Describe The Essential Services For Present And Future Uses:

NA

Describe Why The Proposed Use Would Be The Highest And Best Use For The Property:

NA

Describe The Proposed Use(s) Compatibility With Surrounding Land Uses:

NA

SECTION REFERENCE AND BASIS OF DECISION

23.7-5 Basis of decision

(b) **Zoning map amendment initiated by a property owner.** If a proposed zoning map amendment is initiated by a property owner and would change the zoning classification of a parcel not classified as A-1, the Planning and Zoning Committee in making its recommendation and the Board of County Supervisors in making its decision shall consider the following factors:

(1) whether the amendment is consistent with the county's comprehensive plan, including any future land use maps or similar maps;

(2) the extent to which the lot and structures on the subject property conform to the dimensional standards that apply to the proposed zoning district; and

(3) any other factor not specifically or generally listed, but deemed appropriate by the committee or board given the particular circumstances.

If a proposed zoning map amendment is initiated by a property owner and would change the zoning classification of land classified as A-1, the Planning and Zoning Committee shall only recommend approval and the Board of County Supervisors shall only approve the proposed amendment when all of the following findings can be made:

- (1) Such land is better suited for a use not otherwise allowed in the A-1 district.
- (2) The amendment is consistent with the county's comprehensive plan.
- (3) The amendment is substantially consistent with the county's farmland preservation plan as certified by the Wisconsin Department of Agriculture, Trade and Consumer Protection.
- (4) The amendment will not substantially impair or limit current or future agricultural use of other protected farmland in the area.

The special requirements stated above relating to the rezoning of land in a A-1 district do not apply to a map amendment that (1) is certified by the Wisconsin Department of Agriculture, Trade and Consumer Protection under ch. 91, Wis. Stats., or (2) makes the zoning map more consistent with county's farmland preservation plan map, certified under ch. 91, Wis. Stats., which is in effect at the time of the amendment.

(c) Zoning map amendment initiated by the county. If a proposed zoning map amendment is initiated by the county, the Planning and Zoning Committee in making its recommendation and the Board of County Supervisors in making its decision shall consider the following factors:

- (1) whether the amendment is consistent with the county's comprehensive plan, including any future land use maps or similar maps;
- (2) whether the amendment is consistent with other planning documents adopted by the Board of County Supervisors; and
- (3) any other factor not specifically or generally listed, but deemed appropriate by the committee or board given the particular circumstances.
