

6-17-13

Dear Sir's

ICE
SNOW

I want to submit a claim to
Winnibago County Highway Department. It
is for a culvert damaged by there
Gradall Operator when doing ditch clean
out work for the Town Of Wolf River.
The address is 8808 River Trail Fremont WI.

The work was done around the end
of March 2013, (3-24-13)

The culvert was hooked by Gradall
which tore one end open real bad.

It also pulled half the culvert up
about 6 inches and bent it. Spring
water run off got under culvert and
washed out half the gravel around it.

Culvert has to be replaced.

Phone 920-570-3746 Thank You

Naparella Culvert
Estimate

- River Trail Drive
- Dig out + replace damaged culvert
 - Replace with new steel culvert + endwalls
 - Cover + grade with limestone gravel

1- 24' x 24" Dia culvert + endwalls
Culvert + fittings = 900.00

1- 20 ton load limestone = 20 x 11.50 ton = 230.00

4 hr. Labor + Equipment = 4 x 125.00 = 500.00

Thank you T.M.
