total of \$2,820.85 for the two year period, which is an average of \$27.12 per week. His mileage covered to earn this amount averages 9,000 miles per year, and the car expense incidental thereto is estimated at \$400.00 per year.

The Committee also was advised that the last year's fees was exceptionally high, due to the fact that the Circuit Judge was not sitting, and a number of civil cases were transferred from the Circuit Court to the Municipal Court.

The Committee recommends a salary increase from \$2.00 to \$2.50 per day, and recommends the adoption of the following resolution:—

**BE IT RESOLVED** by the Board of Supervisors of Winnebago County, that the salary of the Bailiff of the Municipal Court, beginning January 1st, 1938, be increased from \$2.00 to \$2.50 per day.

**BONDS & SALARIES MUNICIPAL COURT CLERK FEES**

The following Report No. 105 was read:

To the County Board of Supervisors of Winnebago County, Wisconsin:—

Gentlemen:—

The Bonds & Salary Committee met on the 1st day of December, 1937, to consider the salary and fees of the Clerk of the Municipal Court.

The Committee finds that the fees for 1935 were \$106.71; for the year 1936, \$377.91; for the year 1937, \$440.59.

The Committee further finds that in April, 1935, the Municipal Court Act was adopted, whereby the salary was set at \$2,400.00, plus fees, and the County, since the enactment of said Statute, has paid to the Clerk of the Municipal Court a yearly salary of \$2,160.00, instead of \$2,400.00, as set by the Legislature, so that the Clerk of the Municipal Court has a claim-over for the difference between \$2,160.00 and \$2,400.00, which he has agreed to waive.

The Committee further finds that for the year 1937 the fees were greatly increased, due to the fact that the Circuit Court was not sitting, and a number of cases were transferred to the Municipal Court.

Under normal conditions, the average fee totals \$13.36 per month.

The Committee recommends that there be no change in the present set-up.

That one Anna Poeschl (Eoeschl), on the 16th day of February, 1932, made, executed, acknowledged and delivered to Wenzel Binder and Aloisia Binder, his wife, her promissory note dated on that day for the sum of \$1050.00 and, at the same time, made, executed, acknowledged and delivered a real estate mortgage to them securing the same, covering the premises described as follows, to-wit:

Lot Two (2) of Block (2) H. C. GUSTAVUS SUBDIVISION, Thirteenth Ward, City of Oshkosh, Wisconsin;

which mortgage was duly recorded in the office of the register of deeds of Winnebago County, Wisconsin, on the 17th day of February, 1932, at 9:27 A. M. in Volume 432 of Mortgages on Page 449;

That the said Anna Poeschl (Boeschl), at the time of giving a deed to Winnebago County, Wisconsin, being of lawful age to receive a pension and, having heretofore received a substantial amount as pension, on the 22nd day of September, 1936, made, executed, acknowledged and delivered to Winnebago County, Wisconsin, a deed of the premises above described, in order to secure said Winnebago County, Wisconsin, for any advances made as an old age pension to the said Anna Poeschl (Boeschl); and that the amounts received by her up to the time of her death, amounted to the following:

April 1932 to December 1936 .....	\$450.00
Year 1936 .....	145.00
Year 1937 to time of death .....	150.00

Total .....

	\$745.00
--	----------

Your petitioner further represents that the said Anna Poeschl (Boeschl) died during the latter part of the year 1937, leaving as her sole and only estate, the premises above described, subject to the above mentioned mortgage and subject to deed to Winnebago County,

Wisconsin; that she left her surviving three daughters above twenty one years of age; that the three daughters have heretofore quit-claimed to your petitioner, all of their right, title and interest in said premises as heirs at law of Anna Poeschl (Eoeschl), deceased;

Your petitioner further represents that, in order to protect and secure his interest in said property by virtue of the above mentioned note and mortgage, he will be compelled to bring foreclosure proceedings against any and all parties who may be interested therein or who have a claim or lien thereon, subsequent to the date of the recording of said note and mortgage;

That the real estate herein is assessed at approximately Twelve Hundred (\$1200.00) Dollars, therefore being an inadequate security for the amount of said note and mortgage, interest unpaid taxes and the lien of Winnebago County, Wisconsin, by virtue of pension moneys received;

That your petitioner asks your honorable body to offer him a monial compromise settlement of its claim for pension moneys advanced and that, if such offer is accepted by your petitioner, that the proper officers be instructed to convey the interest of Winnebago County, Wisconsin, to him, upon the payment by him of such sum as may be determined by your honorable body as a full and final settlement of its claim for pension advanced.

Respectfully submitted

The following Resolution No. 8 was presented:

**RESOLVED** by the County Board of Winnebago County, Wisconsin:—

**WHEREAS**, the county has provided in the new Court House a room designated as a County Library, which room is admirably fitted as a work room and consultation room, but is inadequate as to size for the assembling of a library of sufficient size to be workable and of value to the county, and

**WHEREAS**, there is immediately adjacent to said room an unassigned room, approximately fifty feet in length and 36 feet in width, which, by the opening of a door through the connecting partition could be connected with said library, and furnish a convenient stack room for books, and

**WHEREAS**, the Oshkosh Law Library now stored in the basement of the Hooper Building, and owned by private stockholders, contains all of the State Supreme Court Reports of the 48 states, except Delaware, down to 1926, and from 1926 to date, a continuation of said State Reports in the form of seven State Reporters, the United States Court Reports, the Federal Reporter, Federal Supplement, English Reprint, American Digest System, Words and Phrases Complete, Corpus Juris, and many other volumes, aggregating more than 11,000, and

**WHEREAS**, the capital stock outstanding in said Oshkosh Law Library is \$17,750.00, and

**WHEREAS**, the books contained in said library cost \$28,818.35, and

**WHEREAS**, there are located in the old Court House 1153 bound volumes of Case and Briefs, as well as about 100 volumes unbound, and

**WHEREAS**, each of the Judges of the county, including Municipal, County, and Circuit Judges, has a library which should be made available for use, and

**WHEREAS**, all except four counties of the state maintain a public county library in their respective Court Houses, and

**WHEREAS**, it seems highly desirable that said Oshkosh Law Library be acquired as equipment for the new county library in the new Court House Building, which county library, when completed, will be for the use of the entire public, and available for all of the courts and individuals, and

**WHEREAS**, unless said offer is taken advantage of, said library will be disposed of to outsiders,

**ASSISTANT TO TREASURER—TAX DEED PROPERTY**

The following Report No. 5 was read:

**TO THE HONORABLE BOARD OF SUPERVISORS, WINNEBAGO COUNTY, WISCONSIN:**

Gentlemen:

Your Illegal Assessments and Tax Deed Committees beg leave to report that on February 4, 1938, they held a joint meeting, pursuant to call of the Chairman of the County Board and County Treasurer. The subject matter at hand was that pertaining to difficulties encountered by the County Clerk and County Treasurer.

It was brought out, in this discussion, that many tax deeds had been taken on occupied and encumbered property in an illegal man-

ner, due to improper notification or the omission of same, which was due primarily to inability to discover all persons interested in a property through a casual search of the records.

It was emphasized, particularly by the Treasurer and Clerk, that a complete abstract search of the records would be necessary in order to avoid the possibility of mistakes happening on any search that might be made. The heavy load of tax deed property, as now carried by Winnebago County, and property which would soon become due for tax deed, made it impossible for the County Clerk to make a complete detailed search in each specific case.

Further detailed discussion brought to light many instances where additional help would react to the benefit of Winnebago County, and made it appear desirable that such help be furnished.

The County Treasurer made the following recommendations showing where the services of another employee could be used to advantage.

1. It would be the duty of such an employee to make complete detailed abstract searches of county records for all interested parties in each instance where property became due for tax deed.
2. He could help with the appraisal of property determining particularly what special improvements existed or what special improvement taxes remained unpaid and subject to further assessment on all tax deed property and property which might become due for tax deed. This could be done only by careful check of the official records of the municipality wherein the property is located.
3. Place "For Sale" signs on all tax deed property. Assist in promoting the sale of tax deed property, so that the same might be replaced on the tax roll and subject to taxation, and assist in keeping the records of such properties that might be sold on land contract.
4. Complete a set of plats or maps designating definitely where tax deed properties are located, so that interested buyers would have no difficulty in locating them.
5. Familiarize himself with the present WPA project in effect, so that when the present WPA crew have completed their work it can be picked up, carefully checked, and kept up-to-date, making such changes in descriptions as might be necessary and also keeping a record of any changes in ownership.
6. He shall work under the direction of the County Treasurer and shall do any other work not outlined above, as the County Treasurer shall direct.

Following further discussions relative to these matters, it was moved by Mr. Fisher, seconded by Mr. Kornder, that the joint committee recommend to the County Board that the suggestions made by the County Treasurer be recommended to the County Board for passage at the March, 1938, session, and that they further recommend the passage of the following resolution:

WHEREAS, Resolution No. 77, as passed by Winnebago County Board at the November, 1937, Session, will prove inadequate to cover the program as outlined in the accompanying report, now, therefore,  
BE IT RESOLVED that Resolution No. 77 be and it hereby is rescinded, and

BE IT FURTHER RESOLVED that the County Treasurer be and he hereby is empowered to hire his assistant at a salary not to exceed \$100.00 per month plus 5c a mile.

BE IT FURTHER RESOLVED that there be and there hereby is set up an amount of \$1200.00 in the tax deed fund for the purpose of carrying out the provisions of the General Ordinance of Winnebago County pertaining to tax deed property and provisions of this resolution, and the proper county officials are hereby authorized and directed to pay the salary of an Assistant to the County Treasurer in the same manner as other salaries are paid.

The petition of Wm. Campbell respectfully represents:

That he is the duly appointed, qualified and acting administrator with will annexed of the estate of Gottfried Ulrich, deceased, late of the City of Neenah, Winnebago County, Wisconsin.

The West Three hundred fifty-seven (357) feet of that part of the North West  $\frac{1}{4}$  of the South East  $\frac{1}{4}$  of Section Twenty-nine (29) Township Twenty (20) North of Range Seventeen (17) East, lying North of Highway known as U. S. Highway No. 41, excepting and reserving therefrom the North Seven hundred thirty-three (733) feet thereof, in Town of Neenah, Winnebago County, State of Wisconsin.

That said property was sold at tax sale in the year 1937 to Winnebago County who appears to be the record owner of the same due to the failure to pay taxes for the years 1932 to 1937 inclusive in the amount approximately \$51.74 including interest and charges.

The said proceedings wherein Winnebago County acquired title to said real estate were defective and invalid in that no notice was given the petitioner herein at the time of sale and according to peti-

tioner's information notice was given to one Louise Ulrich was not and is not at this time the owner of said real estate; that said petitioner as administrator is ready and willing to pay the amount of said delinquent taxes, interest and charges against said real estate.

WHEREFORE by reason of said defective proceedings petitioner prays that said sale to Winnebago County be set aside and that he as representative of said estate, upon payment of the sums now due for taxes, interest and charges be permitted to redeem the same for and on behalf of said estate.

## TRAFFIC HAZARDS—HIGHWAY COMMITTEE

The following Report No. 13 was read:

TO THE COUNTY BOARD OF WINNEBAGO COUNTY.

Gentlemen:—

At the annual 1937 Session, Resolution No. 55 was adopted, requesting the County Highway Department to make an investigation of traffic hazards existing in Winnebago County. The State Highway Commission of Wisconsin co-operated with the County Highway Committee and Commissioner, and also made recommendations, which are incorporated herein.

The intersections investigated, and the reports on the same, are included herewith:—

1). STH 116—C. M. St. P. & P. R. R. Crossing. Village of Omro. The fact that the highway crosses the railroad in a out section makes it practically impossible for the driver of an approaching car to see an oncoming train. Nor can the driver, having arrived at the crossing, see up or down the railroad tracks for any distance without (a) stopping his car almost on the tracks, or (b) without getting out of his car to look. Neither of these conditions is desirable from the viewpoint of highway safety. One invites rear end collisions with the possibility of beng bumped into the path of an oncoming train, while the other duly exposes the driver to personal injury or worse while getting out of or into his car, etc.

The Committee recommends that wig-wags or flashers be installed at the intersection.

2). On the intersection of the 20th Street Road and the Soo Line Track, in the Town of Algoma, City of Oshkosh, the Committee recommends the installation of wig-wags or flashers.

3). USH 41—USH 45 junction, immediately south of Oshkosh. We believe that traffic is getting thru this intersection with reasonable facility at this time. The flasher type stop sign for southbound traffic on USH 41 is doing an effective job at present, according to the county traffic officers. Most of the difficulty at this intersection probably comes from the fact that many drivers southbound on USH 41 do not know just where to stop, and when to enter the intersection. We can indicate where to stop, when spring comes, with suitable lane and bar markings.

Unfortunately, we have no means of indicating when to enter the intersection except by traffic signals, and we are of the opinion that in this particular case, the installation of traffic signals would introduce troubles of greater magnitude than the one that they were supposed to eliminate. Thus, one of the traffic lights would necessarily have to be placed south of the C. & N. W. Ry. crossing, to prevent the accumulation of northbound traffic across the railroad tracks. The distance from this signal to the ones for southbound traffic would be considerable, making it necessary for an unusually long amber interval for the clearing of the intersection. Since a long amber always invites trying to beat the lights, trouble would doubtless arise from these drivers traversing the greater part of the intersection with the green light showing to opposing lanes of traffic. This would be bad enough in a slow speed intersection, and a little short of disastrous with high speeds. Any signalization at this intersection would have to be synchronized of course, with the railroad crossing signals.

4). At the intersection of Highway 114, with the Manitowoc Road, in the Town of Menasha, the State Highway Commission suggests that a small "114" sign be erected on the right-hand side of

Highway 114, south of the intersection of the Manitowoc Road.

5). STH 125—Soo Line Crossing on north county line (towns of Menasha and Grand Chute.) The fact that this unprotected crossing lies some 390 feet or so west of the C. & N. W. Ry. Crossing which is protected by two wig-wags, introduces certain complications that would not exist were both crossings unprotected or separated by a greater distance. Westbound traffic on STH 125, approaching the tracks, might easily get the impression that the wig-wags apply to both crossings, and, seeing that the wig-wags were not in motion (on the C. & N. W. Ry. tracks) might proceed westward with unwarranted assurance that nothing was coming on the Soo Line tracks. There are times, too, when a train on the C. & N. W. is closely followed by one on the Soo Line. The absence of protective devices on the Soo Line crossing might be a contributing factor in accidents in such cases. While it will probably be some time yet before a C. & N. W. Ry. train will cause eastbound traffic on STH 125 to back up to and across the Soo Line tracks, nevertheless the possibility does exist, and the presence of adequate protective devices should enable a driver to get his car clear of the Soo Line crossing were a train to come along. The Committee recommends that wig-wags or flashers be installed at this crossing.

#### TAX LISTING PROPERTY

The following Report No. 14 was read:

To The Honorable Board of Supervisors of Winnebago County:—  
Gentlemen:—

Your committee on the selection and purchase of permanent tax-listing equipment, beg leave to report as follows:—

Pursuant to Resolution Number Five, dated June 29th, 1937, at an adjourned session of the May 1937 session of the County Board, this Committee was appointed for the purpose of inspecting the kinds of machinery and equipment used in tax work, and the Committee was further authorized to purchase such equipment for a sum not to exceed the appropriation therefor of \$5,000.00, conditioned upon the approval by the WPA of the Federal Project, which is to use the machinery.

Your Committee ascertained that there are only two concerns making the type of equipment used for tax purposes, the Addressograph Company, of Cleveland, Ohio, and the Elliott Company, of Cambridge, Mass. Both are responsible concerns, and each has developed a very useful machine for the intended purpose.

The committee was promptly contacted by representatives of both companies, and during the course of the summer of 1937 made

two long trips for the purpose of inspecting each type of equipment in actual operation on tax work. The trips were made with Mr. Aldo Jenks, Supervisor of Assessments at Fond du Lac, and Mr. Earl E. Fuller, the County Treasurer, suggestions and advice from each of whom proved very valuable. The mechanical equipment manufactured by the Addressograph Company, and best suited for tax work, consists of a motor operated ribbon print addressograph machine, a dial graphotype for embossing the plates, and 40,000 each of metal frames, name and address plates, property description plates, and, in addition, a considerable number of fixtures and devices to facilitate in the operation of the machine.

The offer of the Addressograph Company also included additional graphotypes to facilitate speedily getting the project under way.

The final bid of the Addressograph Company on the total cost of equipment, delivery, and installation, was \$3,892.50. The Addressograph people also offered the county \$75.00 in trade on its obsolete addressograph equipment and used plates.

The Elliott machinery necessary consists of an electric double head machine, 40,000 nine-line capacity fiber stencils, and several other devices necessary to give full and complete efficiency for the machine on our type of work. The Elliott Company bid was in the sum of \$2,290.00, and its representatives offered the county \$50.00 in trade for the old Addressograph equipment. The Elliott Company bid, however, does not include any typewriters which are required to make the stencils, nor does it include the freight charges for the machinery from Cambridge, Mass., to Oshkosh.

Your Committee made a careful study of both kinds of equipment and interviewed persons responsible for the operation of each, in order to obtain as full an understanding as possible of the operation and adaptability of each for the uses to which the county might put them.

The committee is of the opinion that the Addressograph equipment offers the county more value over a period of years than the Elliott, for the following reasons:—

(1) The Committee was impressed by the superior printing work of the Addressograph metal plate. It is clear and much more legible than the work done by the fiber stencil.

(2) We realized that during the next two or three years many errors would be made in property descriptions, and that replacements would be necessary to take care of plates or stencils upon which errors in description of property had been made. The closest estimate of the number of changes in ownership which would require a new plate or a new stencil, was about 3,000 per year. That with Addressograph metal plates an error can be simply re-embossed and the plate used again, even after as high as three or four re-embosures, whereas the Elliott stencil must be destroyed except in the case of a very slight error, so for several years very few Addressograph plates need be purchased and when it becomes necessary to purchase them, they can be secured at a cost of \$3.00 per thousand plates. The Elliott stencil, on the other hand, would have to be replaced as fast as errors are made, at a cost of \$12.50 per thousand. The Committee feels that over a period of years the cost of replacement of Elliott stencils would greatly exceed the cost of Addressograph replacements.

(3) Any type of tax machinery is subject to breakdown, and the need of repair at intervals. The Addressograph Company maintains an office in the Oshkosh National Bank Building, and has two men in

the City of Oshkosh trained and equipped to service machinery installed by them. The Elliott Company, on the other hand, maintains a service man in Milwaukee who will come on call to service Elliott machinery and who will charge mileage at five cents a mile and one dollar an hour while actually doing repair work. We feel that servicing the machinery is an extremely important item, and that the Addressograph Company is much better situated for accomplishing this purpose than the Elliott.

(4) Regardless of the type of machinery the county selected, the County Treasurer will have to make duplicate tax bills. He has found that if he uses the correct kind of carbon paper he can make duplicate bills in one simple operation on the Addressograph machine. To accomplish the same result on the Elliott would require making three identical copies, entailing three separate printings, and hence three or more separate operations, so that, for the purpose of tax-bill work, the Addressograph is superior to the Elliott, in your Committee's opinion.

(5) In making out the Tax Roll, all real estate is required to be listed; in making out delinquent rolls, only delinquent properties are to be listed; in making up the tax bills another group of properties have to be listed. It is essential, therefore, in any tax machinery, that a means be provided for segregating various characters of property before the printing. Through the use of the Pivotab, an Addressograph feature, the operator of the machinery, by moving a small metal tab at the top of each frame, can prevent any given plate, with its property description, from printing. In our opinion, the Elliott equipment could offer the county nothing to compare with the Addressograph on this particular feature.

From the point of view of the Treasurer and those responsible for the operation of this machine, the Pivotab feature is of tremendous importance in all tax-listing work, and hence this feature of the Addressograph was given great weight by the committee.

(6) Both the Addressograph metal frames and Elliott Fiber stencils are kept in metal trays, and are in the nature of files. Frequent references has to be made to the frames or stencils, as the case may be, and the metal frame has the name and address section printed on yellow paper at the top of each frame. This name and address card is a very great advantage to the operator in going through the tray for the purpose of finding the plate with a given property description on it.

(7) The Elliott stencil is cut with a typewriter, and the Elliott Company recommends the L. C. Smith typewriter, which uses a special platten for stencil-cutting purposes. These typewriters would probably cost the county about \$125.00, which is a great deal less than the dial graphotype made by the Addressograph Company. However, as far as we can learn, the graphotype will last for an almost indefinite period, with reasonable care, whereas any make of typewriter is subject to frequent repair and eventual replacement at intervals. Over a period of fifteen or twenty years we feel that the stencil-cutting typewriters would cost the county as much as the dial graphotype used for embossing the Addressograph metal plate.

(8) The cities of Neenah and Menasha are at present using Addressograph equipment for their own municipal tax work, and they are carrying 15,000 of property descriptions on their tax rolls. Eventually those municipalities may desire to turn over their plates to Winnebago County so that the entire county tax roll would be printed on the county-owned Addressograph equipment probably at the

County Court House. These 15,000 Addressograph metal plates could be used in such a case, whereas, if the county purchased Elliott equipment, the tax-listing could not be handled in its entirety by the county, unless those 15,000 plates were junked and an equal number of Elliott stencils purchased.

In concluding, your Committee feels that the fact that there are many more counties using Addressograph equipment than Elliott equipment, in view of the additional fact that both companies have been in business a great many years, is entitled to considerable weight. We also might add that although there is a considerable difference in the total amounts of the bids, nevertheless the committee made a thorough study of the work that each type of equipment was capable of doing, and we are perfectly satisfied that the greater value to the county does accrue from the purchase of the Addressograph Company equipment.
