### Key Points:

- Community Level is **LOW**.
- [DHS supports](#) the [CDC's recommendation](#) that children over 6 months are eligible to receive the updated bivalent COVID-19 vaccine. WCHD currently is only offering the Pfizer vaccine (including the bivalent vaccine and booster) to those over the age of 6 months.
- General recommendations (click each statement for more information):
  - [#KnowBeforeYouGo - Test before going to group events to help protect others.](#)
  - [Get tested if you are ill or suspect exposure.](#)
    - Telehealth Services are now available! Anyone with a positive test can receive free treatment via video chat or phone. [Please visit the DHS website for more information.](#)
  - [Vaccinate or get your booster if you are eligible.](#)
  - [If you are at high risk for severe illness, speak with your health care provider about precautions you can take.](#)
  - [Consider wearing a mask if you are in contact with someone who is high risk.](#)

Updated bivalent vaccine now available  
for anyone 6 months and older!

With various respiratory illnesses on the rise, it is important to protect yourself and others against influenza, RSV, and COVID-19. To help prevent the spread of these illnesses you can:

- Stay home if you are sick
- [Get tested](#) if you have symptoms
- Wash your hands frequently
- [Get vaccinated](#) against the flu and COVID-19

Staying up to date with [vaccines](#), getting [tested](#) if you have symptoms or were [exposed](#), and [isolating](#) if infected continue to be important tools in reducing spread of COVID-19.
