About Our Cover.....

Nature Photography from County Parks

Winnebago County has several beautiful parks with beautiful scenery to take in and enjoy. Pictures of some of them are featured on this year's cover. These pictures were taken by Sandy Staerkel.

Sandy is the owner of Creative Imagery, a home-based photography studio. She also works full-time for Winnebago County as a court clerk in Branch 5. She has been an employee of Winnebago County for many years.

Sandy's passion is scenic photography. At her studio, connected to her home, she is able to combine her love of scenic photography with her various other photo services. She has a ½ acre outdoor studio with a pond, waterfall, gazebo and multiple other structures that provide beautiful background settings for portraits. She has been a professional photographer for several years and has kept busy taking wedding photos and portraits. When Sandy is not at work for the county, she enjoys the beautiful scenery Winnebago County provides for both her personal enjoyment and her professional portraits.

We thank Sandy for the beautiful pictures she has taken for us for this years book covers.

The Wave of the Future

2010 EXECUTIVE BUDGET MESSAGE

Executive Budget

*"A pessimist sees the difficulty in every opportunity;
an optimist sees the opportunity in every difficulty."*

Sir Winston Churchill

Mark L. Harris

Honorable Members of the Winnebago County Board and Citizens of Winnebago County:

This budget satisfies the requirements of the levy freeze. It also is well within the 1992 operating rate limit. The rate limit will become the more onerous of the two limitations in future years, if equalized valuation continues to be flat or declines. More important than the levy freeze or the 1992 rate limits, this budget is intended to maintain essential county services, at a tax rate acceptable to most of the citizens of Winnebago County.

2010 BUDGET HIGHLIGHTS

REVIEW BY EXPENDITURE CATEGORY:

Labor

Total county wages are up \$666,344 or 1.4% from 2009. There is a net increase of three full-time positions and a decrease of one part-time position in the County's 2010 table of organization. Position additions, changes and reductions do not necessarily happen on the first of the new year, but occur over the course of the year. The fiscal impact of changes to the Table of Organization is nearly cost neutral. Some of the additions are offset by reductions in overtime costs. Others are funded with grant revenue. Most of the change in total cost is attributable to normal increases and step increases.

Fringe benefits are up \$1,808,867 or 7.8%. In theory, the rate of increase should closely match the increase (or decrease) in total wage costs. Many fringe benefits are a percent of wages such as social security and retirement. Major reasons for the 2010 increase include increasing rates for health insurance and Wisconsin Retirement. Due to the dramatic fall in the stock market, the Wisconsin Retirement System has had no choice but to increase rates to avoid creating new unfunded liabilities. A schedule of fringe benefits is included in this budget book for your review. It outlines the areas of increase.

In spite of employees picking up a larger share of health insurance costs, the increase in premium rates still resulted in a larger employer cost. Total insurance premiums – employee share for 2010 and 2009 equal roughly \$1,979,000 and \$1,780,000 respectively. Another factor for the larger increase in benefits is that we need to budget a little more conservatively for fringe benefits. There were budget overages that occurred in 2008 and there are projected overages for some departments in 2009 as the result of budgeting too aggressively.

Capital

Our capital outlay budget for 2010 is \$2,855,706 reflecting an increase of \$473,012 or 19.9%. Much of the increase in capital is attributable to the County Clerk (\$411,100), Sheriff (\$179,361), Land Records (\$35,000) and Highway Department (\$87,000). The following departments show a decrease in capital spending; Facilities (\$170,500), Jail Improvement Fund (\$35,000) and Park View Health Center (\$48,500).

Many other departments submitted requests for building improvements, remodeling and repairs. The net change from 2009 is an increase of about \$14,000.

Travel

Travel expenditures are projected to increase a modest \$37,354 or 5.5%. We are continuing to hold these costs down to the minimum that allows our staff to maintain adequate training levels. Seminars and conferences will continue to be attended locally in 2010 whenever possible. These measures should ensure our staff the ability to maintain professional licensures and certification standards. Higher automobile allowance costs comprise most of the increase over 2009.

Other Expenditures

Other expenditures are budgeted to decrease \$9,662,868 or 9.7%. Some areas to note include:

The Human Services Department has a decrease of \$11,265,935, which represented a 22.4% decrease under their 2009 costs. This decrease is mostly due to the inclusion of Winnebago County in Family Care. The cost of providing these services are not included on the counties books. This function is being taken over by the Lakeland Long Term Care District which will be funded by the State. Most of this decrease will result in a corresponding reduction in intergovernmental revenues.

The Facilities Department shows an increase of around \$390,000. This is due to expected increases in utility cost and tuckpointing of the Oshkosh Human Services and Knapp Street Facilities Buildings and parking lot sealcoating.

Park View Health Centers other operating expenses goes down \$326,290. The largest component of this decrease is debt service principal and interest of \$614,703 associated with the borrowing for the new facility. There is a \$124,000 increase in the professional services account because of the need for more therapy required for residents. Also, there is an increase of \$151,000 to the bed tax charged by the state.

The Highway Department shows an increase of \$1,087,313. The largest component is an increase of \$1,210,056 for road maintenance materials because of higher expected prices in 2010. For 2010, the projected price of salt is expected to almost double. Culvert replacement is also included for 2010. There is a decrease in motor fuel cost due to projected cost for next year.

REVIEW BY DIVISION:

Administration

The tax levy in this division is \$8,629,811, an increase of \$360,592, or 4.9%. The significant changes occurred in the Facilities Department. Increase in the building and ground maintenance. The County Clerk budget increases for the purchase of voting machines and the elections

scheduled for 2010. There is offsetting revenue for most of the voting machines as we will be reimbursed from the municipalities for their machines.

Public Safety

This division shows a tax levy of \$20,980,069, an increase of \$1,087,482, or 5.5% over 2009. Most of the increase is in the Sheriff Department. Sheriff's levy is up about \$801,436 or 4.9%. Labor costs are up \$863,608 or 5.5%. Capital outlay is up by \$179,361 because the department requested more vehicles in 2010. The rotation of vehicles had to be shortened slightly because of the high mileage put on these vehicles each year.

The Clerk of Courts and Court System budget is up \$282,069 or 15.3%. Labor costs are projected to be up about \$171,144 or 5.5% which is partially due to normal pay increases and some increases in fringe benefits. There is also a new Court Assistant position added to the 2010 budget. Other cost increases in this department include \$102,560 for court appointed attorneys which are paid for by the County.

Other departments in this division have very minor increases.

Transportation

This division shows a total tax levy of \$393,077, a decrease of \$539,042, or 57.8% under 2009. The biggest decrease is due to the Airport Fund, which shows a decrease of \$433,828 because of the increased land rental revenue budgeted. The Airport will receive revenue from the Federal Government for storage of vehicles Oshkosh Corp is manufacturing for them.

Health and Human Services

The Health and Human Services levy is \$27,928,979, down \$352,725 or 1.2% under 2009.

The largest component of the decrease is a reduction of debt service principal and interest costs at our county nursing home, Park View Health Center.

The department of Human Services has an increase of \$415,542 mostly due to labor costs.

The other departments in this division show only minor increases.

Education, Culture and Recreation

The Division of Education, Culture, and Recreation shows a tax levy of \$1,909,203, a decrease of \$28,705 or 1.5%. Programs in this division represent discretionary spending. In an effort to hold down taxes, we've had to significantly restrict the amount of growth in this area in order to meet our mandated services and core missions of Public Safety, Public Health and Transportation.

The main part of the decrease in this division is relates to UW Fox Valley. The largest part of the decrease is due to the decrease in capital outlay.

Planning and Environment

This division shows a tax levy of \$846,092, an increase of \$208,196 or 32.6%. The Planning department is the reason for the largest part of the increase, mostly due to the reduction in revenue because of the stagnant building industry and poor economy.

Other departments in this division had only minor increases.

Non Divisional Budgets

The net surplus reflected in this division is used to offset levy throughout the other departments and amounts to \$1,625,608, which is \$885,936 or 35.3% below 2009. This division includes revenues that are not specific to any particular area such as investment income and State General Shared Revenue. These large revenue items cause this division to show a surplus. The large revenue sources are allocated to other departments in the overview section of the book to show a net levy for each division with these funds allocated.

Interest rates have fallen into 2009 and it is projected to stabilize toward the end of 2009 and 2010 at a lower rate. We have budgeted a decrease of \$578,462 in interest income for 2010. State Shared Revenue is expected to decrease about \$180,000.

The budget under the Miscellaneous Unclassified accounts is for all other items that don't fit into another specific department or category. Expenditures include the Library Tax, Regional Planning Commission allocation, and a grant to the Industrial Development Board.

Capital Projects

Our spending on large capital projects, which require bonding, is increasing. We will continue to see the need to bond for road construction projects because of rapid growth in our County and an aging County Trunk System. There is also a large amount of bonding that will be used to upgrade the E911 system. There is bonding associated with the purchase of a building to house the administrative functions of the county.

Debt Service

Our debt service requirements for 2009 are \$13,118,000, an increase of \$297,000, or 2.3% over 2009. Keep in mind that some of this debt is reflected in the budgets of Park View Health Center, Airport and the Highway Department. Almost all County debt is paid off using 10-year amortization periods. The only debt exceeding this are funds we borrowed during 2003 to re-finance our past service pension liability.

Table of Organization

There are a few new positions added with this 2010 budget including: a Court Assistant, Maintenance Worker, Dispatcher (E911), Evidence Clerk (Sheriff Dept – to be filled only if grant funds are received) and a part time Secretary II in the Veterans Department. A Plumber position in the facilities department is being converted to part time and an Electrician position is being eliminated. A Safety / Insurance Coordinator position is being eliminated from the Human Resources Department. There are several changes in the Human Services Department with the net change being a gain of one full time and loss of one part time position. These Human Services changes will be made due to the Lakeland Long Term Care District taking over Family Care.

CONCLUSION

Winnebago County continues to look for innovative ways to stretch the property tax revenue it receives. Substantial steps have been taken to reduce the size of County government while preserving the valuable services the County provides. Continued pressure in the form of levy or revenue limits will inevitably force the County to seek alternative revenues or to abandon some services valued by this community.

I thank and commend the management and support staff of all the departments who assisted in preparing this budget document.

Respectfully submitted,

Mark L. Harris
Winnebago County Executive

WINNEBAGO COUNTY

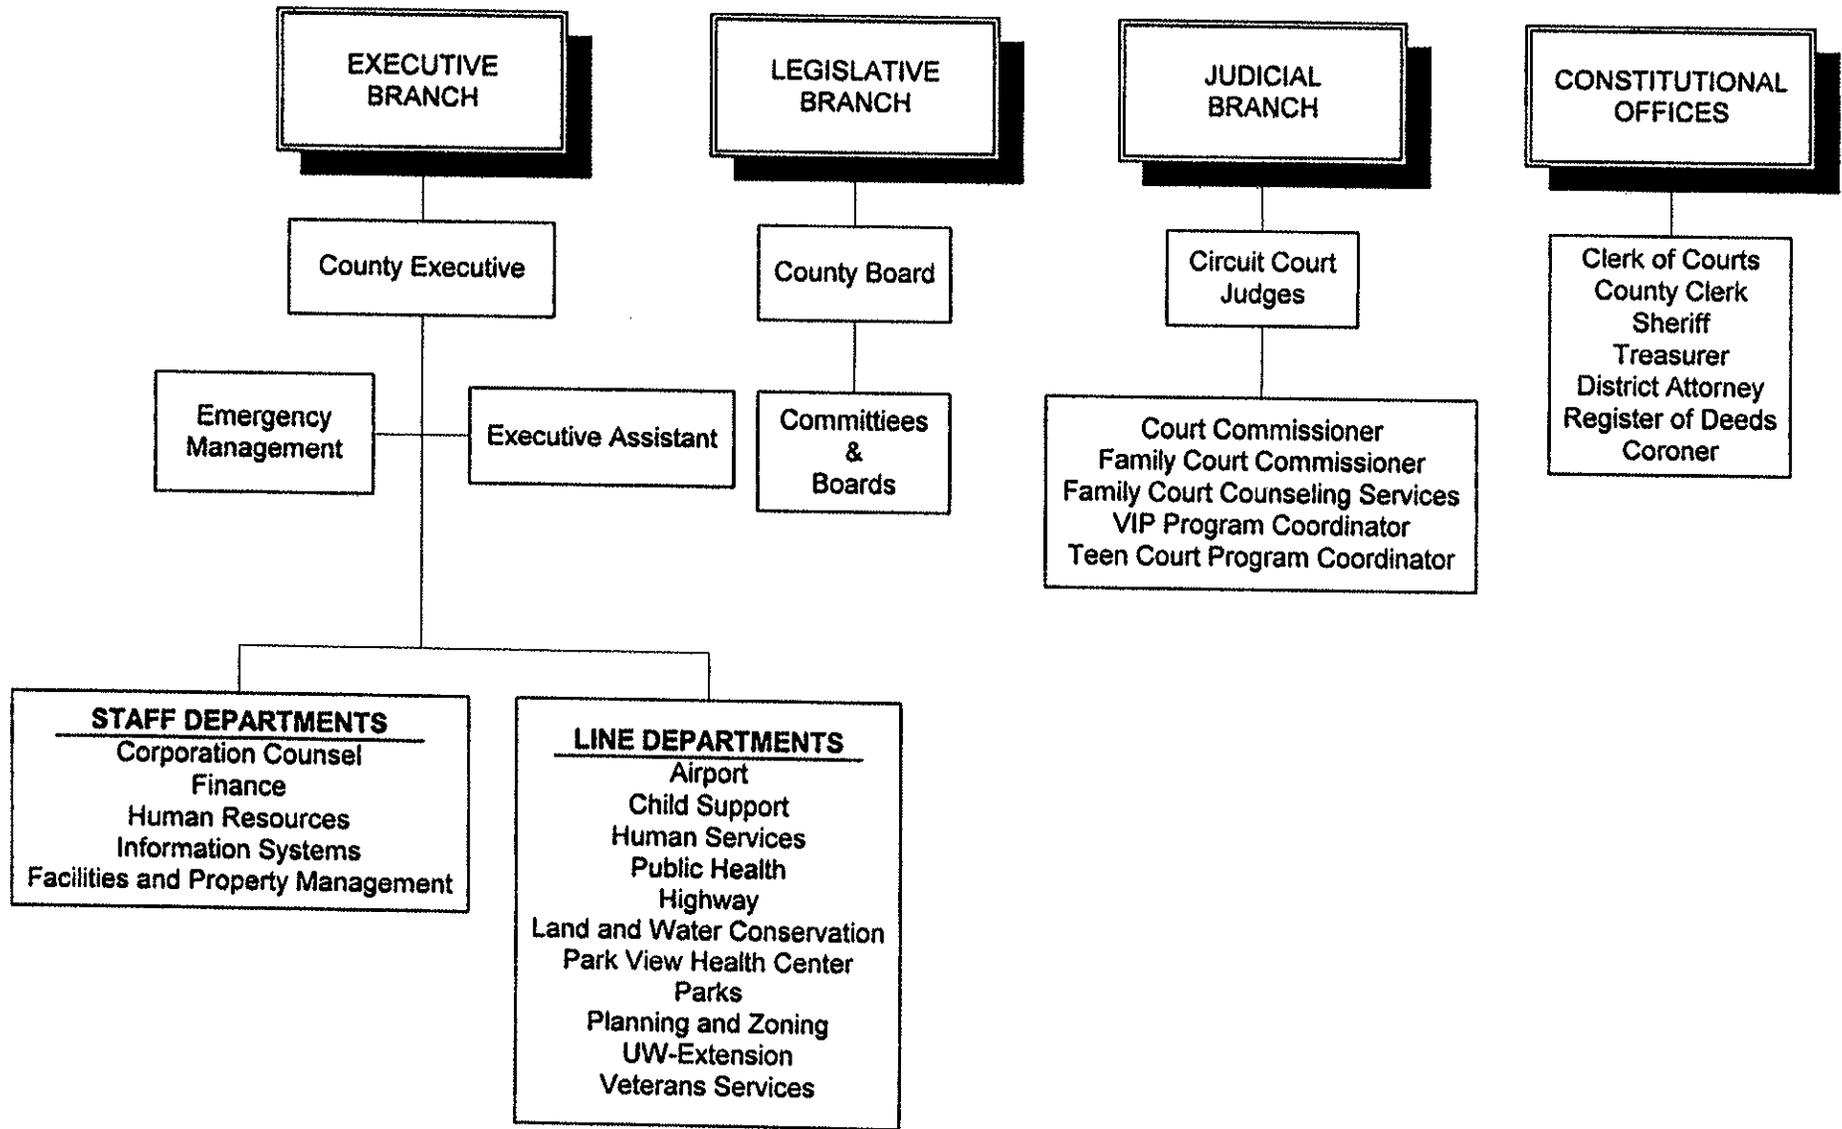

MISSION STATEMENT

The mission of Winnebago County is to economically and efficiently provide and manage delivery systems for diverse programs and services to meet basic human needs.

To carry out this mission, the following roles are required:

- To serve as an agent for the Federal and State Government to fulfill mandated programs.
- To provide optional community services as determined by the County Board.
- To provide programs and services in the most cost-effective manner.
- To encourage citizens awareness, participation, and involvement in county government.
- To encourage cooperation among business, government, labor, and education to solve common problems.
- To utilize community resources as a vehicle for good government.

WINNEBAGO COUNTY

BUDGET AND FINANCIAL POLICIES

ORGANIZATION OF BUDGET DOCUMENT:

The Winnebago County Budget is organized to provide pertinent information regarding the County's administrative structure, programs, and related financial information. The County's financial accounting system is set up on a fund basis. The funds are described later. The budget document is divided into program areas (administration, public safety, transportation, human services, education, culture and recreation, planning and environment), debt service, capital projects and non divisional.

THE BUDGET PREPARATION PROCESS:

Preparation of the County budget document is delegated to the Finance Director by the County Executive. The budget process begins early in the year when the Finance Director reviews forms and procedures and recommends changes to the County Executive. Upon the Executives approval, budget forms and instructions are printed and distributed to department heads in June,

<u>Dates</u>	<u>Event</u>
06/15/09	Forms and Instructions made available for budget preparation
07/06-07/20/09	Budget worksheets and all materials due from departments to Finance Department
08/03-08/28/09	Executive holds meetings with departments to review budgets
09/28/09	Finalized budget sent out for printing and assembly
10/12/09	Budget delivered to County Board Supervisors
10/26-28/09	County Board to deliberate on and adopt final budget

BUDGET POLICIES:

REVENUES:

Revenues are budgeted by source. These include (a) taxes, (b) intergovernmental, (c) licenses, fines and permits, (d) public services, (e) interfund and (f) other (which include interest income from investments).

Taxes:

The State of Wisconsin, with the Governor's approval has enacted property tax levy limits. These limits are described under the "Property Tax Rate Limits and Levy Limits" section of the budget book. The County relies heavily on property taxes as a revenue source (about 41% of the revenue budget).

Intergovernmental Revenues:

These represent grants, aides, and state and federal funding for programs and services. This revenue source is also relied on heavily to fund County programs (about 37% of the revenue budget).

Public Charges:

This source represents fees and charges made to users of certain government services. This revenue source makes up about 8.6% of our revenue budget.

Licenses and Permits:

This is a small revenue source comprising about .7% of the County revenue budget.

Interfund Revenues:

This category includes charges from one County department to another. It comprises about 9.9% of total revenue.

Other Revenues:

This category includes State Shared Revenues, interest income, and other revenue sources that do not fit into the other categories. Most of the revenue in this category is from State Shared Revenues and interest income. This revenue source makes up about 2.7% of the total revenue budget.

The projection is that the breakdown of revenue sources by percent will remain the same.

EXPENDITURES:

The County Board adopts the expense category totals of (1) Labor, (2) Travel, (3) Capital, and (4) Other operating expenses. The complete listing of each recommended line item are considered as substantiating detail used to arrive at the totals. Transfers can be made during the year between line

items but not between categories unless rules established by the County Board are followed. The budget adjustment process is described in more detail later. The four categories are described in more detail below:

Labor: This category includes all costs of wages, per diem, and fringe benefits. Fringe benefits include health insurance, life insurance, dental insurance, long-term disability insurance, retirement, Social Security (FICA) and workers compensation insurance.

Travel: This category includes all costs for travel and training of County employees and elected officials. This includes registration and tuition, automobile allowance, vehicle lease, airfare, meals, lodging, and other incidental travel expenses. Jury, witness, and other non-employee travel expenses are included elsewhere.

Capital: This category includes all purchases of property, equipment and vehicles having a cost of \$5,000 or more and a useful life exceeding one year. In proprietary funds, these assets are depreciated over their estimated useful lives. In governmental funds these assets are expensed in the year of purchase. In general, capital items are budgeted as part of the operating budget with the exception of major capital expenditures and capital projects. A separate document (Capital Improvements Program 5-Year Plan) is prepared as described later.

Other: This category includes all other expenses not included above. It includes costs related to office supplies, operating expenses, repairs and maintenance, contractual services, rental expenses and fixed costs such as insurance and depreciation.

CAPITAL IMPROVEMENTS PROGRAM (Five Year Plan): The County Executive submits a separate capital improvements program to the County Board each year. This document lists major capital projects over a five year period, describes recommendations as to funding the projects, recommends those projects that should be included in the current year bond issue and describes those projects in detail. It also provides detail as to the current outstanding indebtedness, briefly describes capital projects within the 5-year planning horizon, and includes graphs and tables outlining the County's current debt service, future debt service, and current and future debt service property tax mill rates. This document is presented to the County Board at its June workshop session and represents a planning tool for review of projects. The document is available for inspection in either the County Clerk's or Finance Director's offices.

Projects within the capital improvements program are not approved as part of the annual operating budget but must be voted on individually, during the year after being reviewed by the County Board at a separate "presentation" session. The purpose of this separate approval process is to make sure projects are reviewed in more detail prior to approval. Once approved, they are included in the annual operating budget under the Capital Projects section and debt service is included in the Debt Service section.

DEBT SERVICE: The County has followed a policy of not borrowing for periods of greater than 10 years. An exception to this rule is the refinancing of our unfunded past service pension liability. This liability was refinanced over a period of 16 years. Our objective is to maintain level debt service payments each year while leaving room in later years to accommodate new debt.

THE BUDGET ADJUSTMENT PROCESS: State statutes and County Board Rules outline the procedures for obtaining budget adjustments after the budget has been adopted. They are briefly explained below:

Transfers between budget categories within a department's budget require the approval of the County Executive, Committee of Jurisdiction, and Personnel & Finance Committee.

A department requesting to increase their total approved department appropriations must obtain approval from the County Executive, Committee of Jurisdiction, Personnel & Finance Committee, and County Board (only if the transfer is for more than \$3,000). These additional appropriations are typically requested from; (a) unanticipated revenues received, (b) the contingency fund, or (c) undesignated fund balance.

BUDGETARY CONTROL:

The County does maintain an encumbrance accounting system. Department operating results are reviewed on a monthly basis for potential budget revenue shortfalls or expense overruns. Projected problems are brought to the attention of the applicable department head and appropriate actions are taken to remedy the situation. Projected budget overruns are resolved through adjustments as soon as possible. The County has not experienced any significant budget overrun problems.

FUNDS:

Agency funds, the General Fixed Asset Account Group and the General Long-Term Debt Account Group are funds that do not require annual County appropriations. Therefore, these funds are not included in the budget document. All other County funds are included. The fund types and descriptions are described below:

GENERAL FUND: Accounts for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUND: Account for the proceeds from special revenue sources that are legally restricted to expenditures for special purposes. Winnebago County has one special revenue fund: Human Services.

DEBT SERVICE FUND: Account for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs.

CAPITAL PROJECT FUND: Account for financial resources to be used for the acquisition or construction of major capital facilities (other than general capital outlays and construction related to the proprietary funds) which are financed primarily through general obligation debt.

PROPRIETARY FUNDS - ENTERPRISE TYPE: Account for operations that are financed and operated in a manner similar to a private business enterprise - where intent of the County Board of Supervisors is that the costs of providing goods or services to the general public on a continuing basis

be financed or recovered primarily through user charges. Debt service on County debt issued to construct facilities relating to these operations is accounted for through the enterprise fund. County enterprise funds include: Park View Health Center, and the Airport Fund.

PROPRIETARY FUNDS - INTERNAL SERVICE TYPE: Account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governments, on a cost-reimbursement basis. County internal service funds include: Self Insurance, Highway Department, and General Services Funds.

AGENCY FUNDS: Account for assets held by the County as an agent. Receipts and disbursements of these funds do not represent County activity; therefore budgets are not applicable to them. Winnebago County agency funds include: Litigant Deposits, Family Support Fund, Patient Funds – Park View Health Center, and Burial Trust Fund.

BASIS OF BUDGETING:

Basis of accounting refers to the point in time at which revenues and expenditures are recognized in the accounts and reported in the financial statements of the entity. Governmental units follow Governmental GAAP (Generally Accepted Accounting Principles) which are primarily established by the GASB (Governmental Accounting Standards Board). Winnebago County Budgets are prepared in accordance with these standards with the exception of capital outlay for proprietary funds as noted in #2 below:

- 1) The General Fund, Special Revenue Fund, Debt Service Funds, Capital Project Funds, and Agency Funds follow the modified accrual basis of accounting. This means that expenses are recorded in the period incurred and revenues are recorded when measurable and available to meet current year obligations. Generally, any revenue that is earned in the current fiscal year and will be received within 60 days after the fiscal period ends would be recorded as current year revenue. The budgets for these funds are prepared using this same basis.
 - A) Debt service funds budget principal and interest in the year paid. Interest is not budgeted nor reported on an accrual basis.
 - B) Capital outlay is budgeted in the year expended. Depreciation is not an expenditure of a capital project fund.

- 2) Proprietary funds include enterprise funds (such as Airport and Park View Health Center) and internal service funds (such as General Services, Self Insurance and Highway Department) follow the full accrual basis of accounting for financial reporting purposes. Under this basis of accounting, revenues are recognized and recorded when earned, regardless of when they are received. Expenditures are also recognized and recorded when incurred, regardless of when paid. Capital assets are expensed over their useful life through annual depreciation charges, not when purchased. Our budgetary basis is the same with the exception of capital outlay which is included as expenditure.
 - A) Proprietary funds report depreciation on a GAAP basis. Depreciation is reversed out for the purpose of calculating the tax levy support where necessary in proprietary funds because it is a non-monetary expenditure.
 - B) Capital outlay is shown as an operating expenditure for budgetary purposes even though not for GAAP financial reporting purposes. This is a budgetary requirement of the County Board. Capital outlay is included in the tax levy support calculation for proprietary funds that require tax levy support.

FUND RESERVES - PRACTICES:

The County does not have a formal written policy regarding fund reserves. In general, we strive to meet the following objectives:

- 1) The Special Revenue Fund only maintains sufficient fund balance to pay for carryovers and open invoices as of the end of the fiscal year. Tax levy dollars not needed to fund current year operations are not transferred to these funds but remain as part of general fund undesignated fund balance.
- 2) The General Fund undesignated fund balance policy has been revised to reflect a more conservative goal equal to 1/12th of total expenditures of the government unit (excluding the Solid Waste Fund which is a legal separate entity and is self supporting).
- 3) Based on this 2010 budget, the amount using the new formula would be about \$14.0 million. The General Fund Unreserved Fund Balance is projected to be around \$11.7 million at the end of 2010 somewhat short of this new target. The current economic climate makes it difficult to attain that target. However, as conditions improve, we intent to start building more fund balance to achieve the target.

PROPERTY TAX RATE LIMITS AND LEVY LIMITS

OPERATING LEVY: Limited to the 1992 (for taxes to be collected in 1993) operating mill rate. That limit is \$4.71 per thousand of equalized value. Winnebago County's operating mill rate falls under this limit.

DEBT SERVICE LEVY: Limited to the 1992 (for taxes to be collected in 1993) debt services mill rate. That limit is 31 cents per thousand of equalized value. Winnebago County's debt service levy has exceeded this limit through use of the allowable exception that such excess be approved by a 75% vote of the County Board.

SPECIAL PURPOSE LEVYS: No limitations were placed on these rates. For Winnebago County this includes the levies for libraries, public health and culvert and bridge aid.

LEGISLATIVE HISTORY:

During the 1993 State Legislative session, the legislature with the Governor's approval enacted the following:

- 1) Separated the total tax levy and rate of each county into three components: (a) the debt levy and debt levy rate, which is comprised of amounts for debt service on state trust fund loans, general obligation bonds, and long-term promissory notes; and (b) the operating levy and operating levy rate which is comprised taxes levied for general operations, and (c) special purpose levy which is comprised of taxes levied for services that are not apportionable to all municipalities within a county.
- 2) Limited the operating levy rate to that rate imposed in December 1992 for taxes collected in 1993.
- 3) Prohibited debt, as described above, from being used to fund operating expenses, except for short-term promissory notes issued in anticipation of operating revenues and debt used to comply with court orders and judgements, to fund clean water fund projects, or to fund certain types of liability insurance and risk management services.

- 4) Required debt, which would be repaid through the county's debt levy as described above, to meet one of the following conditions prior to its issuance: (a) the debt must be approved through referendum if it would cause the county's debt levy rate to exceed the 1992 debt levy rate; (b) the debt would not cause the county's levy rate to exceed the 1992 rate, based upon the "reasonable expectation" of the county board; (c) the debt is authorized prior to the effective date of the bill; (d) the debt would be used to abolish grade crossings or for regional projects; (e) the debt would be used to refund existing debt; (f) the debt is authorized by a 75% vote of the county board.
 - 5) Specified that a referendum to exceed the limit would be based on either the absolute amount of the levy or the levy rate.
 - 6) Provided for adjustments to the operating levy when services are transferred between the county and other local governments.
 - 7) Required reductions in the shared revenue and transportation aid payments of counties that exceed the operating levy rate, equal to the amount of the excess levy.
-

PROPERTY TAX LEVY LIMIT 2007

LEGISLATIVE HISTORY:

During the 2007 State Legislative session, the legislature with the Governor's approval enacted the following:

Section 66.0602 Local Levy Limits:

1. Except as provided in subs. (3), (4), and (5), no political subdivision may increase its levy in any year by a percentage that exceeds the political subdivision's valuation factor. The valuation factor is a percentage equal to the greater of either 3.0 percent or the percentage change in the political subdivision's January 1 equalized value due to new construction less improvements removed between the previous year and the current year.

2. Debt service continues to be exempt from the levy limit freeze for all debt issued prior to July 1, 2005. Debt issued after July 1, 2005 will also be exempt if certain conditions are met. One of those is that the governing body can approve the bond issue by a $\frac{3}{4}$ vote. Winnebago County has used this provision to exceed rate limits in the past and will likely continue to do so.
 3. Penalties will be imposed upon any governing body that exceeds these levy limits.
-

The Finance Director has reviewed the limits and believes that the budget is in compliance with the tax rate and levy limits.

BUDGET NOTES FOR 2010 SIGNIFICANT INFORMATION

Below are some major items to note about the 2010 budget:

1. Fund reserves are being applied to reduce the tax levy as follows:

- Debt Service fund reserves applied to reduce the debt service levy.	\$ 950,000
- Property Lister fund reserves applied.	45,000
- Park View Health Center reserves applied.	200,000
- Land Records Fund reserves applied to reduce levy needed for the GIS Department.	25,000
Total reserves applied	\$ 1,220,000
Note: No General Fund reserves have been applied to reduce the 2010 tax levy.	

Explanations for fund reserves:

Debt Service Fund Reserves – these are monies that accumulate in the debt service fund primarily from investment earnings on General Obligation Note proceeds that are invested during project completion. If these funds are not needed for the project, they must be transferred to the debt service fund and applied to debt service costs.

Property Lister Fund Reserves – The Property Lister function only provides services to certain municipalities and is treated as a special purpose levy. Because it is not apportioned to all municipalities in the county, funds remaining at

the end of the year are set aside in a reserve fund for the Property Tax Lister function. Because funds accumulate due to surpluses, it is proper to return them to the taxpayers in a subsequent year. That is what this is accomplishing.

Park View Health Center Reserves – This is a proprietary fund which functions like a private sector business. When the fund has an operating surplus, these funds close out to a reserve or equity account within the business. They can build up due to surpluses over a period of years. When this happens, we return those funds to taxpayers by reducing the levy for the operation and allowing the accumulated surplus to fund the remainder of the operations.

Land Records Modernization Fund Reserves – This fund operates similar to the Jail Assessment Fund. A surcharge is added when people register documents at the Register of Deeds office. By law, these funds must be used for land records modernization. We use these funds each year as they accumulate to cover these costs, thus reducing the need for tax levy.

2. Total equalized value (as reduced by Tax Incremental Districts (TID)) in the County increased .6% over 2009. This consists of a -.94% market valuation *decline* and 1.54% growth in new or improved property.
3. Total county wages are up \$666,344 or 1.4% from 2009. There is a net increase of four full-time and the elimination of two part-time positions in the table of organization. The resulting gross wage and benefit increases are roughly \$338,995 and \$150,652 respectively for a total wage and benefit increase of \$489,647. Most of the positions are being added in the Human Services fund.

Note 1: The total tax rate does not equal the sum of the individual rates because the rates are calculated based on different total property valuations. Some municipalities do not have the Library tax or Public Health tax so those rates are calculated without the non-chargeable municipalities. The above rate is a blended rate and only represents an estimate.

The 2010 tax mill rate is .12 cents higher than the 2009 rate based on equalized property values. The tax rate for operating expenses is \$4.53 per thousand dollars of equalized value.

Taxes are actually allocated to individual properties based on assessed valuation. The County experienced real growth in property value (from new construction) of about 1.54%

It is not possible to determine the impact on individual property owners because of differences in assessment among municipalities in Winnebago County.

Note 2: These are special purpose funds that must be applied to their designated purpose. An example is debt service funds. These funds must be applied to debt service if not used for capital projects. No general fund reserves are being applied to the 2010 budget.

2010 Budget Information on a Fund Accounting Basis

The following pages show fund balance projections along with summaries of revenues and expenditures summarized on a fund basis. Revenues are also displayed by major revenue source and by fund.

FUND PROJECTIONS:

General fund balance is maintained at a level as defined in the Executive Budget message. Our policy is an informal one. The government has not adopted a formal resolution requiring maintenance of general fund balance at a specific level in order to maintain flexibility.

It is our practice to maintain minimal fund reserves in other governmental type funds.

REVENUE SOURCES:

Property taxes and intergovernmental revenues continue to be the primary funding sources for County government. Intergovernmental revenues consist of state and federal grants that support various programs, many of them mandated (required) by those other governmental units. We have seen a trend where the state and federal government are cutting back their funding of their programs resulting in the County having to pick up more of the costs. Thus the proportion of our revenues that come from the County property tax is rising in relation to the intergovernmental source. This trend, although small, can be seen on the revenue source chart that follows.

EXPENDITURES:

Wages and benefits are the primary use of funds. The proportion of total costs ranges in the 42% area. General operating expenses consist of the following categories:

- Wages & benefits
- Travel
- Capital outlay
- Other operating expenses – some of which are:
 - Office expenses
 - Publications, dues and subscriptions
 - Repairs and maintenance

- **Contracted services**
- **Utilities**
- **Insurance**
- **Other general operating expenses**
- **Debt service costs – for debt service funds**

The expenses are presented broken out by the four categories because that is how the Winnebago County Board adopts the budget. All of the individual line items are shown for information purposes to support the category totals.

PROPERTY TAX REVENUES include taxes levied on real and personal property. The levy amount is the difference between the projected expenditures and revenues for all levy supported County operations. The rate of increase was slowed by the tax rate freeze that went into effect in 1993 and conservative fiscal management. The rate of increase will be slowed even more by the tax levy limit that was implemented for the 2007 budget year.

←

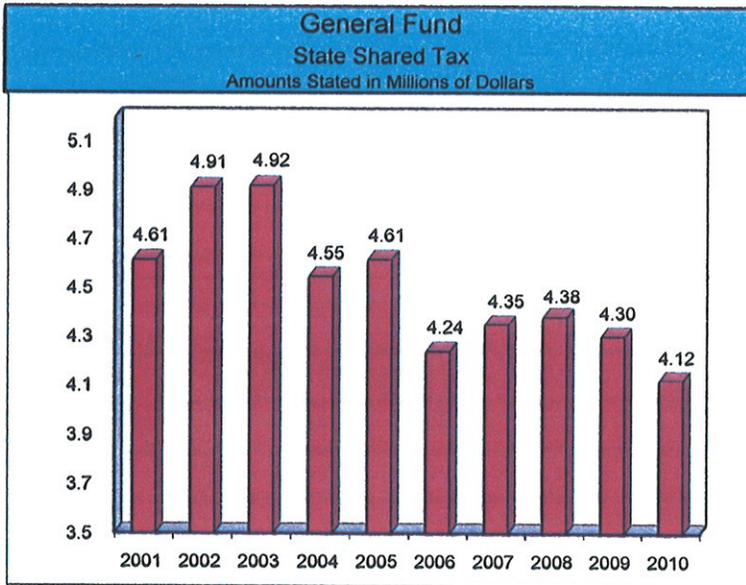

2009 figure represents the actual levy.

2010 figures are budgeted.

GROWTH IN TAX LEVY-This chart compares growth in the property tax levy to total growth in valuation. It further breaks down the valuation growth into construction/ improvements and inflationary growth. When the rate of increase in the tax levy is less then the increase due to new construction, the average taxpayer could expect to see a smaller county tax bill.

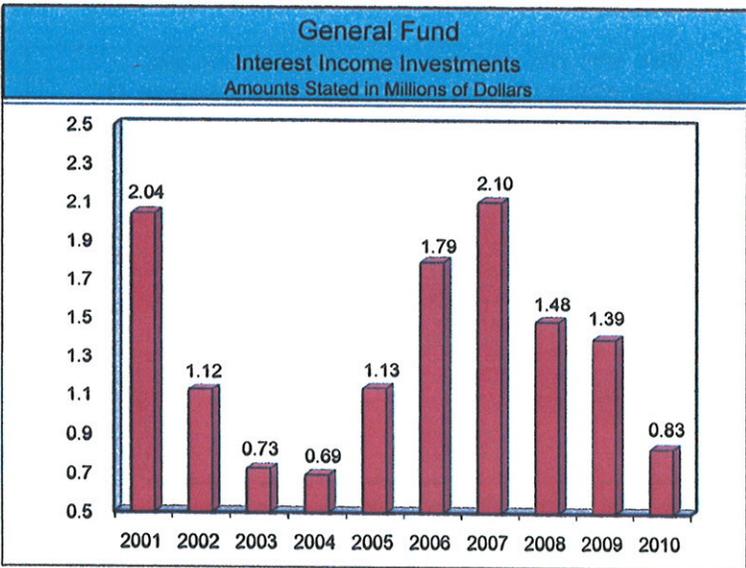

←

STATE SHARED TAX is distributed by the State based on a formula of spending effort and equalized values. Budget estimates are based on determinations by the State. The decrease since 2003 is due to the actual and estimated drop in shared revenue from the state.

2009 figures are estimates.

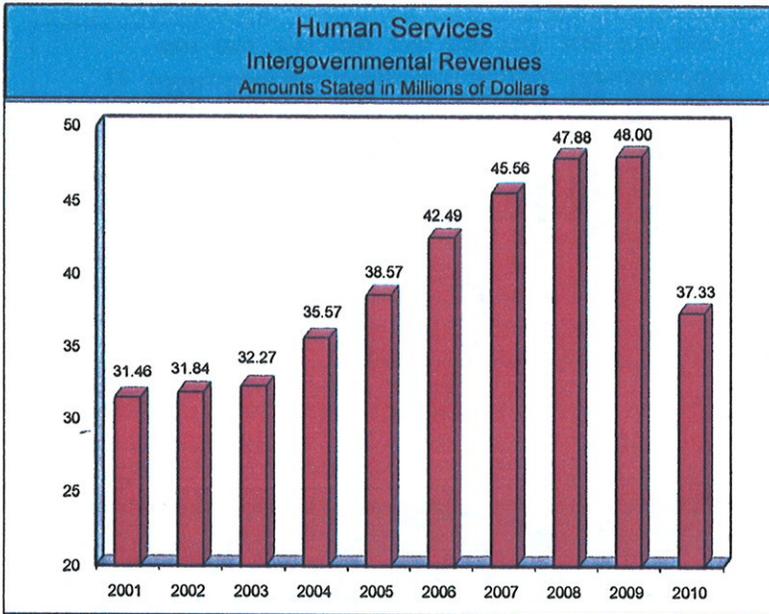

2010 figures are budgeted.

INTEREST INCOME is the revenue earned on invested funds. Fluctuations are primarily the result of changes in the amount of funds available to invest and interest rates over the years. Estimates are based on anticipated market interest rates.

2009 figures are estimates.

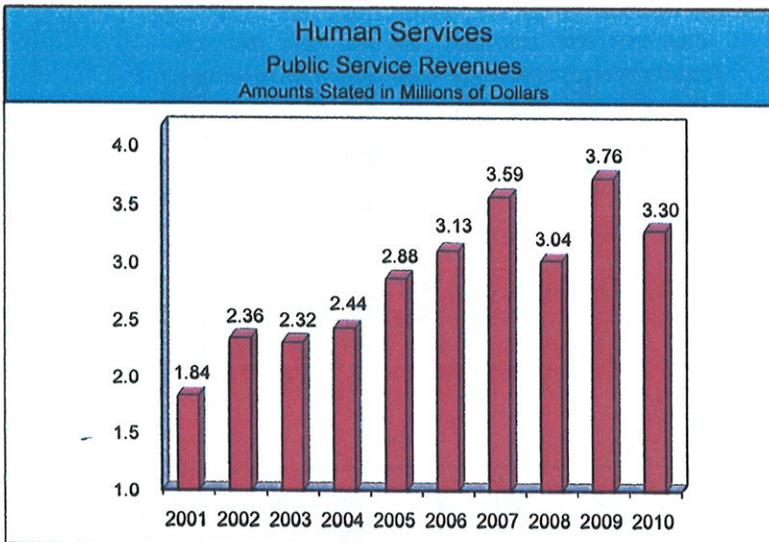

2010 figures are budgeted.

HUMAN SERVICES INTERGOVERNMENTAL REVENUES are revenues received from either the state or federal government in the form of grants and aids. Revenue estimates are based on an allocation from the state. Federal revenues from the "Federal Medical Assistance Waiver Program" are primarily responsible for the steady increase in revenues. With FamilyCare, much of this revenue will be transferred to the regional unit.

2009 figures are estimates.

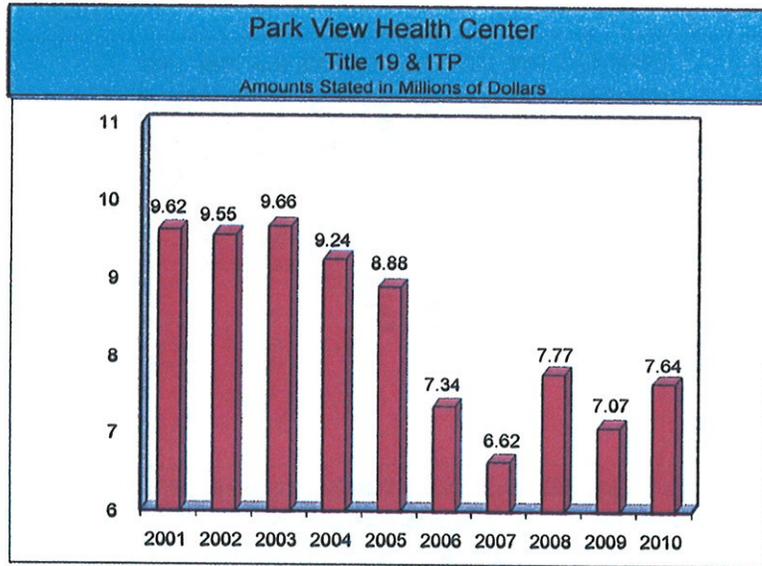

2010 figures are budgeted.

HUMAN SERVICES PUBLIC SERVICE REVENUES include revenues received from individual and third party payers for services rendered by the County. In 2008 some of the accounts that were classified as Public Revenues have been reclassified as Intergovernmental Revenues. Therefore, there is an increase for the Intergovernmental Revenues and a subsequent decrease in the Public Revenues.

2009 figures are estimates.

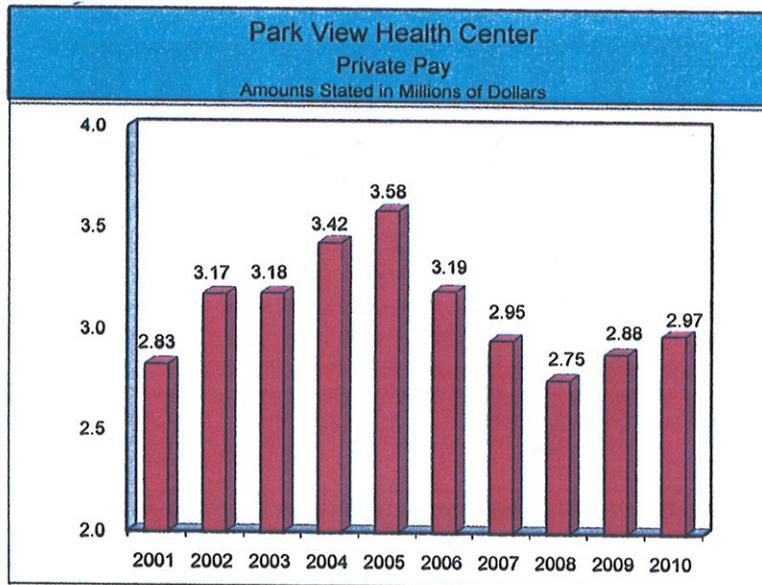

2010 figures are budgeted.

PARK VIEW HEALTH CENTER TITLE 19 MEDICAL ASSISTANCE revenue is based on a daily rate approved by the State. The decrease in 2006 is partly due to the closing the ICF/MR unit at the Parkview Health Center. The downsizing of the facility in 2008 also had an impact on the dollars received.

2009 figures are estimates.

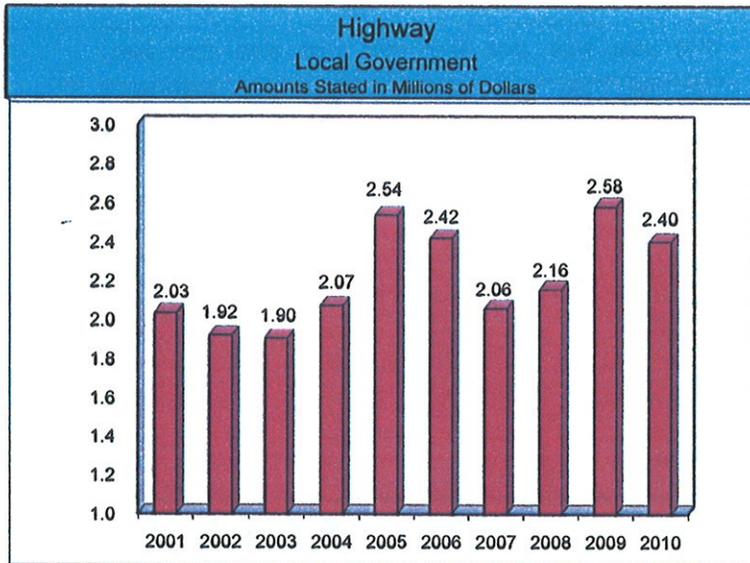

2010 figures are budgeted.

PARK VIEW HEALTH CENTER PRIVATE PAY revenue is derived from a daily rate which reflects actual operating expenses incurred for private pay residents. Fluctuations are caused by changes in the census and rate increases.

2009 figures are estimates.

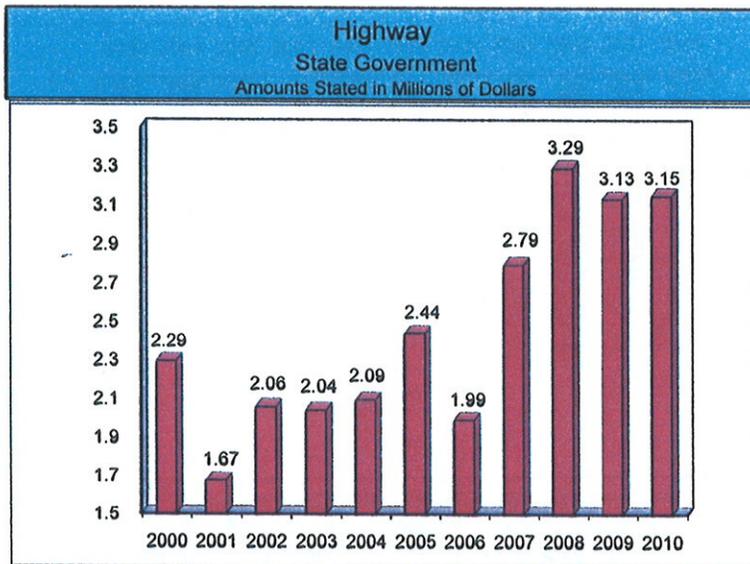

2010 figures are budgeted.

HIGHWAY- LOCAL GOVERNMENTAL REVENUES
 The Highway Department does various maintenance and construction projects for local municipalities. The expenses incurred on these projects are fully reimbursed to the County by the municipality requesting the work.

2009 figures are estimates.

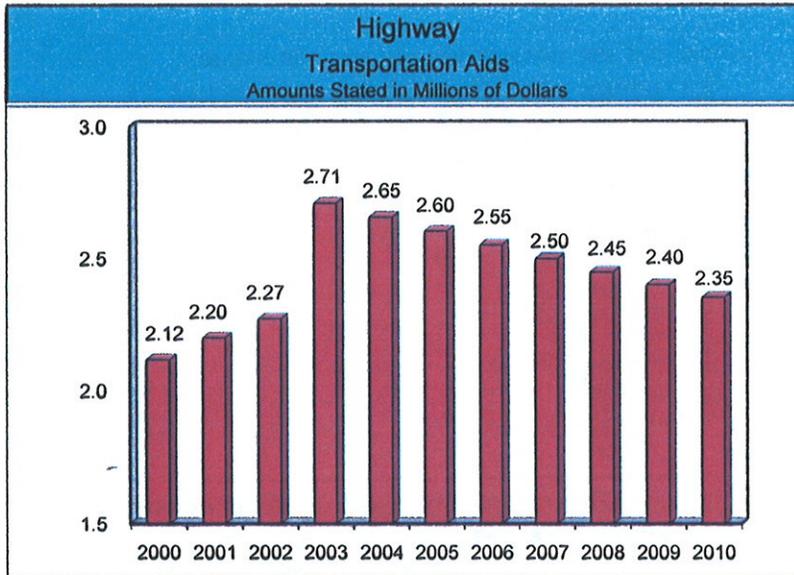

2010 figures are budgeted.

HIGHWAY- STATE GOVERNMENTAL REVENUES
 The Highway Department does various maintenance and construction projects for the State of Wisconsin. The expenses incurred on these projects are fully reimbursed to the County by the State.

2009 figures are estimates.

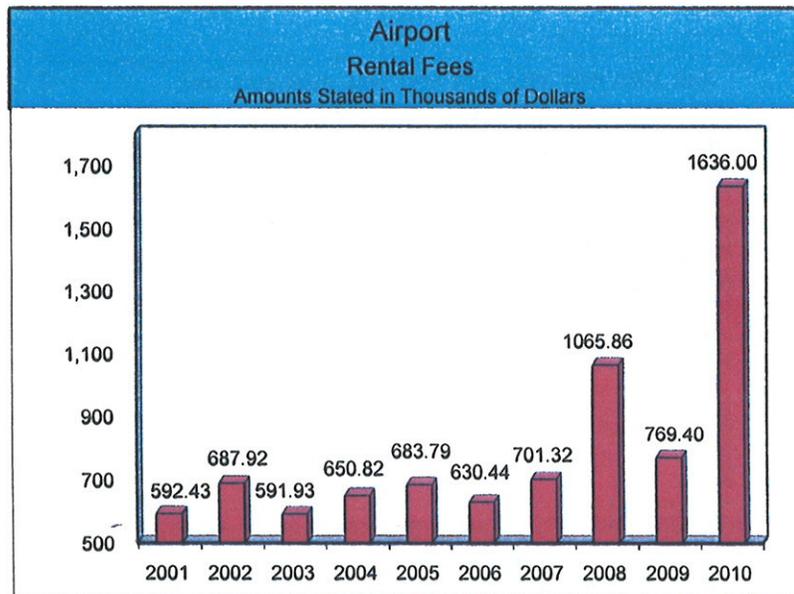

2010 figures are budgeted.

HIGHWAY- TRANSPORTATION AIDS are based on prior years expenditures incurred by the Highway and Sheriff Departments and on total county trunk highway miles.

2009 figures are estimates.

2010 figures are budgeted.

AIRPORT RENTAL FEES are generated from lease agreements. The increases are the result of new hanger and other building projects and increases in rental rates.

2009 figures are estimates.

2010 figures are budgeted.

COUNTY LEVY: The Treasurers office has more revenues than expenditures. As such, there is no tax levy for this operation. The excess of revenues over expenditures for 2010 is projected to be \$484,748, a decrease of \$10,428 or 2.1% less than 2009. This surplus is used to reduce the overall tax levy for the County.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - County Treasurer

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009	\$ (495,176)	
Significant changes to revenues:		
Interest on taxes	(50,000)	Increase based on history.
County fines	18,000	Decrease due to less property being converted from agricultural to another class.
Significant changes to expenses:		
Fringes	11,942	Normal wage increase - \$4,264 and a larger fringe rate being used in the upcoming year - \$7,678
Computer software	29,500	Increase due to an upgrade to the current tax program from AS400 to a Windows based program. A new program is going to be purchased and the cost split with the Property Lister. This is the Treasurer's share of the cost.
Other small changes	986	This is a combination of small increases and decreases to revenue and expense accounts.
Tax levy 2010	\$ (484,748)

WORKERS COMPENSATION FUND

2010 BUDGET NARRATIVE HIGHLIGHTS

The County self insures for workers compensation and it is accounted for through an internal service fund. An internal service fund is used to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis.

FUND MANAGEMENT:

The fund is managed jointly by the Human Resources Director and Finance Director. The Human Resources Department administers claims. The Finance Department administers the general finances and reviews fund reserves for propriety. Other functions such as purchase of stop-loss insurance, aggregate and deductible limits for the fund are reviewed jointly.

SUMMARY OF ACTIVITY 2009:

The fund shows a budget surplus for 2010 of \$6,858 an increase of \$46,079 over 2009. The fund balance is right where it should be for this fund. Funds are maintained to handle any unexpected large claims that we may have to pay up to our stop loss amount. The stop loss for this fund is \$400,000 per occurrence, at which time our excess insurance takes over. We have been trying to maintain enough in fund reserves to cover two unanticipated large losses in a single year.

A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

SELF FUNDED HEALTH INSURANCE

2010 BUDGET NARRATIVE HIGHLIGHTS

The County Human Resources Department is responsible for overseeing the activity of this fund.

This fund was created in 2000 to account for the new self-funded health insurance.

The County has purchased stop loss insurance, which takes over when medical expenses for an individual exceed \$75,000 in a plan year. Stop loss insurance pays all claims up to a maximum of \$2 million.

Premiums are budgeted at a level to cover total expenses.

Premiums are charged to departments based on employees enrolled in the program. Those premiums are included in each departments budgeted fringe benefit expense for the year.

The plan is administered by a third party administrator so there is no County staff assigned solely to this activity.

FUND BALANCE:

A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

SELF FUNDED DENTAL INSURANCE

2010 BUDGET NARRATIVE HIGHLIGHTS

The County Human Resources Department is responsible for overseeing the activity of this fund.

Premiums are charged to departments based on employees enrolled in the program. Those premiums are included in each departments budgeted fringe benefit expense for the year.

The plan is administered by a third party administrator so there is no County staff assigned solely to this activity.

Summary of Fund Activity:

The fund has been budgeted to produce a deficit of \$108,500 during 2010. In 2010 premium revenues have been set to produce a deficit for the year to draw down fund balance. A fund balance of around \$300,000 is more appropriate for this fund. The planned deficit will accomplish this.

A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009	\$ 722,416	
Significant changes to revenues:		
Significant changes to expenses:		
Labor & fringes	35,661	Increase in wages due to 2009 under budgeted. Increase in fringes due to increased cost of health insurance and Wisconsin Retirement
Collection services	6,500	Increase due to the use of a collection agency to administer the Tax Refund Intercept Program (TRIP) for us. This allows us to capture state income tax refunds and apply them to customer outstanding receivable balances when they are delinquent in paying the County for services. Collections through the TRIP system have provided us with much more revenue from delinquent accounts than in the past. Since the fee we pay to the collection agency is a function of collections, as they go up, so do the fees.
Other small changes	(9,425)	This is a combination of small increases and decreases to revenue and expense accounts.

PROPERTY AND LIABILITY INSURANCE FUND

Department: 631-721 Fund: Property and Liability
2010 BUDGET NARRATIVE

DEPARTMENT HEAD: Charles L. Orenstein, CPA
LOCATION: Winnebago County
448 Algoma Boulevard
Oshkosh, Wisconsin 54901

TELEPHONE: 236-4873

MISSION STATEMENT:

To provide adequate property and liability coverage to all County departments. To act as a source to pay property and liability losses, deductibles, and self-insured exposures.

PROGRAM DESCRIPTION:

Insurance is purchased from various outside insurance agencies to cover things such as buildings, contents, mobile equipment, certain motor vehicles, builders risk, comprehensive liability, errors and omissions and other coverages. Premiums are charged back to County departments. Losses are processed through this department. Different deductible limits are set for various types of losses. Deductible payments are made through this department and get charged back to user departments as additional insurance charges. All departments are charged for a portion of the deductibles based on their loss histories. The staff in this department follows up on losses and obtains funds from the damaging party's insurance companies (called subrogation) where possible.

PROPERTY AND LIABILITY INSURANCE FUND

2010 BUDGET NARRATIVE

HIGHLIGHTS

Winnebago County along with the majority of other Wisconsin counties participates in WCMIC, a risk-sharing pool, for its liability insurance. Premiums are paid to WCMIC annually, there is a \$50,000 deductible per incident with a policy limit of \$10,000,000 per occurrence. This insurance covers general liability, personal injury liability, automobile liability, law enforcement liability and public official errors and omission liability. Dividends by policy year, if available, are based on profit of the entity. The County also self-insures for some miscellaneous items through this fund. This is an internal service fund and as such pays all of the related insurance expenses directly from this fund and in turn charges all departments a "premium" for this coverage which is recognized as revenue in this fund.

Property insurance is purchased through various companies for the different facilities. Again, premiums are charged back to the various departments covered by the policies. Departments are also charged back for a portion of deductible payments based on past history and projections of current year expenses.

We maintain a fund balance of around \$750,000 (plus or minus \$100,000) in this fund to protect us in case there are significant deductible claims to be paid in a short period of time. Normally, a surplus or deficit is budgeted each year so as to maintain the fund balance at the level previously mentioned. Winnebago County has allowed the fund balance to build up in the most recent years due to the uncertainty of the insurance industry and possible premium increases.

FUND MANAGEMENT:

The fund is managed by the Finance Department. Claims covered by the liability insurance program are handled by WCMIC. All self-insured claims are handled by the Finance Department.

SUMMARY OF 2010 ACTIVITY:

A small deficit of \$808 is budgeted for 2010. Insurance purchased from the outside to cover the County has declined in recent years and will continue in 2010. Claim payments remain relatively stable as will insurance recoveries. However, these are difficult to forecast. A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

2009 ACCOMPLISHMENTS

1. Continued participation in the FoxComm Consortium activities – both Fiscal Advisory Board and User Technical Committee.
2. Furthered the plan for the relocation of the fiber terminated at the Park View Pavilion due to the razing of that building.
3. Participated in evaluating the decision regarding Park View remodel versus Oshkosh B’Gosh move.
4. Planned and implemented an upgrade to the County voice mail system including a voice recognition aspect (Nuance).
5. Completed the upgrade of the PeopleSoft HR system.
6. Participated in a Microsoft class action suit in which the County received \$32,285.
7. Managed the project of selecting a new digital dictation system.
8. Managed the project of selecting a new application for Finance and/or Human Resources.
9. Modernized some aging applications by converting them from VB6 to VB.NET. Converted databases where needed from Sybase to Microsoft SQL. [e.g. Electronic Claims, Marriage License, Permit Zone]
10. Enhanced the timecard application by implementing an accrual module and integrating PTO tracking for salaried employees.
11. Planned and created some new applications including tracking for field training for the Sheriff’s Office and a mortuary tracking program.
12. Implemented a Positive Pay system for reporting actual pay and benefits to employees.
13. Continued to get as much return as possible for retired equipment via the Public Surplus or other venues for resale.
14. Assisted in the implementation of a new in-squad video system for the Sheriff’s Office.
15. Upgraded the wireless access point for the Sheriff’s Office to accommodate additional uploads from the squad cars. [e.g. video]
16. Develop a plan for the relocation of the fiber hub located on the Park View campus.

17. **Reduced the number of print devices and fax with the implementation of the multi-function copiers.**
18. **Assist with the selection and implementation of a new County Board voting system.**
19. **Upgraded the fiber connection between the Courthouse and Oshkosh Human Services.**
20. **Completed an agreement to allow the Neenah School District to extend fiber to all the schools.**
21. **Assisted in the installation of a security camera system for Park View.**
22. **Assisted with the procedure for a secure electronic transfer of evidence from the Sheriff's Office to the District Attorney's office.**

2010 GOALS & OBJECTIVES

1. **Complete the implementation of a new County web site design.**
2. **Complete the implementation of the new Financials software with a go-live goal of January 2011.**
3. **Provide on-going input and support for both the FoxComm Fiscal Advisory Board and the User Technical Committee.**
4. **Plan and execute a move for the IS department and data center.**
5. **Continue to reduce energy consumption where possible with server virtualization and consolidation.**
6. **Continue to offer in-house training.**
7. **Work to transfer ownership of the content management of our County Website to participating departments where appropriate.**
8. **Implement electronic payment processing for ForwardHealth and Medicare claims.**
9. **Complete the implementation of the digital dictation system.**
10. **Begin converting electronic claims to comply with a new mandate for the structure of the transaction data due by 2011.**
11. **Continue the replacement plan of CRT monitors with LCDs.**
12. **Complete a new fiber path between the Fairview radio tower and the Sunnyview radio tower to create a backup route.**
13. **Replace aging fiber to the Recycling Center.**
14. **Continue to monitor and manage all aspects of the telecommunication costs.**
15. **Research and implement a new Helpdesk software program.**
16. **Upgrade the hardware and software serving the Register of Deeds department.**
17. **Participate in the security committee for the County Courthouse and other buildings.**
18. **Continue to actively manage our intrusion detection and prevention for the Winnebago County network.**

There are no changes in the table of organization for 2010.

COUNTY LEVY: The tax levy for 2010 is \$1,866,895, an increase of \$38,039 or 2.1% over 2009.

TECHNOLOGY REPLACEMENT FUND:

The technology replacement fund was established in 2000. This fund was established to accumulate funds for the replacement of personal computers, desktop software, servers and other devices related to our computer network. Rather than borrowing for these rather short-term items, it would be more appropriate to accumulate funds and pay as we go. A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - Information Systems

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009	\$ 1,828,856	
Significant changes to revenues:		
DP charges	(5,000)	Increase due to increase in charges to Solid Waste
Significant changes to expenses:		
Labor & fringes	(37,732)	Decrease in wages due to staff retirements. Replacements will be at lower pay rates and there will be savings during vacancy periods. Increase in fringes due to higher fringe rate.
Computer software	30,000	Increase due to new helpdesk software to replace old one.
Data processing	75,089	Increase due to Brown County withdrawal from FoxComm. Costs must now be split among three instead of four counties.
Other equipment	(25,000)	Decrease due to less equipment being requested in 2010
Other small changes	682	This is a combination of small increases and decreases to revenue and expense accounts.

2009 ACCOMPLISHMENTS:

1. Continued work on the Legal Assistance Clinic with the Oshkosh and Menasha Public libraries. The clinic has served over 300 clients as of June 2009.
2. Began work on documenting job duties. This has given us another opportunity to look for efficiencies and will be a resource for training future employees.
3. Initiated a work group for the implementation of e-filing in the courts. This will allow litigants to file their actions from their home or office. It will also reduce data entry time for court staff. Implementation in family matters is anticipated 4th quarter 2009.

2010 GOALS & OBJECTIVES:

1. Expand e-filing to other case types; civil and small claims.
2. Work with each division and the Legal Assistance Clinic to improve customer service to non-represented litigants, by developing user friendly handouts and resources.
3. Continue work with Congress to get Federal Tax Intercept implemented for unpaid court costs, fines and forfeitures in an effort to increase payment compliance by defendants and increase revenue for the State and County.

JAIL IMPROVEMENTS FUND

2010 BUDGET NARRATIVE HIGHLIGHTS

DESCRIPTION: The Jail Improvements Fund is a separate fund created under Wisconsin Statutes which receives money when fines and fees are assessed for things such as traffic violations. Monies accumulated in the fund can only be used for jail construction or improvement costs. The funds can also be used to retire debt incurred for that purpose.

COUNTY LEVY: There is no property tax levy for this activity.

FUND BALANCE: A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

MISSION STATEMENT:

To provide modern facilities and support services for Aviation-related activities that will enhance sustainable economic development of the region.

PROGRAM DESCRIPTION:

ADMINISTRATION Handle accounting and record keeping, conduct correspondence, maintain statistics, administer leases, negotiate and write contracts, collect and assemble operations statistics, update operations and security manuals, manage personnel, plan and direct airport development, promote and market airport services, supervise daily airport operations.

FIELD MAINTENANCE Maintain a safe operating Airport in compliance with Federal and State regulations and directives. Operations include grass mowing, snow plowing, lighting system and pavement maintenance. Conduct FAA-required inspections and correct deficiencies.

MAINTENANCE SHOP Perform routine, preventative, and repair maintenance on the airport's fleet of grass mowers, snow plows and blowers, trucks, and other specialized equipment.

FIRE STATION Maintain the airport-owned fire station, manned by City of Oshkosh firefighters in a joint-use facility. Provide the minimum training required by the FAA.

TOWER Maintain a facility to provide air traffic control services and provide an area-wide FAA equipment repair base.

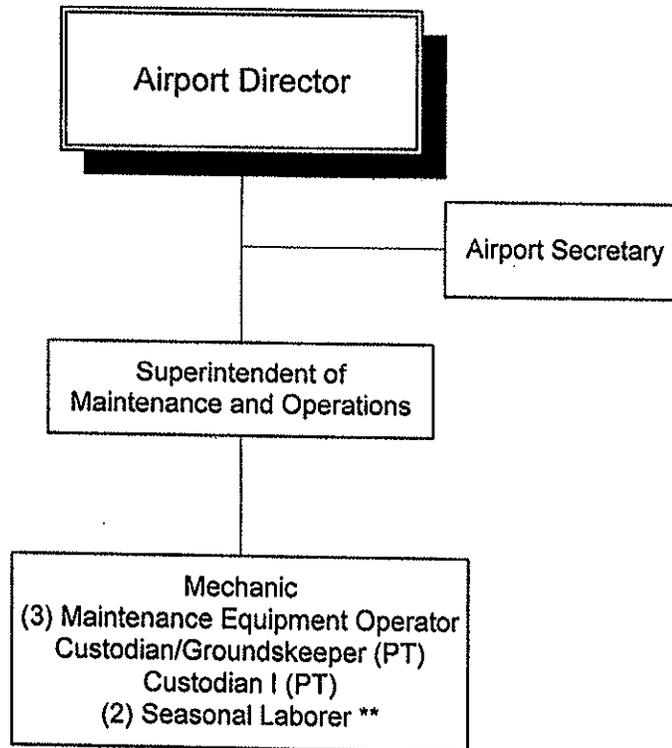

TERMINAL BUILDING Provide a central airport facility to host aviation and non-aviation related businesses and airport administration. Rent available space to concessionaires.

WEST TERMINAL BUILDING Continue full rental occupancy and maintain this facility as a long-term, revenue-producing asset.

OTHER BUILDINGS Fulfill contractual obligations by maintaining over thirty county-owned buildings, many over 40 years old. These buildings include T-hangars, multi-aircraft storage hangars, and a full-service fixed base operation. Provide hangar facilities to meet all aspects of general aviation.

UNCLASSIFIED EXPENSE Track capital outlay, including Federal and State grant programs.

COUNTY LEVY: The Highway Department operates as a proprietary type activity and as such does not have a direct tax levy. The department provides county road maintenance, which is charged back to the general fund. The department also does work for the State and other municipalities within Winnebago County and bills those units of government for services provided.

The 2010 tax levy in the General Fund for County Road Maintenance is \$295,982 a decrease of \$105,214 or 26.2% under the 2009.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - Highway

Impact on the Operating Budget (Excludes Debt Service)

Account	Amount	Description
Significant changes from 2009		
Budgeted surplus / (deficit) - 2009	\$ (9,335)	
Significant changes to revenues:		
Highway services - Intergovernmental	(154,298)	Decrease projected in billings to the State and local units of government - less work projected due to economic conditions.

Notice in the "Annual Percent.Increases" column that they almost all show 100% decreases. That is because we started to allocate the income to each cost center. All costs of the department are charged out as part of the fees for services to recover costs. Because this is a proprietary activity, the fund must earn revenues to offset all expenses if it is to remain off the tax levy.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - County Road Maintenance

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009	\$ 401,196	
Significant changes to revenues:		
Transportation aids	47,980	Anticipated decrease of state aid
Other state highway grants	169,381	Account is decreasing primarily due to a change in how we are recording the State CHIP funds. They were coming into this cost center then being transferred to capital project funds for road improvements projects. Now we will record the revenue directly in the capital project funds.
Other transfer in	(156,958)	Increase transfer from Highway Funds
Significant changes to expenses:		
Operating grants	33,800	Increase in culvert/bridge aid to Town requests
Repair & Maint. - Streets	(300,000)	Decrease due to more funds being used for road improvements verses road maintenance, therefore the expenses will be accounted for in capital project funds.
Transfers out	100,000	To record the transfer to the capital project funds
Other small changes	583	This is a combination of small increases and decreases to revenue and expense accounts.
Tax levy 2010	\$ 295,982

UNDERGROUND STORAGE TANKS

2010 BUDGET NARRATIVE

HIGHLIGHTS

DESCRIPTION: This section is used to account for revenues and costs the County incurs to clean up underground storage tanks and related ground contamination.

COUNTY LEVY: There is no tax levy in 2010. The reserves in this area are no longer needed as all of the County's underground tanks have been replaced. Most of the remaining funds have already been transferred out.

FUND BALANCE: A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

Total	28	30	31	26	26	26	25	25	26	27

During 2009 a Public Health Aide was added to the table of organization with County Board approval.

COUNTY LEVY: The tax levy for 2010 is \$938,826, an increase of \$15,061 or 1.6% over 2009.

As mentioned earlier, Public Health is a special levy because not all municipalities participate. Cities can elect to not be covered if they have their own Health Department. Because of this, the surplus or deficit of the Health Department does not close out to General Fund balance at year end. It is closed out to its own fund balance.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - Public Health

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009	\$ 923,765	
Significant changes to revenues:		
Intergovernmental revenues	(156,775)	Increase primarily due to a grant for Drug Free Communities
Significant changes to expenses:		
Labor & fringes	137,341	The increase is partially due to the fact that the 2009 budget was under estimated. Also, a position was added during 2009 due to an increase in the WIC program. Larger case load, , partially due to increases in unemployment. Part of the increase is also due to normal wage increases. Some is also attributable to higher fringe benefit rates in the areas of health insurance and Wisconsin Retirement rates that have increased.
Other contract services	16,000	Increase due to costs associated with the Drug Free Communities grant.
Other operating expenses	15,570	Increases are associated with expenses related to the Drug Free Communities grant.
Other small changes	2,925	This is a combination of small increases and decreases to revenue and expense accounts.
Tax levy 2010	\$ 938,826

2009 ACCOMPLISHMENTS:

1. CVSO is currently serving as the chairman of the CVSO Advisory Counsel which has had significant input to the Board of Veterans' Affairs regarding the implementation of new programs and modifications to existing programs. The CVSO has also been reappointed for another year to the Finance Committee.
2. By implementing the Veterans' Information Management System (VIMS) several issues have come to our attention and we are continuing to work, analyze and implement routine modifications to accommodate our observations.
3. We have accessed the resources available through the N.E.W. Curative Rehabilitation, Inc. and have implemented a ½ FTE equivalent who is currently coordinating the transportation program for veterans to get to their appointments at VA medical facilities.
4. Entire staff is now accredited through the Wisconsin Department of Veterans' Affairs. The Director and Deputy have also been accredited through the American Legion. Both have also attended the CVSO conferences and received extensive educational training on the appeals process. They have also been in tune with the continuing changes to the Wisconsin GI Bill and the Post 9-11, Chapter 33 Federal GI Bill.
5. CVSO has attended multiple activities to include Post, District and local veterans' service organizations. Also participated in veteran related activities sponsored by non-veteran organizations including being a Rapid Response Team member for businesses affected by the current economic climate. Previously held and currently planning the 2nd Annual Veterans Benefit and Recognition Fair.

2010 GOALS & OBJECTIVES:

1. Promote public awareness of veterans' and veterans' programs by the use of written, electronic and mechanical media. With the new Post 9-11 GI Bill and the enhanced property tax provision offered to veterans we will distribute brochures, make these topics of discussion at public forums and distribute news releases during the course of the year. In the spring of the year we will give special emphasis to WDVA's Home Loan Program.
2. Implement proposed changes to the transportation program to promote efficiency and preserve consideration of limited resources.

- 3. Pursue an efficient and user friendly means of communication with the Federal Department of Veterans Affairs' to afford improved representation of veterans claims.**
- 4. Continue staff enhancements. Evaluate staffing needs and make adjustments as appropriate.**
- 5. In the area of claims submission and development, continue to represent local veterans in the legislative and administrative process by serving on boards and committees associated with such activities to include the Wisconsin Department of Veterans' Affairs.**

There is a Secretary II position added to the table of organization for 2010. The reason for adding the position is to improve quality of customer service and to make more staff time available for assisting veterans in obtaining benefits and evaluating their needs. Also, to increase the timeliness of responding to veteran requests.

COUNTY LEVY: The tax levy for 2010 is \$367,112, an increase of \$35,592 or 10.7% over 2009.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - Veterans

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009	\$ 331,520	
Significant changes to revenues:		
Significant changes to expenses:		
Labor & fringes	28,678	Increase in wages due to normal wage increase. Fringe benefits are up partially due to the higher cost of health insurance and Wisconsin Retirement and also because the prior director did not take family coverage. The current director does which means higher rates.
Other small changes	6,914	This is a combination of small increases and decreases to revenue and expense accounts.
Tax levy 2010	\$ 367,112

In continuing effort to enhance services solicit other local private providers as they become available.	Increase number of county licensed foster homes, to lessen reliance on private agency foster homes that are not local and are more expensive.	Reiterate processing requirements at team meetings.	Increase availability of adult foster family homes through more intensive recruitment and selected placement activity.	Automated manual HSRS-Core state reporting which in turn enhanced direct care staff time.
Expand after-hours MH/AODA Crisis Service capability to provide in-home safety checks for CW families.	Enhance and support foster family skills, to more effectively manage challenging child behaviors.	Participate in community collaboration meetings.	Identify with other division staff the potential waiver eligible of children based on outcome plans.	Participated in Family Care/ADRC planning process.
Provide necessary AODA assessment services to CW Division individuals/families when no other private service options exist.	Moved foster homes, kinship & day care certification programs to one program supervisor to improve availability and use of these community based providers.	Prioritize communication with other Human Service staff to facilitate excellent customer service.	Identify adults currently not on MA Waiver, reassess to determine waiver eligibility or identify future plan.	Provided additional level of support to BH Crisis Team that has resulted in more direct service hours.
Ensure BH staff trained/re-trained regularly regarding Medical Assistance eligibility for BH consumers.	Moved and changed eWISACWIS duties resulting in now having three full-time foster home social workers to better support our foster home program.	As Economic Support program changes arise, notify divisions affected and give details.	Supervisor/Service Coordinator meeting immediately when known institutionalization is about to or just occurred.	implemented department-wide imaging system to include consumer/client and business records.
Work with law enforcement and hospital emergency rooms to coordinate diversions.	Collaborated with BH Division and expanded in-home safety checks for child protective services for families, to keep more children safely in their homes.	Staff will attend community agency meetings to answer questions and give updates.	Continue to screen all Long Term Support referred children, per their assessed needs and plans.	Assumed additional purchasing responsibility thereby freeing up worker time.

ADMINISTRATIVE SERVICES DIVISION

MISSION STATEMENT

To provide strategic planning and support in the fiscal and administrative areas of Human Services as it relates to the programmatic aspects of service delivery. Our goal is to ensure that all services delivered by the Department are in accordance with established federal, state and local requirements at minimal cost to the taxpayer. We strive to provide timely cost-efficient services to our consumers that will enhance the quality of their lives.

HIGHLIGHTS

The Administration Division shows an increase in tax levy of \$129,117 or 13.9% resulting from a net increase in total expenses of \$18,765 (.6%), mostly attributable to increased fringe expense. Also contributing is a net decrease in revenues of \$110,352 or (4.8%), mostly the result of the State reduction in the BCA grant.

COMPARATIVE LEVY IMPACT / VARIANCE SUMMARY

2009 Budgeted Levy **\$ 929,297**

Revenue Changes:

Intergovernmental - Decrease	357,707	BCA allocation was reduced by the State for 2010.
Intergovernmental - Decrease	15,000	SACWIS grant related revenues lower due to less admin hrs and lower reimb rate (now 30%).
Interfund Revenue - Decrease	43,091	Income Maintenance Allocation was reduced by the State for 2010.

LONG TERM SUPPORT SERVICES DIVISION

MISSION STATEMENT

To discover and promote individual-directed, natural, community-based supports and services to meet identified outcomes for all persons eligible for services within the Long Term Support Division.

HIGHLIGHTS

The Long Term Support Division shows a decrease in tax levy of (598,371) or (10.3%). This decrease in levy is due to Family Care starting up effective 7/1/2010. There is a net decrease in expenses of \$11,359,913 (29%), representing 6 months of community based services for the elderly and disabled that will no longer be provided via Winnebago County. Overall, revenues decreased \$10,761,542 (33%) due to discontinuance of the Waiver Programs (including Administrative revenues). Offsetting the loss of the LTS revenues are the following new revenue sources: ADRC, APS, MMA Elder Benefit Specialist Funds, COP Risk Reserve and Lease Revenue.

2009 ACCOMPLISHMENTS:

1. Received a national Design 2009 Citation of Merit Award co-sponsored by SAGE (Society for Advancement of Gerontological Environments) and The Center for Health Design. The award was for exceptional use of master planning and settings/designs that promote seniors' highest levels of physical and cognitive functioning and emotional well-being in ways that support their dignity, self esteem, and quality of life.
2. Received donations and grants totaling approximately \$23,700 through June 2009. Sought new grant opportunities this year from the Festival Food program and Appleton Cardiology.
3. Implemented the clinical component of the electronic charting software system.
4. Utilizing grant money and private donations, installed closed circuit television in the Great Room that enables residents to view church services and other group activities on their televisions in their rooms. Implemented a "house" channel for residents to access up to date information on activities, menus and other items of interest.
5. Offered a new service to residents of soft touch massage therapy.
6. Carried out extensive planning for pandemic including resident syndromic surveillance and employee health surveillance.
7. Purchased a new replacement wheelchair van.
8. Installed perimeter fence between Park View and the Parks Department with the understanding that it does not denote a new lot line.
9. Continued our efforts to connect with the local community through combined programming with UWO for 5 "Preludes at Park View recitals, 8 Learning in Retirement programs, Leadership Oshkosh, Student Government, student internships, FVTC tours and a Park View representative on the Oshkosh Committee on Aging.

2010 GOALS & OBJECTIVE:

- 1. Continue to evaluate and address storage needs for the facility.**
- 2. Maintain and continue to develop landscaping of the campus.**
- 3. Determine campus development in regards to garden walkways and future long range plans.**
- 4. Complete the final phase (physician orders) of the nursing home software system.**
- 5. Provide one registered nurse with MDS Certification training in order to improve reimbursement for services rendered.**
- 6. Recertify all Food Service cooks for "ServSafe" sanitation classes.**
- 7. Replace linear tray make-up in Food Service and implement pod tray make-up concept.**
- 8. Train all staff on using basic Incident Command System for responding to emergencies.**

LOCATION: 1478 Midway Road
Menasha, WI 54952

TELEPHONE: 832-2610

MISSION STATEMENT:

The University of Wisconsin-Fox Valley delivers accessible and high quality university education providing liberal arts and pre-professional instruction that engages students in baccalaureate and professional programs. The learning environment allows our students to seek and discover their potential for leadership, service, and responsible citizenship and encourages life-long learning. UW Fox Valley serves our community through civic engagement by providing access to information, knowledge and cultural enrichment opportunities. The University of Wisconsin-Fox Valley will be an innovative and responsive educational leader, providing superior education to undergraduate students and improving the quality of life and work in the region.

PROGRAM DESCRIPTION:

Through an agreement made in 1959 with the State of Wisconsin, Winnebago and Outagamie Counties jointly own the buildings and grounds of the campus of the University of Wisconsin-Fox Valley. County funding provides for the maintenance and improvement of these campus facilities. The University of Wisconsin, with state, federal and program funds, provide the campus budget for salaries and program expenses, totaling \$8 million for the 2008-2009 fiscal year, with an economic impact on the local economy of \$20 million. Additionally, UWFox students received \$4 million in scholarships, grants, loans, and work-study earnings in 2008-09, adding further to the economic impact in the Fox Cities. The campus web site is <http://www.uwfoxvalley.uwc.edu>.

The University of Wisconsin-Fox Valley commits itself to the following goals:

- (a) To plan and deliver the freshman-sophomore years of baccalaureate programs and professional studies.
- (b) To place major emphasis on teaching excellence.
- (c) To support the development, testing, and use of effective teaching methods.
- (d) To assess the learning outcomes of our students.
- (e) To foster the development and provide collaborative bachelor's degree programs in high-demand areas for adult learners, including Organizational Administration, Leadership Development, Mechanical Engineering, Electrical Engineering, and American Studies.
- (f) To provide in collaboration with UW Oshkosh an accelerated path for teacher certification and licensure.
- (g) To expect scholarly activity including research, scholarship and creative endeavor, that supports its programs at the associate degree level.
- (h) To serve the citizens in the UW-Fox Valley service area by (1) promoting the integration of the extension function and encouraging faculty

and staff to participate in outreach activity through, for example, providing continuing educational programs, (2) facilitating the delivery of programs offered by other University of Wisconsin System institutions.

- (i) To participate in inter-institutional relationships including but not limited to private colleges, public schools, other University of Wisconsin institutions, the College of the Menominee Nation, and the WTC System in order to maximize educational opportunity and resources for the citizens of the area.
- (j) To serve the special needs of minority, disadvantaged, disabled and nontraditional students, especially those in immediate service areas.
- (k) To provide opportunities for cultural enrichment.
- (l) To make available, as a service to business, industry and the general public, the unique professional expertise of the faculty and staff.

2009 ACCOMPLISHMENTS:

- 1. Achieved an enrollment of over 3,500 students in freshman and sophomore courses that lead to a university degree.**
- 2. Served and additional +4,000 community members through Continuing Education courses, WisView Network programs and other educational offerings.**
- 3. Served as host site for more than 50 different community and state-wide organization meetings, with hundreds of meetings held on campus during the year.**
- 4. Completed construction of the communication arts center on time and within the budget provided by Winnebago County and Outagamie County, and supplemented by \$2 million raised by the UW Fox Valley Foundation. The facility opened for classes, public presentations and community use in Fall 2009.**
- 5. Through salaries paid and campus purchases, the campus has an economic impact on the local economy of \$20 Million.**
- 6. More than four hundred (400+) students enrolled in collaborative baccalaureate degree programs with UW Oshkosh in Organizational Administration, with UW-Platteville in engineering, and with UW-Stevens Point in general studies. Students will be able to complete an undergraduate degree while attending the UWFox campus. Work is underway to expand the collaborative degree program with other UW institutions.**
- 7. The Barlow Planetarium and the Weis Earth Science Museum continued to provide unique, high quality educational opportunities to citizens from around the area and from around the world. These science educational facilities provide one of the best K-12 educational opportunities in the state. In the past year the Barlow Planetarium hosted 37,200 people attended shows and programs including 22,300 school children. The Weis Earth Science Museum was visited by more than 17,000 people, including 11,500 school children.**

8. The campus art gallery, dedicated to the works of Wisconsin and contemporary artists, sponsored 8 exhibitions during the year. In addition to campus students, more than 1,000 visitors from the community viewed the exhibitions and attended talks by the artists.

2010 GOALS & OBJECTIVES:

Goal: Provide educational, cultural, and economic opportunities, primarily to the residents of Outagamie and Winnebago Counties.

Objectives:

1. Serve approximately 3,500 students with high-quality, close-to-home, and reasonably priced university education through the sophomore year, and assist those students in completing university degrees through successful transfer.
2. Receive and originate distance learning courses, including compressed video as part of the UW Colleges distance education network.
3. Offer students a well-rounded university experience, including opportunities for out-of-class experiences relevant to their education and similar to those offered to students at any other outstanding university.
4. Serve approximately 4,000 adult residents through continuing education courses and programs including opportunities through distance learning technologies.
5. Serve approximately 65,000 residents through cultural resources including the University Theatre, Aaron Bohrod Gallery, Barlow Planetarium, Weis Earth Science Museum, UW Fox Valley Concert Band, UW Fox Valley Chorale, UWFox Scholars Series, and meeting and seminar facilities.
6. Continue exploration of UW-Fox Valley's role in FOXNET.

Goal: Develop, manage, and maintain the buildings and grounds of the campus in an effective and cost-wise way.

Objectives:

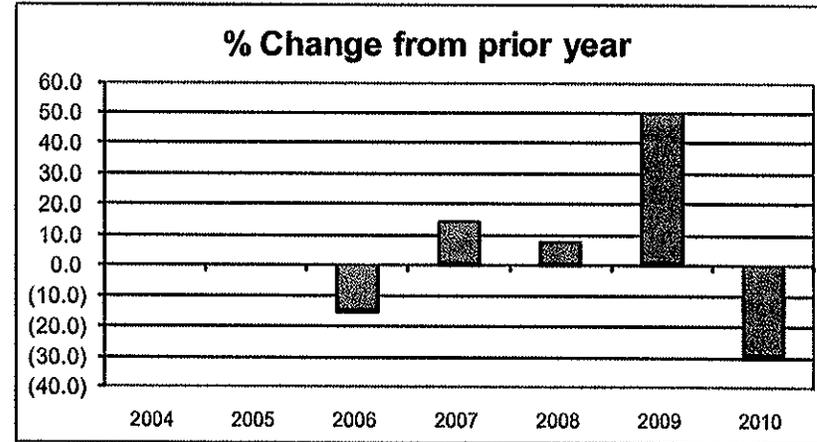

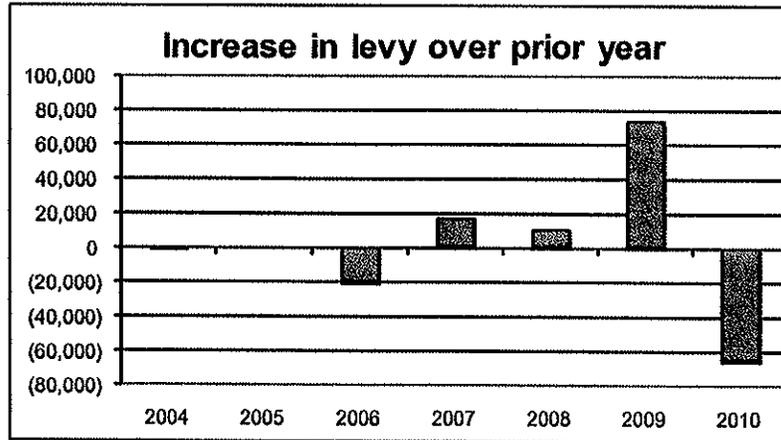

1. Continue development and implementation of a strategic plan for maintenance and repair.
2. Continue to work with County leaders to plan for long range improvements to the facility. Efforts include bringing the building purchased by the counties in 2008 into condition to fully utilize the space available and facilitated improved service to the community by the UW.

MISSION STATEMENT:

To provide Winnebago County residents with access to university resources and opportunities to engage in lifelong learning, wherever they live and work. Programs support the community, youth, families and agriculture. To ensure educational programs meet local needs, staff seek input from residents and community leaders throughout Winnebago County.

PROGRAM DESCRIPTION:

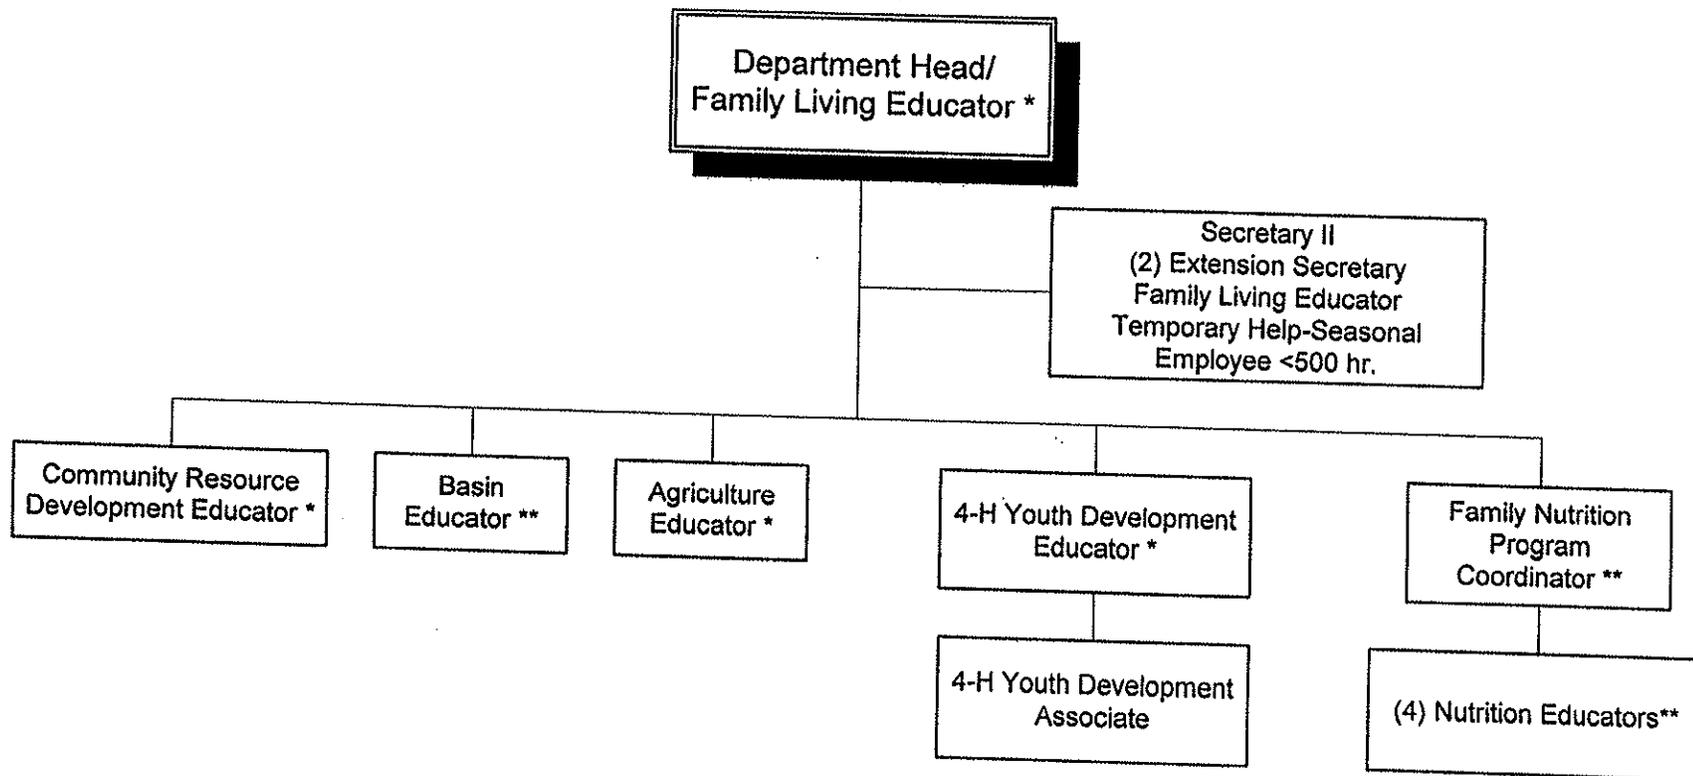

COMMUNITY, NATURAL RESOURCE and ECONOMIC DEVELOPMENT Programs strengthen the ability of citizens, businesses, community leaders and local officials to identify and solve critical community needs and issues. Focus is placed on local government, community development, natural resource management and business and economic development. The Basin Education Program for the Fox-Wolf River Basin is housed in Winnebago County and focuses on building partnerships to address basin-wide natural resources issues.

4-H YOUTH DEVELOPMENT Wisconsin's 4-H mission "UW-Extension 4-H Youth Development integrates research, education and community based partnerships enabling youth to learn and practice skills to be productive citizens." Focus on positive youth development brings a diverse and changing population of youth, adults and families together to learn, share and grow in supportive neighborhood groups, 4-H clubs, school enrichment programs, county collaborations and educational activities.

FAMILY LIVING EDUCATION Programs provide education promoting family strengths and help communities become positive environments for family life. Programs respond to issues identified by county needs assessments to help families and individuals make decisions about family relations/parenting, money management/maximizing resources, food safety and quality, housing, environmental resources and strengthening community/family partnerships. Programs and collaborative efforts with agencies focus on building community capacity to deal with family issues and concerns. The Family Nutrition Program targets food stamp eligible families with nutrition and food safety information.

AGRICULTURE, HORTICULTURE and NATURAL RESOURCES Agriculture programs are designed to provide farm operators with the latest information to empower them to improve crop and animal production practices, financial management, environmental protection, and marketing. On-farm research and demonstration is emphasized. Horticulture programs provide an education foundation for the use, production and maintenance of horticulture in an environmentally responsible manner. Programs focus on developing the knowledge and skills of Master Gardener Volunteers in order to empower them to respond to home horticulture inquiries. Through the community gardens initiative, leadership and support is provided to garden sites so that people may be able to raise food for their families.

There are two changes in the table of organization for 2010. The Family Living Coordinator position is being changed to full-time (from being an 80% position). Due to economic conditions there has been an increase in needs for financial management topics. Foreclosures, evictions and credit problems have significantly increased the demand for services. A part-time Extension Secretary position has been eliminated. Many County Fair clerical responsibilities have been transitioned out of the office and year-round duties have been shifted to other support staff.

COUNTY LEVY: The tax levy for 2010 is \$487,415, an increase of \$11,550 or 2.4% over 2009.

2010 BUDGET NARRATIVE

DEPARTMENT HEAD: Robert A. Way
LOCATION: Winnebago County
625 East County Road Y
Oshkosh, WI 54901

TELEPHONE: 232-1961

MISSION STATEMENT:

To provide for the physical maintenance and development of County-owned park lands; offer recreation programs; provide access to, and navigation aides for, the major bodies of water; provide multi-use recreation trails; and promote the use of the County Exposition grounds for the annual County Fair and other special events.

PROGRAM DESCRIPTION:

PARKS Provide park sites that can serve as a destination with enough and varied support facilities to provide for a daylong recreation experience on the site.

BOAT LANDINGS Provide quality boat launch sites on major bodies of water that possess site amenities and can serve as day use park sites for boaters and non-boaters alike.

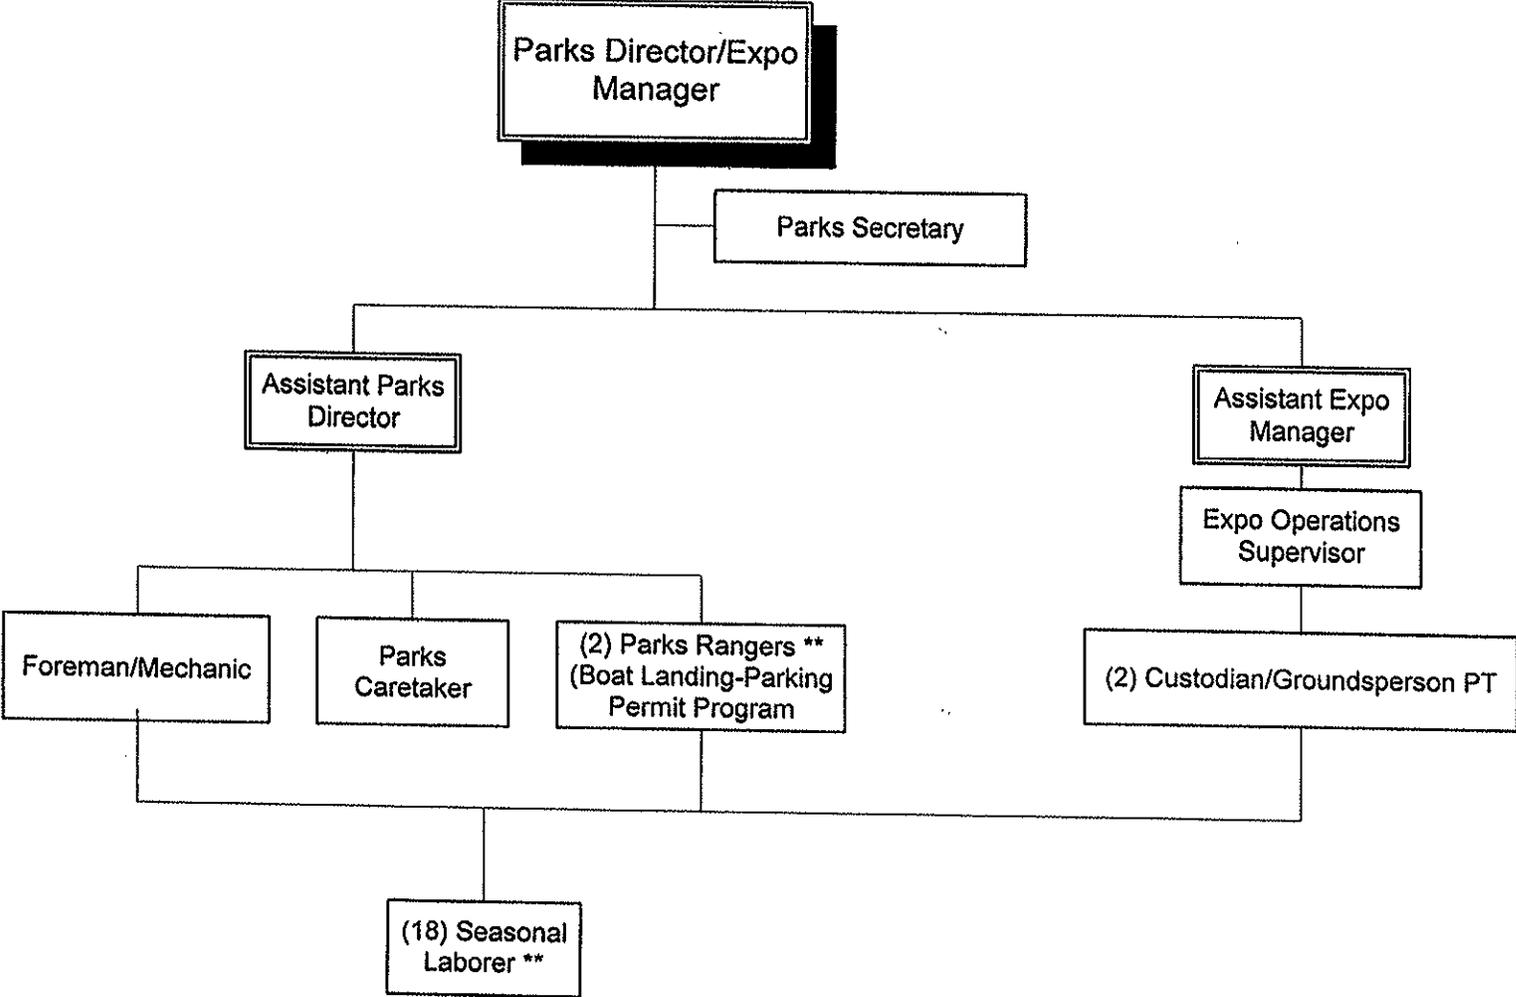

NAVIGATION AIDS Mark major navigation channels throughout the Winnebago County lakes system with both lighted and unlighted buoys to assist boaters in reaching their destination.

RECREATION TRAILS Provide multipurpose trail corridors through ownership and leasing for a variety of recreational activities.

EXPO CENTER Provide a facility where a wide variety of events, festivals, competitive shows and meeting/training sessions can occur.

PRESERVATION AND CONSERVATION AREAS Provide for perpetuation of sensitive lands and areas of historical, archaeological or vegetative significance.

2009 ACCOMPLISHMENTS:

1. Completed additions to Community Park disc golf course with grant funding from the Oshkosh Convention & Visitors Bureau.
2. Provided substantial support to Universal Studios movie production staff in securing and preparing three set locations for filming along the WIOUWASH Trail.
3. Added 3 multi-day horse shows at the Expo Center with potential for an additional three horse shows in 2010.
4. Entered into sponsorship agreements with three new entities at the Service Center thereby producing additional revenue.
5. Utilized 24,000 cubic feet of fill from the County Road Y project to landscape a 3 acre area in the Community Park with two – 14 foot tall berms and prairie plantings.
6. Successfully completed Exposition Center door/door frame replacement project.
7. Installed new updated style of signage throughout the Community Park which is uniform and visible.
8. Encircled large areas of the Asylum Point Boat Landing parking lot with two hundred – 8' long telephone pole sections for the purpose of alleviating the excessive amount of turf damage being done by vandals.
9. A major upgrade was made to the RV camping amenities at the Exposition Center with the installation of three new RV electrical services. Said upgrade will further enhance the County's ability to retain the existing base of horse show promoters/clientele while attracting interest from larger shows currently being held at other venues.
10. Overlaid all road and parking lot surfaces at the Lake Butte des Morts Boat Landing.

- 11. Developed and implemented a Winter Storage Program at the Expo Center as a means for generating additional revenue.**
- 12. Established the Winnebago County-Wide Rummage Sale as a revenue generator for the Parks Beautification Fund.**

2010 GOALS AND OBJECTIVES

- 1. Apply for listing on the State and Federal Registry of Historic Places for Sunnyview Cemetery and Asylum Point Lighthouse.**
- 2. Continue using donations and grant awards to finish the final 9 holes of the 36 hole Community Park Disc Golf Course. Completion of said goal will thereafter act as a major draw to area disc golf enthusiasts and enable the department to obtain additional income as a result of the interest garnered and the associated leagues and regional tournaments that come with it.**
- 3. Upgrade Parks website with IS and re-do Parks brochures in house.**
- 4. Expand provisions of ATM sponsorship program to include additional areas of Parks properties thereby enhancing the revenue generating potential of the program.**
- 5. Pursue further drainage improvements around the Covered Arena and within the Community Park w to add to Oshkosh Storm Water Runo77ff credits.**
- 6. Develop a land use plan for the former beach facilities located in the Community Park**
- 7. Devise and implement new programming opportunities for the Community Park Service Center capable of generating a dependable revenue stream with little commitment in overhead expenses.**
- 8. Restore and improve the erosion protection along 150 feet of shoreline located directly east of the Asylum Point Lighthouse.**
- 9. Continue with third phase of a multi-year project aimed at replacing all the original Expo horse stalls with new portable units.**
- 10. Engage in the '10 boat trailer parking fee program facility improvement project dedicated to making shorewall repairs and other upgrades at the Osh-O-Nee Boat Landing.**

Boat Launch Fee Program - Parks

2010 BUDGET NARRATIVE HIGHLIGHTS

DESCRIPTION: The Boat Launch Fee program is a program that started several years ago. The County instituted a fee for people to launch boats onto Winnebago County waterways. The intent of this was to establish a program that would fund the maintenance of the boat launch's, docks and other boating related facilities therefore removing it from the general tax levy.

COUNTY LEVY: There is no tax levy for this function. It is self supporting from boat launch fees.

FUND BALANCE: A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - Boat Launch Program

Account	Amount	Description
Significant changes from 2010		
Tax levy 2009	\$ -	
Significant changes to revenues:		
Boat landing fees	(5,491)	This is an increase to revenue because historically we have been receiving more. The budget for 2010 more closely reflects historical trends.
Significant changes to expenses:		
Other operating expense category	14,800	The increase is because more costs associated to the program are being directly charged to the cost center.
Other small changes	(11,198)	This is a combination of small increases and decreases to revenue and expense accounts.
Significant changes - other		
Fund adjustments	1,889	The boat launch program is self supporting, funded with boat launch fee revenues and other miscellaneous sources.

2009 ACCOMPLISHMENTS:

1. Completed back-indexing and scanning of over 400,000 vital records, in addition to entering approximately 7,000 new vital records.
2. Recorded 36,000 land record documents.
3. Digitally improved the quality of over 11 years worth of land record documents to make them more readable.
4. Added additional on-line contracts for off-site searching which results in additional revenue.
5. Moved Vital Records from basement of courthouse to first floor office for easier access for the public and increased staff coverage.
6. Started process to redact Social Security numbers from over 3,000,000 land record documents to help prevent identity theft.
7. Offered new Property Fraud Alert program to property owners in Winnebago County to help deter fraud.

2010 GOALS AND OBJECTIVES:

1. Continue to increase number of off-site internet access contracts.
2. Continue to promote electronic recording to save postage costs and provide greater customer service.
3. Continue project of converting microfilm and paper land records for historical preservation, more complete access to records, and to allow for redaction of Social Security numbers.

COUNTY LEVY: The Register of Deeds office has more revenues than expenditures. As such, there is no tax levy for this operation. The excess of revenues over expenditures for 2010 is projected to be \$456,914, a decrease of \$24,770 or 5.7% under 2009. This decrease translates into an overall increase in total County tax levy. That is why the graph below shows this as an increase.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - Register of Deeds

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009 (Note below)	\$ (484,684)	
Significant changes to revenues:		
Significant changes to expenses:		
Labor & fringes	21,674	Increase due to normal wage increases and a higher fringe rate used for 2010.
Small equipment	5,000	Increase due to ordering 2 plat cabinets
Other small changes	1,096	This is a combination of small increases and decreases to revenue and expense accounts.
Tax levy 2010 (Note below)	\$ (456,914)	

Note: This department generates more revenues than expenses. As a result, instead of needing levy money to operate, the surplus generated helps to reduce the rate of increase to the levy.

TELEPHONE: 236-4839

MISSION STATEMENT:

To ensure sound land use growth by implementing the goals of the Winnebago County Comprehensive Plan and providing comprehensive and technical planning assistance to Winnebago County's committees, departments and political subdivisions. To promote Winnebago County as a good place to live and do business. Implement land record modernization technology to reduce the cost of general purpose government and provide better and more efficient access to land records for the public.

PROGRAM DESCRIPTION:

LAND USE PLANNING Prepare and implement ordinances and studies related to land use issues in Winnebago County.

SUBDIVISION REVIEW Review subdivision plats to conform to County ordinances and State Statutes.

ZONING To assure sound land use growth through providing courteous and efficient staff assistance.

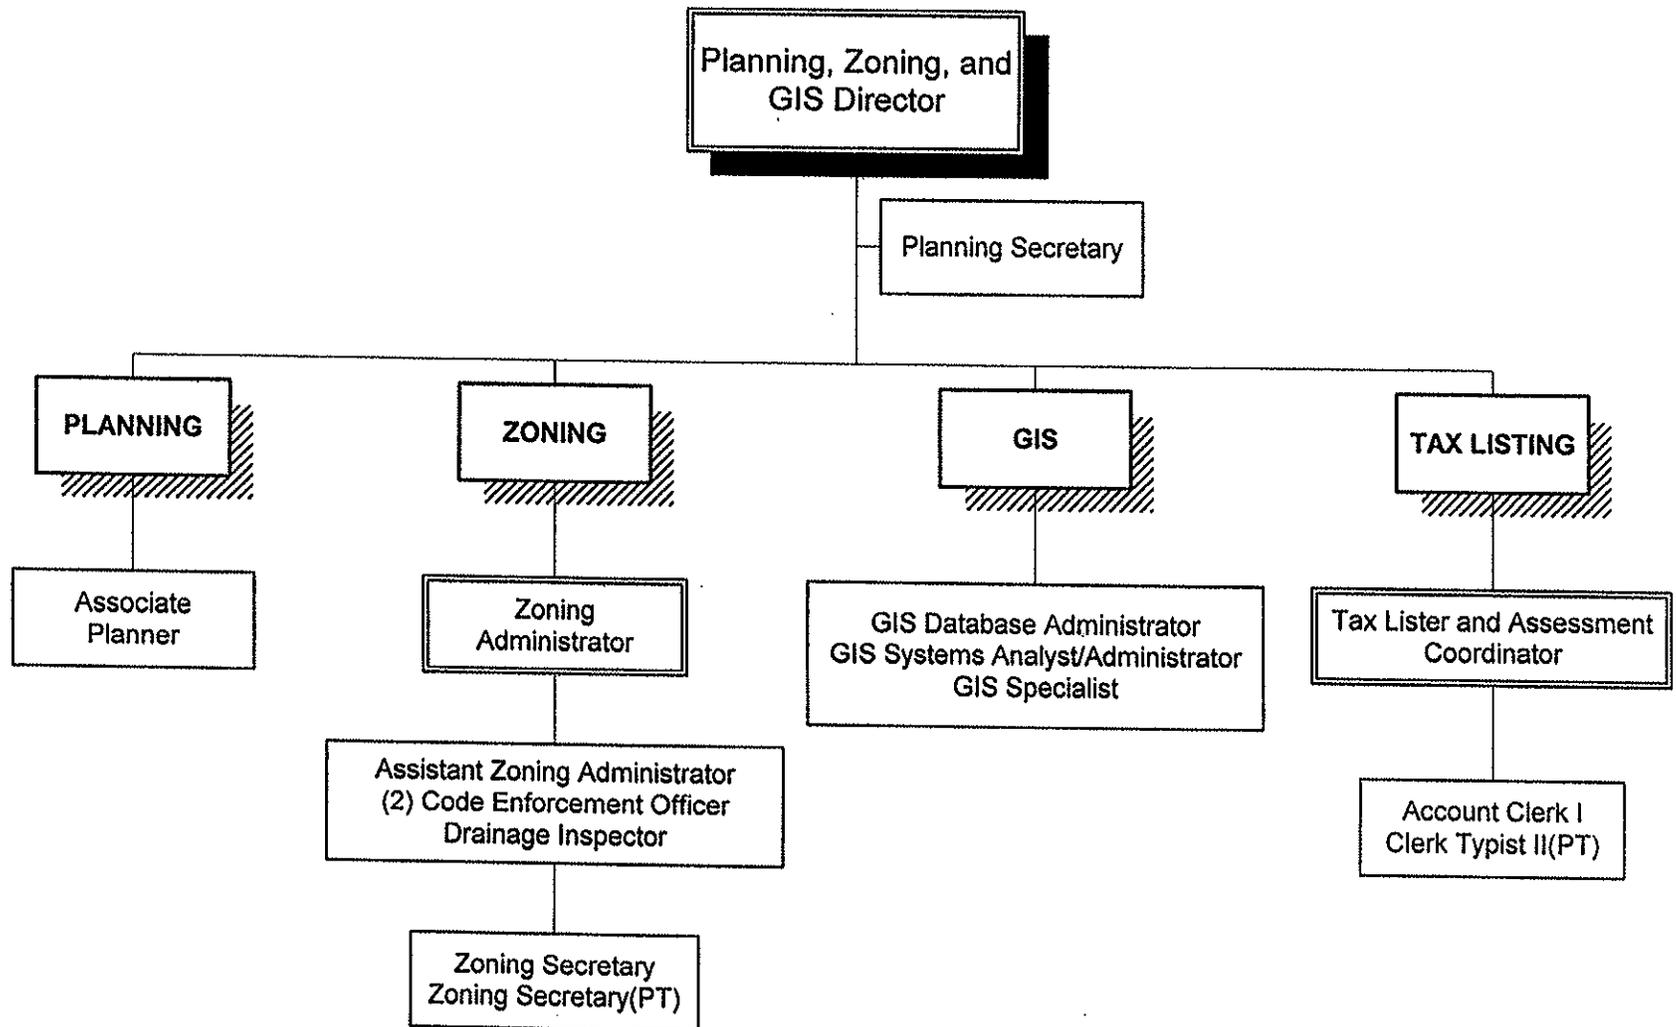

GEOGRAPHIC INFORMATION SYSTEM (GIS) To maintain the GIS database and provide data to all users.

LAND RECORDS MODERNIZATION To provide efficient, low cost, and modernized land records for the public, government officials & private entities.

PROPERTY LISTER To assist cities and towns in annual tax roll preparation and to provide general property listing services and information to the public. Provide to municipal assessors all deed transfers, partitions of land, name and address updates, acreage, assessment and legal description changes. Provide to municipal clerks updated totals for all municipal assessing.

ECONOMIC DEVELOPMENT Develop industrial parks & economic development in the County & its local communities for the purposes of increasing the tax base & creating job opportunities through the Industrial Development Board Revolving Loan Fund & Per Capita Funding Programs.

2009 ACCOMPLISHMENTS:

1. Managed comprehensive revision of County Zoning ordinance project in coordination with various entities such as public, steering committee, local communities, county staff, and consultant.
2. Continued implementation of programs and recommendations for the County Comprehensive Plan.
3. Provided staff assistance to Industrial Development Board on economic development related activities for Winnebago County.
4. Completed the acquisition, quality control check and acceptance of the 2009 Digital Aerial Photography from Aerometric Engineering, Inc.
5. Completed Phase 2 (provided data) of the "Local Update of Census Addresses (LUCA) Program" for the U.S. Census Bureau – 2010 Census.
6. Completed database and map updates for the "Natural Hazard Mitigation Plan" for Emergency Management.
7. Completed the development of the "Disaster Tracker Program" for Emergency Management.
8. Successfully notified approximately 1800 owners of private onsite wastewater treatment systems (septic systems) of the requirement to have their septic tanks pumped out and inspected by a licensed pumper. Full compliance with the septic system maintenance program was achieved.
9. Successfully coordinated a project with the Town of Vinland that re-zoned numerous properties within the town which saved residents and the Town of Vinland time and money by eliminating numerous public hearings at the town level.
10. Continued extensive review of current tax software, in preparation of mass software update.

2010 GOALS & OBJECTIVES:

1. Complete Comprehensive Revision of County Zoning Ordinance and work on transition to implement new ordinance.
2. Commence preparation of County Farmland Preservation Plan pursuant to new state mandate resulting from Governor's budget.
3. Manage the implementation of new state mandated shoreland zoning provisions expected to be adopted within the next year by the state

legislature.

4. **Provide staff assistance to coordinate activities for the Winnebago County Industrial Development Board to enhance economic development in the County.**
5. **Continue to provide assistance to the U.S. Census Bureau “Local Update of Addresses (LUCA) Program for the 2010 Census.**
6. **Continue to implement the State adopted “Land Records Plan for Winnebago County”.**
7. **Update the “Official County Road Map of Winnebago County” and get quotes for printing in 2011.**
8. **Send out the third year of septic system maintenance notices to approximately 1800 residents. Full compliance with the septic system maintenance program is anticipated.**
9. **Continue to participate in Community Rating System Insurance program resulting in continued reduction in flood insurance premiums for residents of unincorporated areas of the County. Monitoring and reporting local flooding events is imperative to participate in the program.**
10. **Bring all private onsite wastewater treatment system (septic system) installation inspections back in house to distribute among staff. This proposal should not create excessive workload and would eliminate a \$17,500 annual contract which the department has had for the last 15-years. It is anticipated this will also provide a better service to the residents and contractors alike.**
11. **Implement tax software systems and collaborate with software vendors.**
12. **Provide assistance to Dept of Revenue, municipalities, departments, and public.**

2010 BUDGET NARRATIVE HIGHLIGHTS

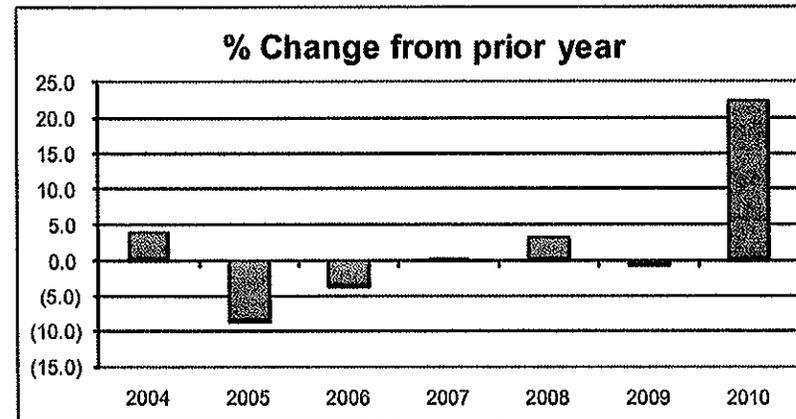

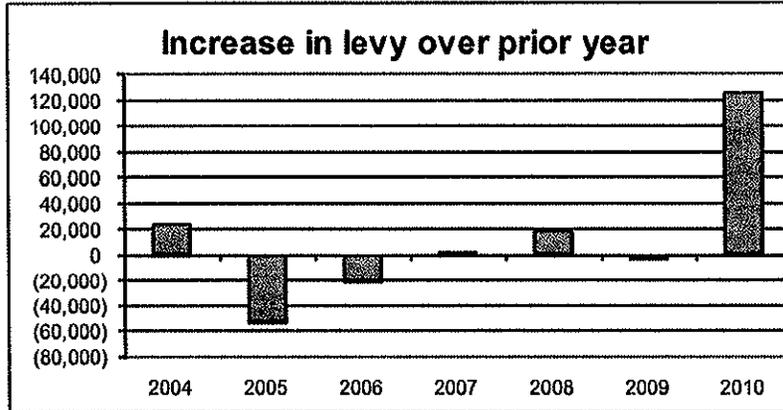

NOTE: This section contains Planning, Zoning, Geographic Information Systems (GIS), and Tax Lister. All of these areas report to the County Planner. The financial information for Planning **excludes** the Tax Lister from the totals. The Tax Lister data is shown separately because it is a special apportionment.

DEPARTMENT STAFFING (including Tax Lister):

	2001	2002	2003	2004	2005	2006	2007	2008	2009	2010
Full Time	16	16	16	16	16	16	16	16	14	14
Part Time	0	0	0	0	0	0	0	0	2	2
Total	16	16	16	16	16	16	16	16	16	16

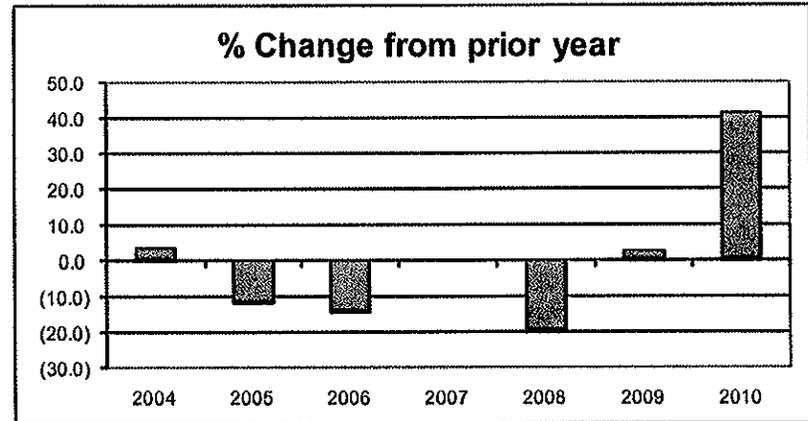

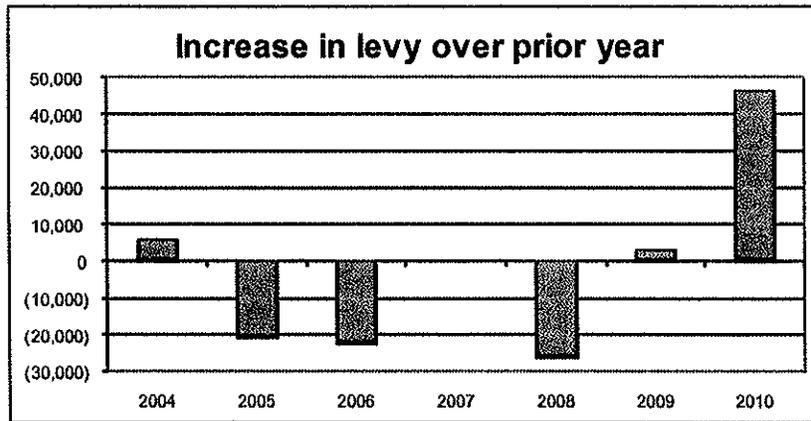

There are no changes in the table of organization in 2010. A position in the Tax Lister department has been left vacant in previous year and is now being filled.

COUNTY LEVY PLANNING DEPT (EXCLUDING TAX LISTER): The tax levy for 2010 is \$688,568, an increase of \$125,663 or 22.3% over 2009.

LEVY FOR TAX LISTER: The net tax levy for this function is \$157,421, an increase of \$45,334, or 40.4% over 2009. We applied \$45,000 of reserve funds each year in 2010 and 2009 to reduce the tax levy for the Tax Lister. This levy is a special apportionment and is not levied to all municipalities of the County. As such we must reserve any unused funds from that department at year end and carry them forward to be applied against the Tax Lister levy in the succeeding or future years. Most of the increase in the Tax Lister department is due to software replacement of the tax assessment and collection system serving both the Property Tax Lister and Treasurer.

Table of Organization: A part-time position was left vacant for an extended period of time that will now be filled. This position was originally approved and filled as full-time. The Property Tax Lister adjusted the position to part-time, to reduce budget costs, after implementing key computer automation. The department was employing temporary assistance to discern if they could function without the permanent position. We have determined that the position is necessary. County Board rules require that the position be re-approved when it has been vacant for 90 days. Including this in the 2010 budget represents the request to refill the position.

FUND BALANCE – TAX LISTER: A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

SIGNIFICANT CHANGES FROM 2009 ADOPTED - Planning

Account	Amount	Description
Significant changes from 2009		
Tax levy 2009	\$ 562,905	
Significant changes to revenues:		
Revenues	180,229	The majority of revenue accounts have been reduced to reflect the current economy and to keep revenue in line with historical trends.
Significant changes to expenses:		
Labor & fringes	(11,401)	Decrease due to the anticipated retirement of one or two employees.
Operating grant expenses	(19,200)	Decrease due to fewer applications anticipated to replace septic systems
Professional services	(18,000)	Decrease due to conducting septic system installations in house eliminating contracting for the service
Other small changes	(5,965)	This is a combination of small increases and decreases to revenue and expense accounts.
Tax levy 2010	\$ 688,568

LAND RECORDS MODERNIZATION FUND

2010 BUDGET NARRATIVE HIGHLIGHTS

DESCRIPTION: The Land Records Modernization Fund is a separate fund created under Wisconsin Statutes which receives money when people register documents at the Register of Deeds office. Monies accumulated in this fund can be used for land records modernization project costs which can include equipment and software purchases as well as training in their use. The funds can also be used to retire debt incurred to purchase and install these systems.

COUNTY LEVY: There is no property tax levy for this activity.

FUND BALANCE: A fund balance roll forward schedule can be viewed in the Overview section of the budget book. It is listed as Fund Projections in the table of contents.

MISSION STATEMENT:

To provide a full range of professional services in the planning, design, and implementation of programs and projects that protect, restore, and sustain the natural resources of Winnebago County.

PROGRAM DESCRIPTION:

LAND & WATER RESOURCE MANAGEMENT- Land and water resource assessments, inventories, management plans, training and information and education services provided to landowners on individual land parcels and units of government for site specific and regional concerns. Complete, maintain and revise the State mandated, Winnebago County Land and Water Resource Management Plan.

RESOURCE PLAN REVIEWS- Review storm water management, surface drainage, and erosion control plans related to residential and agricultural land development projects and issue erosion control and livestock waste management permits and conduct onsite inspections of installed practices. These services are provided in accordance with the Winnebago County Livestock Waste Management, and Stormwater / Erosion Control ordinances. Provide State Stormwater compliance and storm water utility credit calculation service for all required county owned properties.

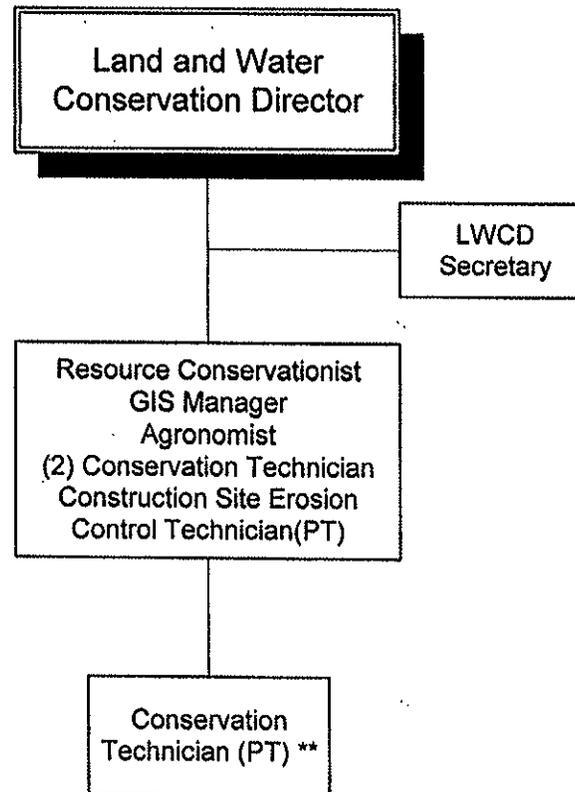

DESIGN & CONSTRUCTION MANAGEMENT- Design, cost estimation, layout, and construction management services for "best management" practices installed to improve and protect surface and ground water quality; prevent soil erosion; manage stormwater runoff; protect and expand woodland resources; restore and enhance wetlands and upland habitat and protect and restore stream banks and shorelands. This includes the administration and delivery of the USDA/WI Conservation Reserve Enhancement Program and the State mandated Agricultural Performance Standards and Prohibitions.

Grants Administration:

SOIL & WATER RESOURCE MANAGEMENT PROGRAM - source: WDATCP & WDNR, \$660,000 for staff support and cost sharing the installation of pollution abatement and water quality protection practices throughout the county. LWCD requested \$334,000 for cost share payments to landowners participating in this program.

COUNTY WATER QUALITY IMPROVEMENT PROGRAM - source: Winnebago County; provides \$75,000 to 100,000 annually to cost-share the installation of best management practices for the abatement of non-point pollution in situations where landowners are not eligible for other State or Federal funding and also to leverage additional funds by providing matching or contributory dollars within grant requests.

2009 ACCOMPLISHMENTS:

1. Technical assistance services provided on 35 separate practices involving the planning, design and construction of land and water resource improvement, restoration and protection components. These include shoreline protection and restoration, waterways and diversions, roof runoff controls, livestock waste transfer and storage facilities, barnyard runoff control systems, wetland restorations and well abandonments.
2. Technical assistance services were provided 1215 times for individuals, 306 times for groups, and 316 times for units of government.
3. Approximately 127 cost-share contracts with landowners were processed, accounting for approx. \$260,000 in county, state and federal cost-share funds paid out for the installation of non-point pollution abatement measures throughout the county.
4. Issued approx. 20 LWMO permits to various livestock operations around the county for new or expanded facilities. Continued the LWMO review program to inform livestock operators of the impacts of the ordinance on their operations and to help them avoid water pollution problems.
5. Secured state & local grants for \$685,000 to support implementation of the LWCD's soil and water resource protection programs, including Priority Watershed Projects, Land and Water Resource Mgmt. Plan Implementation and the State Agricultural Performance Standards.
6. Completed Farmland Preservation Program compliance certifications for 95 landowners, affecting 17,000 acres of cropland and providing an estimated \$80,000 in tax credits for county participants.
7. Continued formal implementation of the Ag Performance Standards in accordance with NR 151 and DATCP 50 and created a GIS based recording system of landowner compliance integrated with Staff Asst. Logs.

8. Sold approx. 100 copies of the LWCD / GIS generated 2007 Winnebago County Plat Book generating \$3,000 in levy reducing revenue.
9. Completed WDNR MS4 phase one permit requirements, Town of Black Wolf storm water inventory and generated \$18,000 of storm water credits for WC.
10. Issued, approx. 65 Erosion Control Permits and completed over 200 EC permit inspections generating over \$31,000 in revenue.
11. Completed State required Conservation Reserve Enhancement Program (CREP) contracts for approx. 10 landowners, installing 40 acres of vegetated filter strips, providing state/federal payments to participants of \$140,000.
12. Coordinated and administered the sale of 98,500 trees, 30,600 trees planted with county planters, 80 acres of prairie planted with the county seeder and the sale of related supplies to approx. 70 landowners in Winnebago County.
13. Coordinated, conducted and installed numerous I & E presentations and demonstration projects, including Conservation Field Days, Conservation Expo, SECO & LWMO informational meetings, and LWCD Awareness presentations to Local, State and Federal Agencies, the Media, Private Organizations and Industry.

2010 GOALS & OBJECTIVES:

1. Secure \$800,000 in funding sources to support administrative and technical components of the department's soil and water resource protection programs including cost-sharing for pollution abatement measures installed by landowners throughout Winnebago County.
2. Continue the County funded Water Quality Improvement Program, providing \$90,000 to \$100,000 in annual cost-share funds toward pollution abatement projects at critical or high priority sites throughout the county.
3. Complete the State mandated revisions to the WC Land and Water Resource Management Plan and continue implementation of the Agricultural Performance Standards as identified in the Winnebago County LWRMP and required by the State Law.
4. Continue to improve the wireless computer EC Permit inspection program system. Increase interdepartmental communication regarding ordinance enforcement, SECO & LWMO permits, and the implementation and administration of NR216 – Storm water Pollution Prevention Program, to better serve the constituents of Winnebago County.
5. Sign 30 new cost share agreements for the installation of conservation practices with landowners of Winnebago County and utilize the Targeted Runoff Management Grant on the Oakridge Road Groundwater Remediation Project.
6. Coordinate, conduct and install numerous I & E presentations and demonstration projects, including Conservation Field Days, Town meetings, SECO & LWMO informational meetings and overall LWCD Awareness presentations to Local and Regional Organizations and Industry.
7. Seek out new funding and grant sources to implement conservation practices on developed and undeveloped sites throughout Winnebago County.

2010 BUDGET NARRATIVE HIGHLIGHTS

DEPARTMENT DESCRIPTION: This area of the budget contains expenditures and revenues that cannot be assigned to a particular department. This includes contingency funds and transfers to other funds in the expenditure area. The revenues are state-shared revenues, investment income, and indirect costs.

DEPARTMENT STAFFING: There is no county staffing charged to this department.

OVERALL:

The net overall impact on property taxes is that the levy will go up by \$891,604. Projected decrease in Investment earnings is the biggest factor. Other factors include a reduction of \$180,000 in state shared revenue and a large amount of sewer, water and sidewalk assessments due to street projects done by the City of Oshkosh. Although the county is exempt from property tax, we are still responsible for paying special assessments for sidewalks, sewers and water line upgrades / replacements.

2010 Net Library Budget - the 2010 library tax levy is based on the 2009 budget. The formula is always based on the past year budget because the municipalities do not prepare their library budgets for the next year until after the County has completed it's budget process.

Percent of County Users/Usage - the formula is set to allocate the County share of the library budget based on actual usage by County residents. This percent is based on the number of users outside of the municipality responsible for the library divided by the total of all usage of the facility.

* Percent of actual circulation

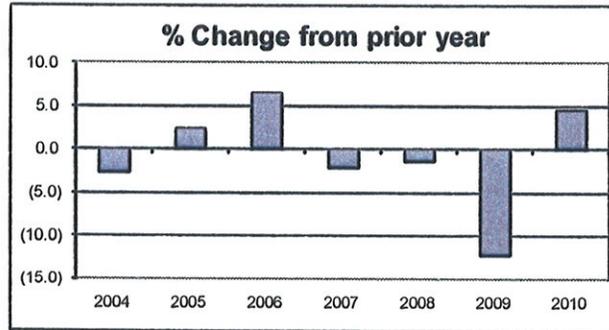

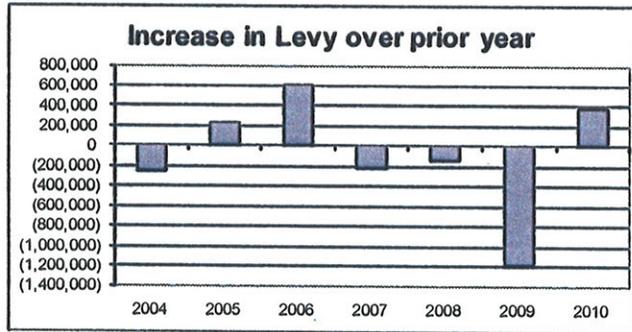

DEBT SERVICE

2010 BUDGET NARRATIVE HIGHLIGHTS

2010 BUDGET DETAIL:

NOTE: Debt of proprietary funds such as Airport, Park View Health Center, Solid Waste and Highway Department are reflected in the budgets of those departments and are backed out of the totals here.

The 2010 net levy supported debt service is \$8,909,000, an increase of \$386,000 or 4.53% over 2009. The County has applied \$950,000 of reserves in 2010 and \$425,000 in 2009 to lower the tax levy for debt service. There will be a borrowing for new projects in 2010 for an estimated \$6,218,000. The majority of the new borrowing will be for the construction and resurfacing of County roads with smaller portions going to, the purchase of a rescue and fire vehicle for our airport and HVAC replacements in some County facilities.

Debt related events that occurred in 2009 include the following:

Notes:	ISSUE DATE	MATURITY DATE	NET EFFECTIVE INTEREST RATE	2009 NEW DEBT
NEW ISSUES - 2009:				
General Obligation Refunding Notes, Series 2009A <i>estimated</i>	02/01/09	04/01/2011	1.7200%	3,315,000
Taxable Gen Oblig (Build America Bonds) Series 2009B <i>estimated</i>	11/10/09	04/01/2019	2.9900%	3,825,000
Taxable Recovery Zone Economic Devel Bonds (State Trust Fund Loan) Series 2009C	11/10/09	04/01/2019	2.4700%	2,393,000
GRAND TOTALS				\$ 9,533,000

INDEBTEDNESS LIMITATIONS:

Total estimated outstanding debt is projected to be \$57,258,000 at the end of 2009. This is well below our debt limit of over \$605 million.

OUTSTANDING INDEBTEDNESS AND REPAYMENT:

Amounts of outstanding debt along with schedules of principal and interest due by year are on schedules that follow. All debt is fully retired after 10 years except for the debt incurred to refinance our unfunded past service pension plan liability. The Levy & Non-Levy Debt graph that follows (a few pages later) shows our policy of maintaining level debt service payments each year while leaving room in the later years to accommodate new debt. Our annual levy supported debt service is 7.3% of total County expenditures. It was the same percent for 2009.

Debt service principal and interest on debt incurred to finance proprietary activities is accounted for in those proprietary funds. The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs, for governmental funds. See the glossary at the end of the budget book for a definition of proprietary type activities. This section of the budget summarizes all debt service of the County and identifies that portion attributable to proprietary type activities. Explanations are only provided for those debt obligations that are still outstanding. These explanations are found later in this section just prior to debt service schedules.

Levy Supported Debt

Descriptions of Issues

Issue	Description
2002 A	The 2002A bonding was for the Roof Replacement Program, Law Enforcement Center, Transmitter Site Improvements, Public Safety System, County Highways JJ, K & A, County Highway Bridges E & D, PVHC Nurse Call System and Fiber Optic Cabling along County Rd A.
2003 B	The 2003B bonding was for the purpose of refunding the Note Anticipation Notes that were issued January 8, 2003 for the purpose of paying the cost of financing the balance of the County's unfunded prior service liability contributions under the Wisconsin Retirement System. This excludes the portion associated with the Solid Waste and Highway Departments. Their proportionate share of the debt shows up under non-levy supported debt.
2003 D	The 2003 D bonding was to pay for costs of courthouse security, public safety system, CTH JJ and K, a replacement generator for Park View Health Center and for a restroom / shower and animal wash rack facility at the Parks Exposition Center.
2004 B	The 2004B bonding was to refund The State Trust Fund Loan whose purpose was to pay off Winnebago County's unfunded pension liability balance. This borrowing was limited to \$5 million so Note Anticipation Notes were used to temporarily finance the balance of the liability. This section again excludes the debt related to the Solid Waste and Highway departments.
2005 B	The 2005B bonding is for the Facility Roof Replacement, Public Safety System, County Highways Y and M, and Park View Health Center Facility.
2006 A	The 2006A bonding was for parking lot resurfacing, roof replacements, courthouse wheel chair ramp, a Sheriff Dept radio system upgrade and court video conferencing system, road construction and resurfacing projects, and a new nursing home and rehabilitation facility.
2007 A	The 2007 A bonding will be done for parking lot resurfacing, telephone system upgrade, Sheriff radio system upgrade, county road resurfacing and construction, renovation of a nursing home building for office use, a noise barrier around pit area at the County race track and a new communication arts facility at our UW Fox Valley campus.

Issue	Description
2008A	The 2008 A bonding will be done for a new or remodeled building for additional office and other department space, roof and parking lot capital improvements, road improvements, HVAC and door replacements, County road resurfacing or reconstruction capital expenditures.
2009A	Refunding of Series 2000A and 2001B. Series 2000A was for the purchase of the Williams Property, Outdoor Warning Siren System and County Highways JJ, A, and Y. Series 2001B was for the Roof Replacement Program, Law Enforcement Center, Transmitter Site Improvements, Public Safety System, County Roads JJ & Y, Airport Fire Truck Replacement, Portable Aircraft Storage Hangers, Park View Nurse Call System, Quick Chill Food Delivery System, and the UW Fox Valley Classroom Upgrade.
2009B & C	This borrowing is for air conditioning the equipment room in the jail, various county road resurfacing projects, an airport rescue and fire fighting vehicle and HVAC and door replacement at the County Expo Center.

Growth in Valuation Vs Growth in Debt Levy

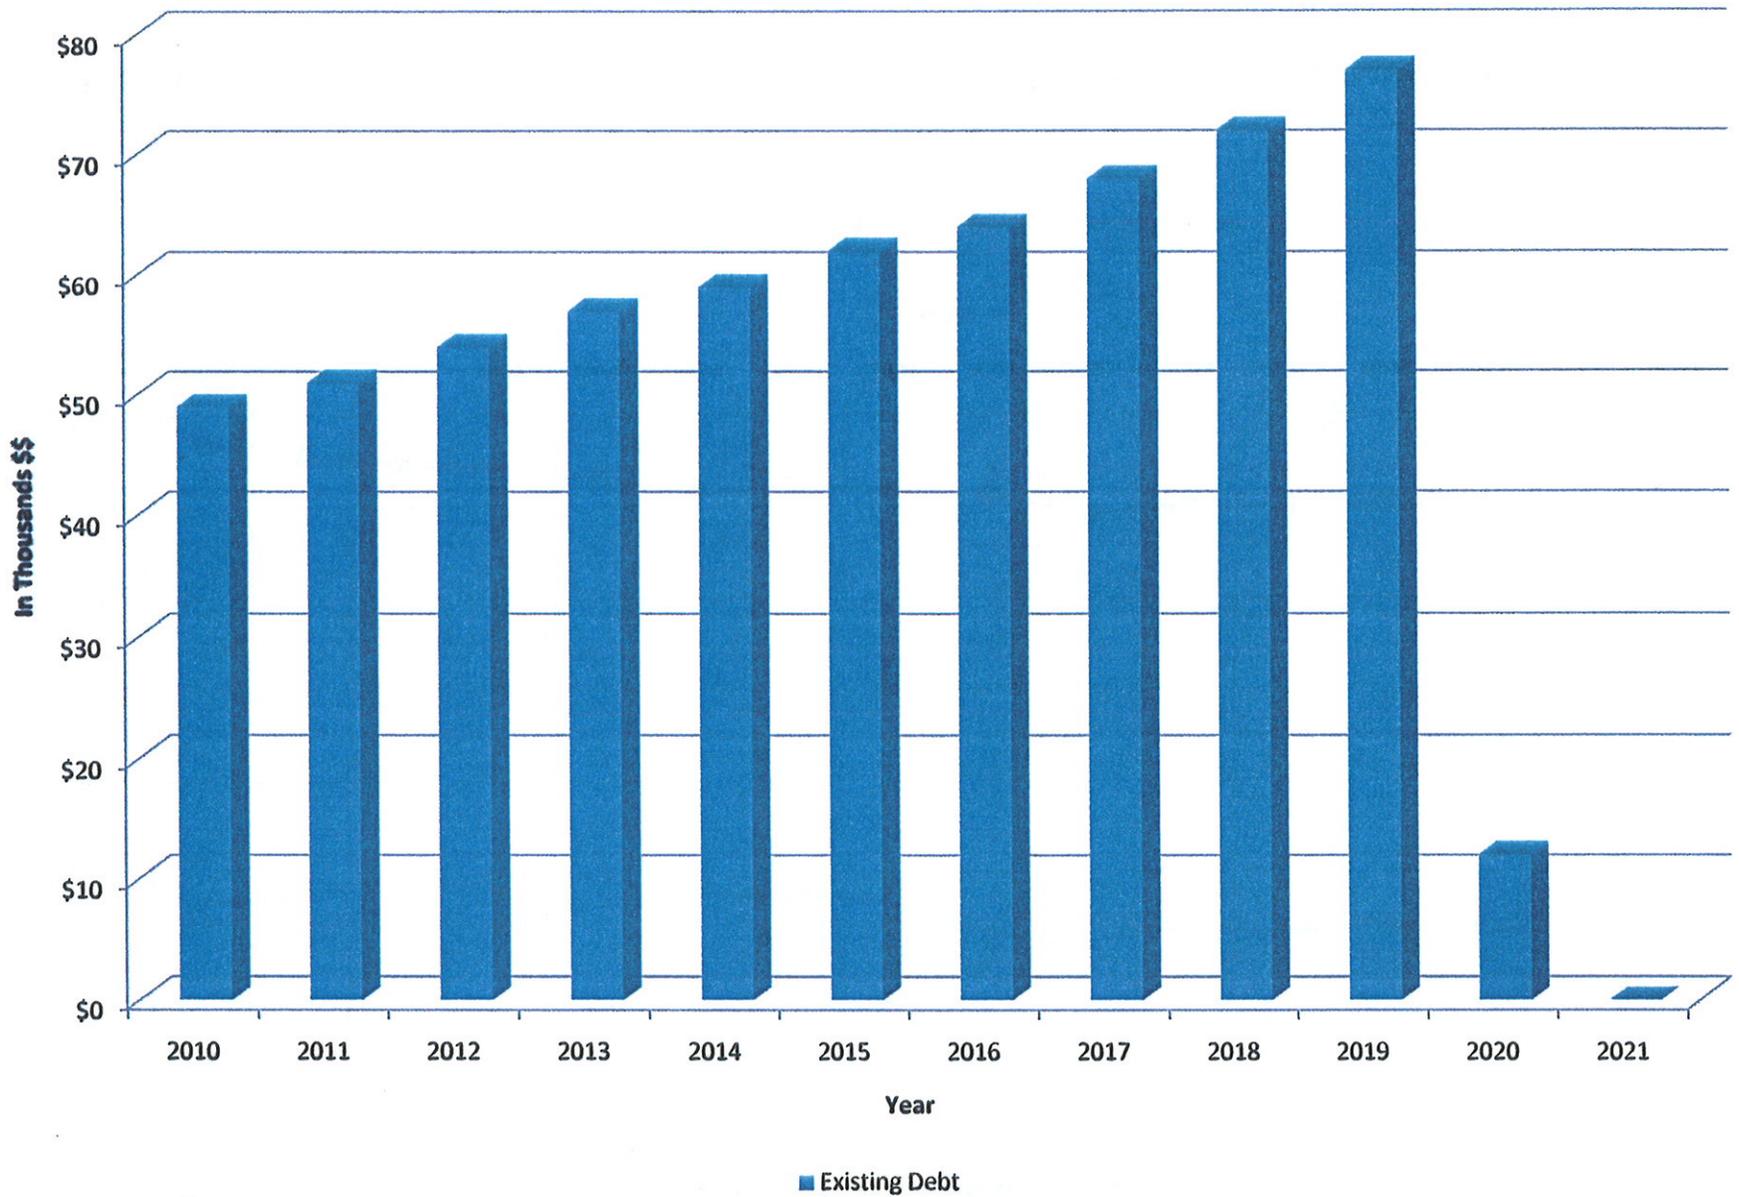

Note: This chart shows that the debt service levy is growing at about the same rate as property values. It shows that we schedule debt repayment using a level debt service philosophy. It keeps the tax rate for debt service relatively level with the growth in valuation, although we have allowed it to grow slowly in the past. Keeping the tax rate relatively level prevents large spikes up and down in taxpayers property tax bills.

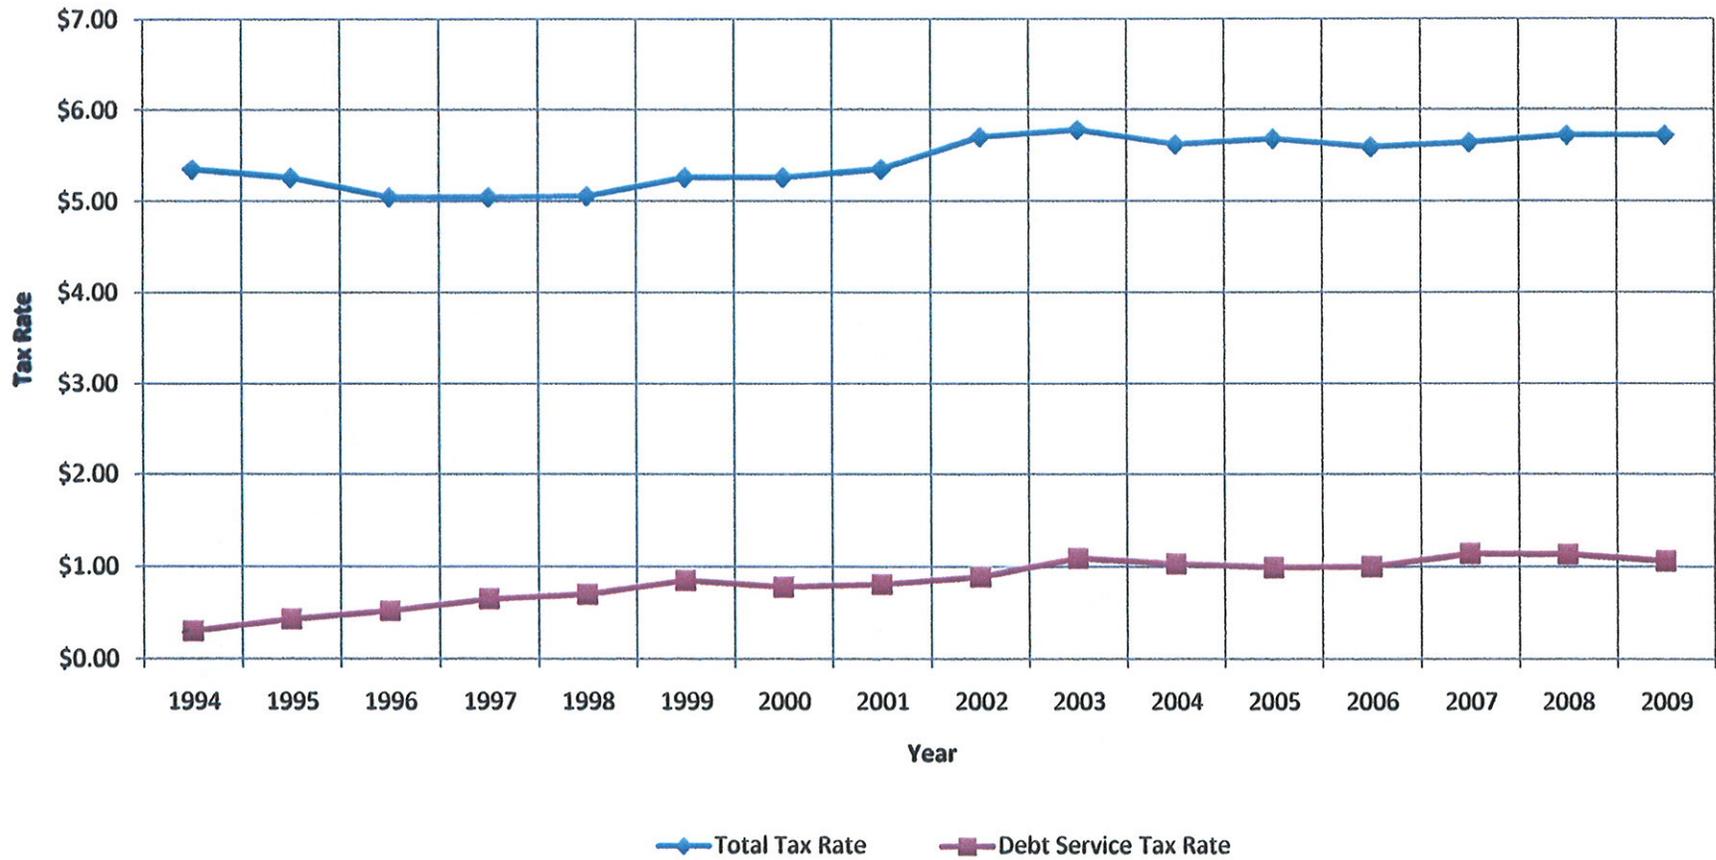

Levy Supported Debt Current and Future Payments

Non-Levy Supported Debt Service

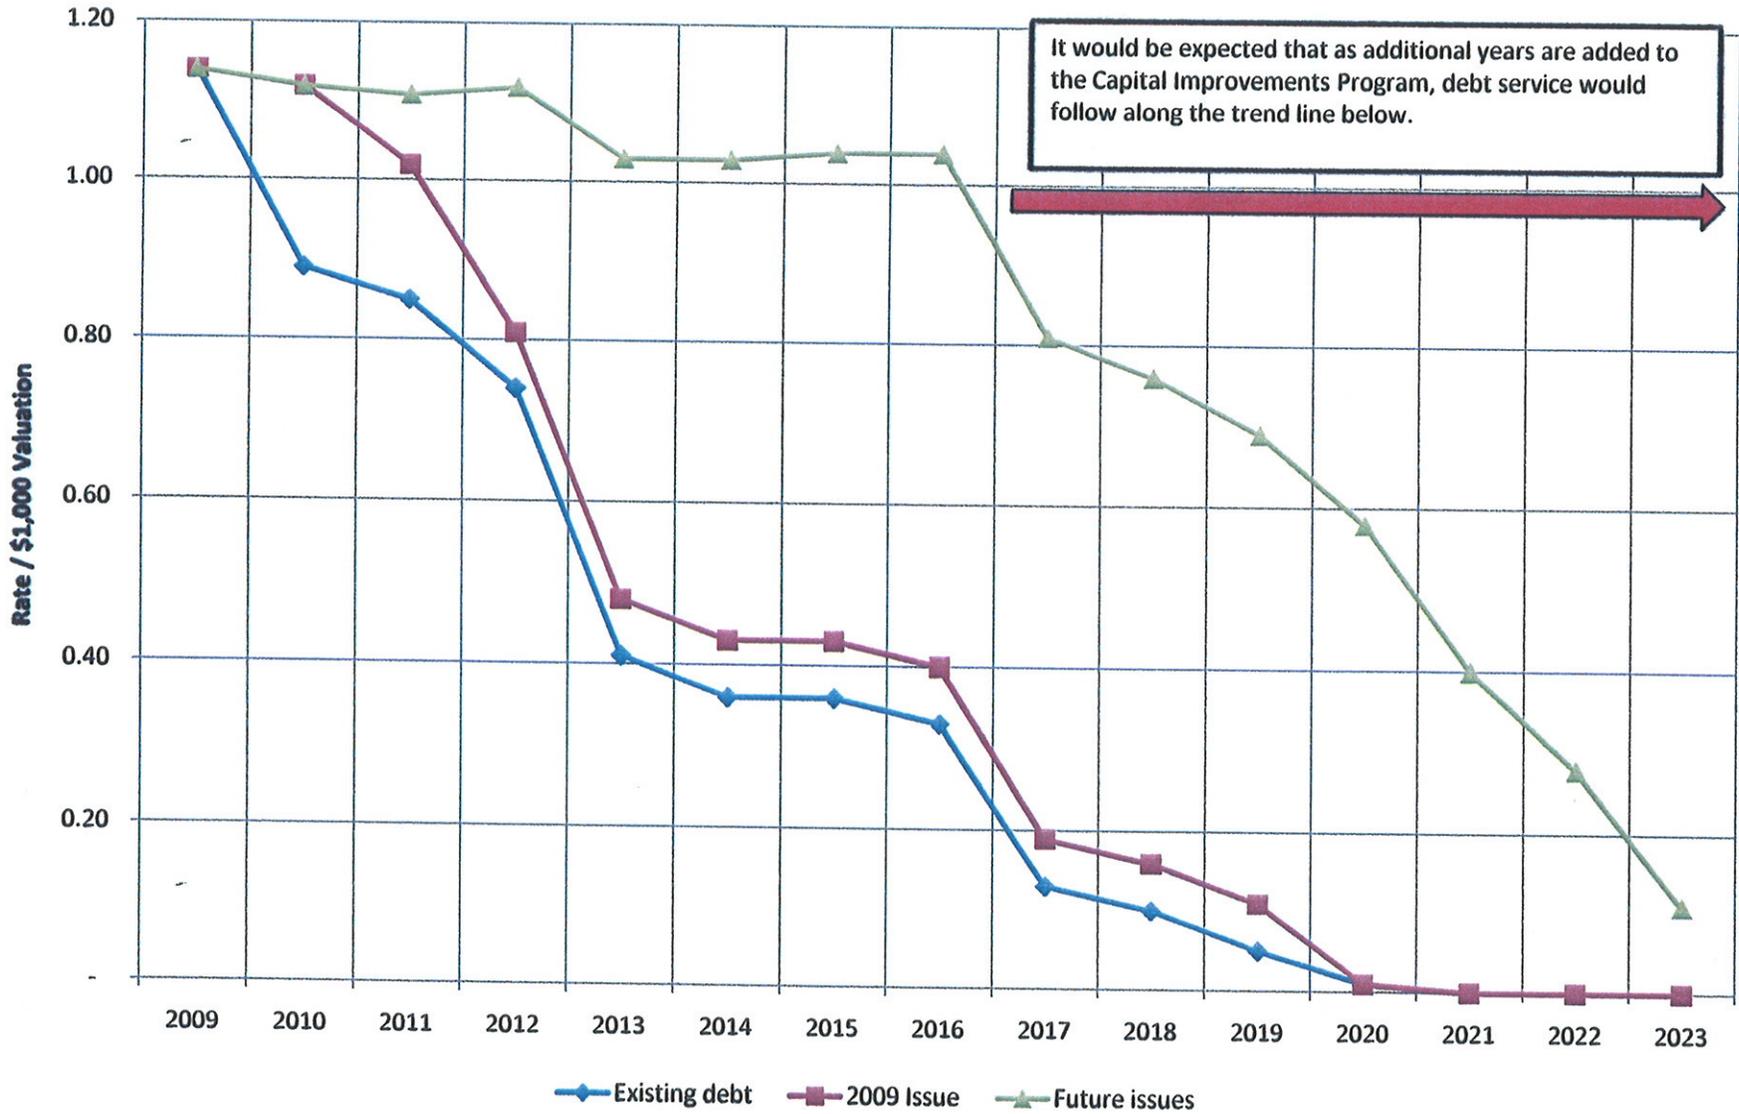

Tax Rate Information - Historical

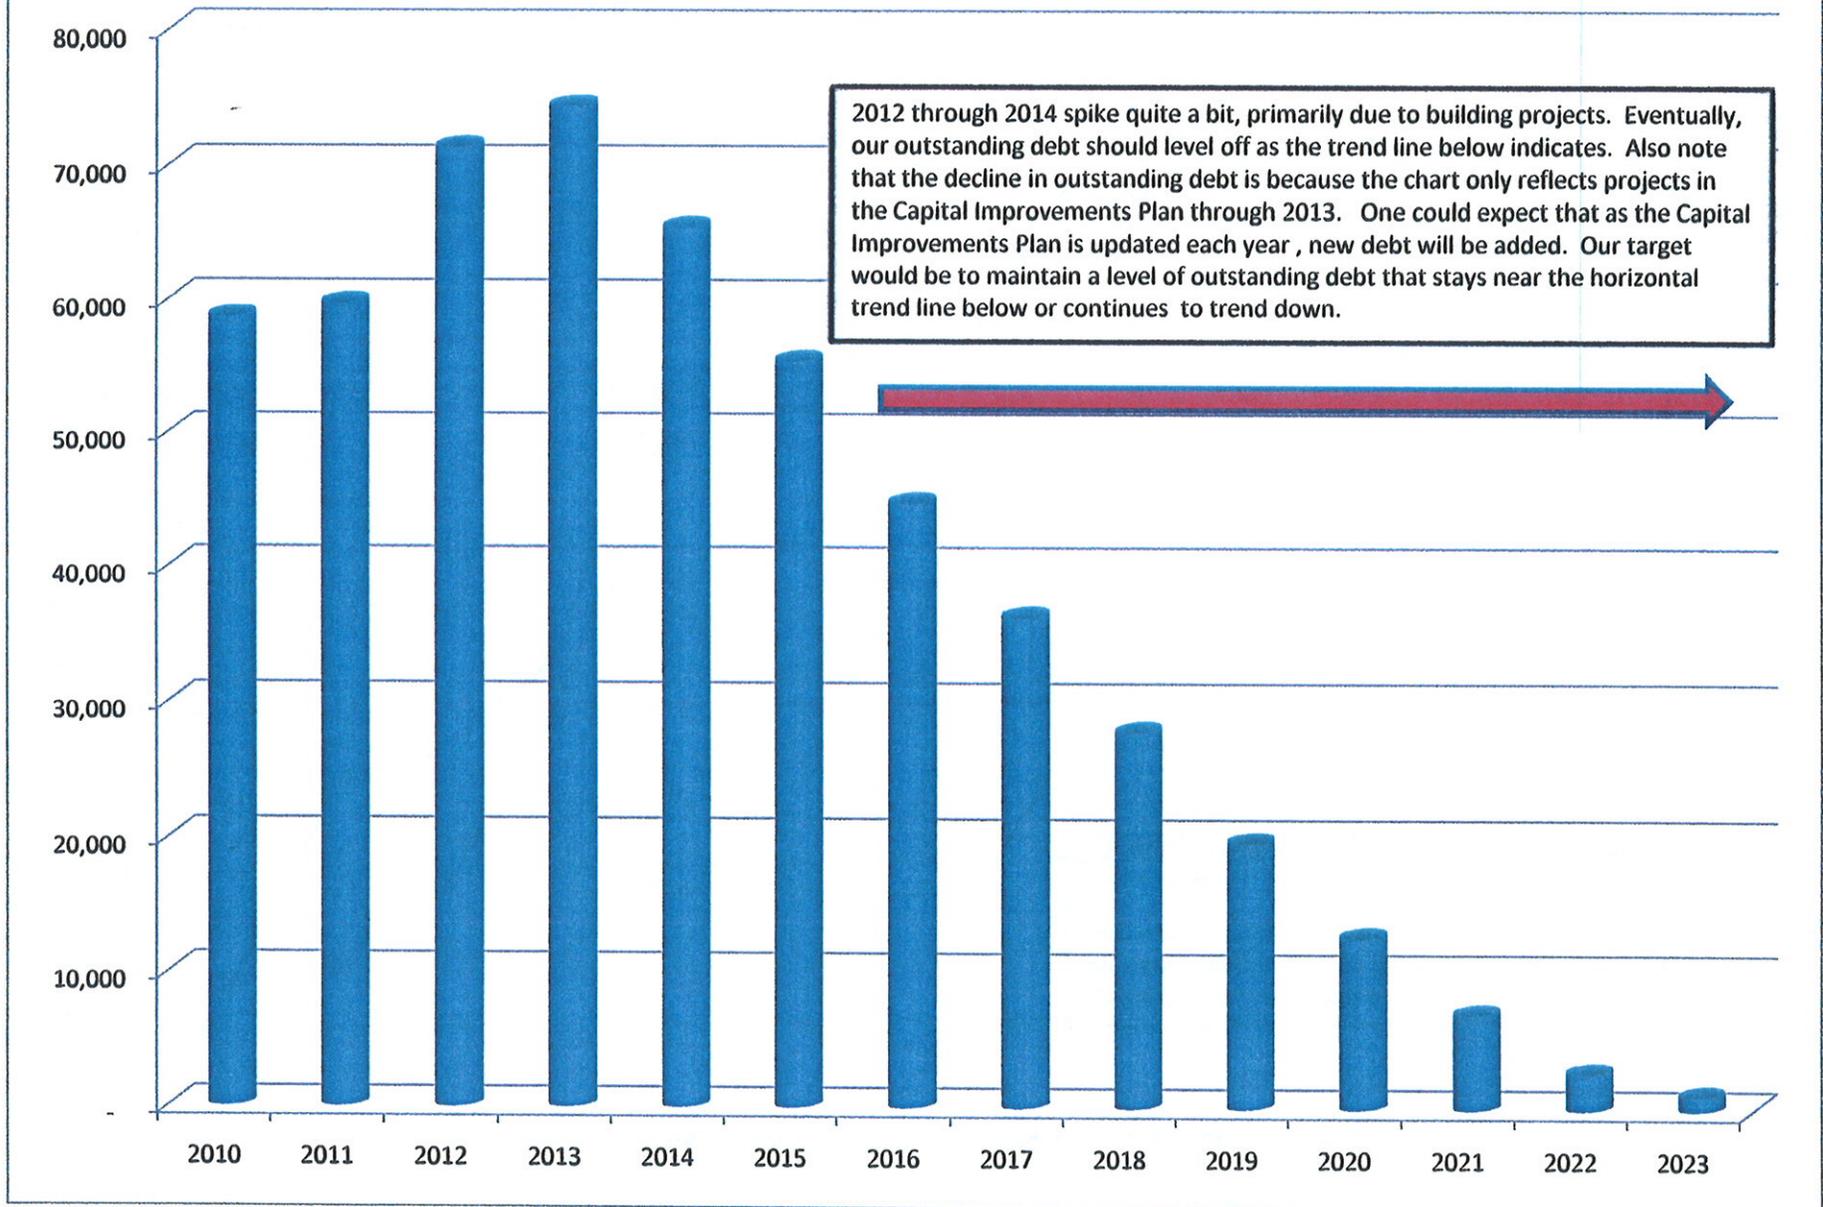

Note: this chart shows that both the overall tax rate and debt service rate remain relatively flat. It means that both total spending as well as debt service are growing at about the same rate as valuation.

CAPITAL PROJECT FUNDS

2010 BUDGET NARRATIVE

HIGHLIGHTS

Capital project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities which are financed primarily through general obligation debt. There is no tax levy being requested to fund any capital project costs this year other than debt service.

Detail about the individual projects can be reviewed in the County's 5-Year Capital Improvements Program book which is available in the Finance Department or at the County website under the Finance section: www.co.winnebago.wi.us.

Note:	<p>The approval of the County's Annual budget is not an approval of any capital project or borrowing shown above. All Capital projects and borrowings are approved by separate resolution of the County Board apart from the annual budget process. Adoption of the above 2010 annual capital projects budget is for the purpose of 1) approving a 2010 tax levy for furniture and fixtures related to the projects so that if the projects are approved there are funds available to fund the furniture and fixtures, and 2) to adopt an estimate of the 2010 expenditures on the approved and anticipated projects in accordance with State Statutes.</p>

* This district has a zero or negative value increment. No increment shown.

Project costs uncollected at the dissolution date are absorbed by the municipality.

Plan Expiration: Refers to the estimated date that the project costs are expected to be fully recovered. At this point, the incremental values are expected to go back onto the property tax rolls.

Statutory Expiration: Refers to the maximum allowable time that project costs can be recovered from the tax on the incremental values generated during the life of the district. After this date, the incremental values must go onto the property tax rolls.

SOLID WASTE

Department: 520-XXX Fund: Solid Waste
2010 BUDGET NARRATIVE

DEPARTMENT HEAD: John M. Rabe, P.E.
LOCATION: Winnebago County
100 W. County Road Y
Oshkosh, WI 54901

Telephone: (920) 232-1850

MISSION STATEMENT:

Provide a competitive, cost-efficient Solid Waste Management system for processing solid waste and recyclables from Winnebago County customers. The Solid Waste Management Board owns and operates the Sunnyview Landfill (active), Snell Road Landfill (closed), Recycling/Solid Waste Transfer Facility, Household Hazardous Material (HHM) Facility and Landfill Gas Collection/Utilization Facilities.

PROGRAM DESCRIPTIONS:

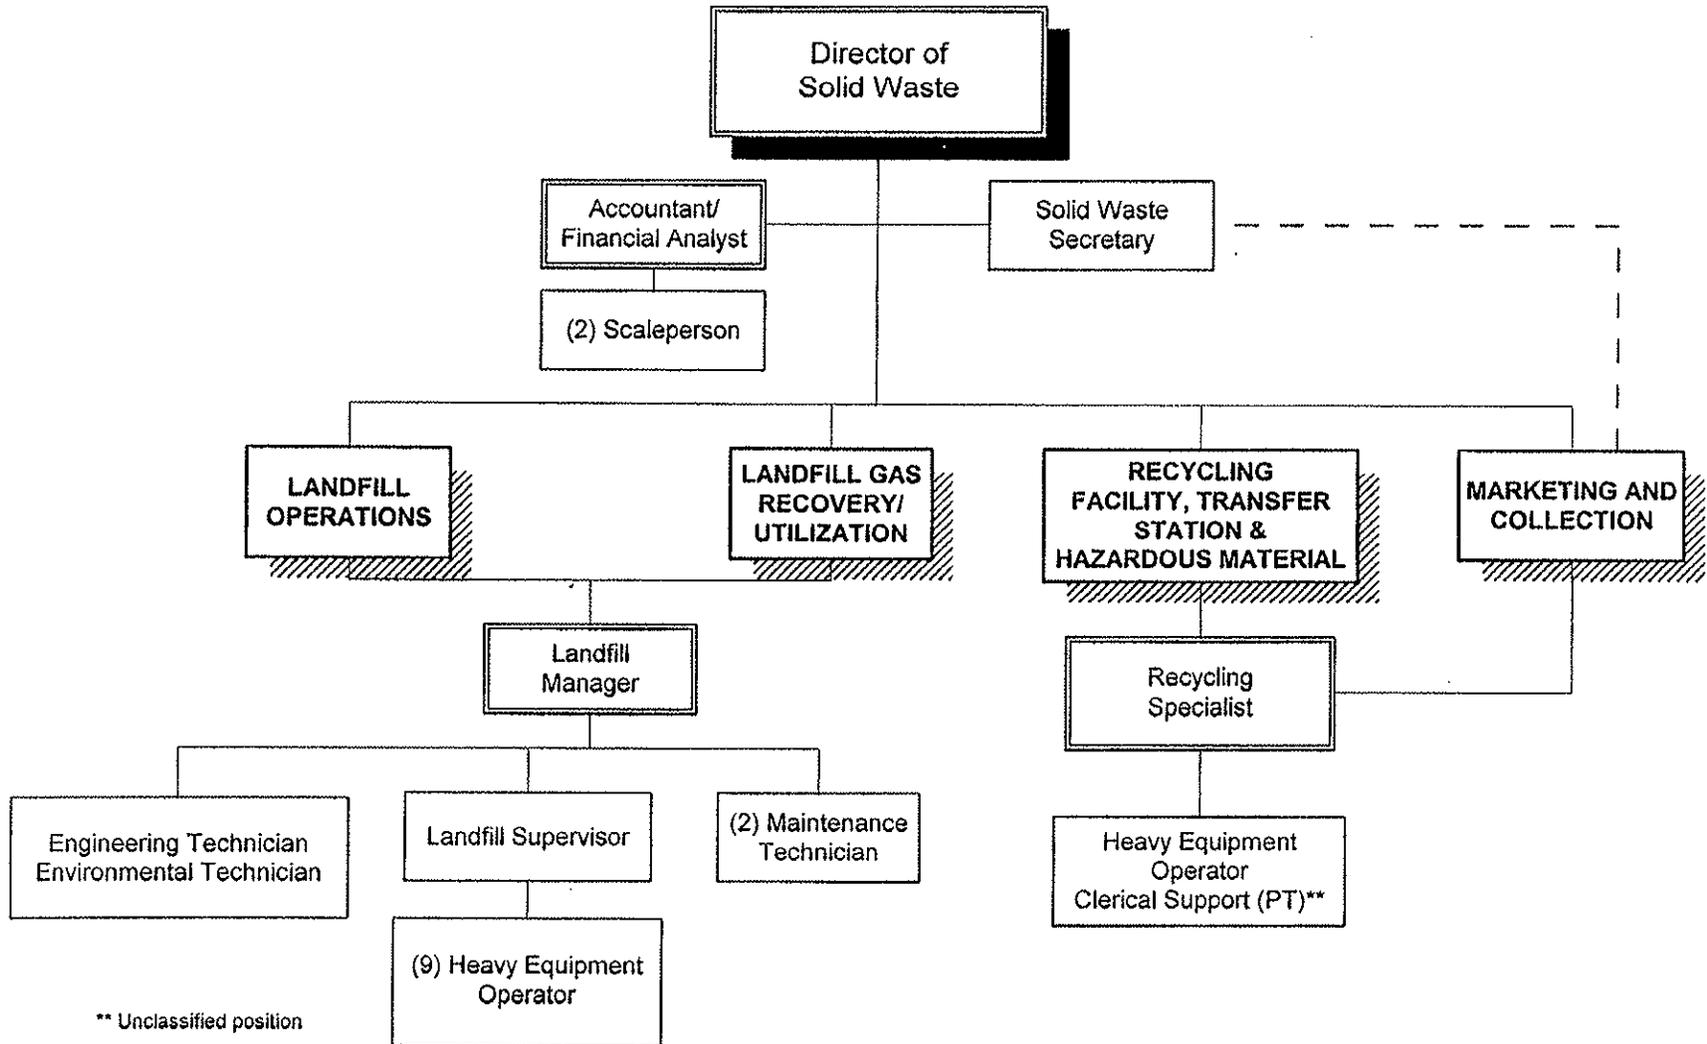

SOLID WASTE DISPOSAL – As part of the Tri-County Regional Program (Brown, Outagamie and Winnebago Counties), the Sunnyview Landfill is currently in its fifth year of providing cost-efficient “host” landfill disposal of non-hazardous industrial, commercial and residential solid wastes.

LANDFILL GAS COLLECTION AND UTILIZATION – Collects landfill gas (by-product of solid waste decomposition containing 50% methane) from the Sunnyview Landfill (active) and Snell Road Landfill (closed) for beneficial utilization. Landfill gas is converted to electrical energy in four engine/generators and the electric power and environmental credits are sold to a local utility. Landfill gas is also directly utilized in two boilers at the Winnebago County Highway Department. Waste heat from one engine/generator is being utilized at the Winnebago County Sheriff’s Office/Law Enforcement Center.

RECYCLING TRANSFER FACILITY – As part of the Tri-County Regional Program (Brown, Outagamie and Winnebago Counties), provides drop-off collection, transportation and off-site processing of recyclable materials (paper and commingled containers) for industry, business, and communities in Winnebago County. Also provides drop-off collection opportunities and off-site processing for household and agricultural hazardous materials, unused/expired pharmaceuticals and computers/electronics/bulbs for Winnebago County residents.

MARKETING/CONTAINER RENTAL AND LEASE PROGRAM – Provides marketing services for solid waste and recyclable material to maximize tonnages and allow Winnebago County to remain competitive within the industry. Container rental and lease program provides customers with a cost-efficient alternative option for the delivery of solid waste and recyclable materials to the Winnebago County Solid Waste facilities.

2009 ACCOMPLISHMENTS:

1. Completed 5th year of cost-efficient operation as the “host” landfill for the Tri-County Regional Program (Brown, Outagamie and Winnebago Counties) – processed over 709,000 tons of solid waste in 2008 (34% more than the 2008 budget estimate).
2. Continued cost-efficient operations of recycling transfer facility by providing drop-off collection, transportation and off-site processing of paper and commingled containers as part of the Tri-County Regional Program.
3. Completed construction and began operations of a Tri-County Regional Program single stream recycling processing facility at Outagamie County on July 1, 2009.
4. Ended the use of plastic bags for commingled recyclables as part of transition to single stream recycling (effective January 1, 2010).
5. Completed the 2nd year of operation of landfill gas engine/generator #4 operation at the Winnebago County Sheriff’s Office/Law Enforcement Center, providing low-cost “green” energy while reducing utility costs (estimated annual savings of approximately \$25,000 to \$50,000).
6. Completed the 3rd year of supplying the Winnebago County Highway Department with landfill gas (as a fuel source) for utilization in two boilers (estimated annual savings of approximately \$5,000 to \$10,000).
7. Completed installation and startup of engine/generator #5 operation at the Winnebago County Sheriff’s Office/Law Enforcement Center, providing additional low-cost “green” energy to further reduce utility costs.
8. Expanded the landfill gas collection system (5 vertical and 2 horizontal gas wells) within the Co-Disposal Site to facilitate increased landfill gas collection, while maintaining WDNR air permit compliance.
9. Expanded the leachate recirculation program within Phase 6 of the Co-Disposal Site with a (2) trench automated recirculation system to reduce leachate disposal costs, maximize waste compaction/density and increase landfill gas production.

10. Continued operation of seasonal household hazardous material collection facility to provide environmentally safe disposal options for Winnebago County residents. Also provided "Clean Sweep" program where qualifying businesses and farms were provided with low cost disposal of hazardous chemicals and pesticides.
11. Continued recycling program to include year-round computer/electronics recycling opportunities for Winnebago County residents.
12. Continued participation in pharmaceutical collection events to provide environmentally safe disposal option for unused/expired medications.
13. Consolidated marketing and collection program duties to reduce operational expenses while maintaining customer services.
14. Implemented year round bulb recycling program for Winnebago County residents.
15. Continued expansion of the container rental and lease program through the purchase of additional new containers in various sizes for rental and lease use.
16. Completed 9.3 acres of final cover construction over portions of Phases A, B, C and D of the Sludge Site to maintain compliance with WDNR Closure Plan requirement.
17. Continued preparation of the Budget Narrative and other supporting documents as part of the 2009 Solid Waste budget process.

2010 GOALS & OBJECTIVES

1. Continue with cost-efficient operations during the 6th year as the Tri-County Regional Program "host" landfill and recycling transfer facility.
2. Develop personnel/organizational staffing plan for transition of Tri-County Regional "host" landfill operations (begin in 2011).
3. Continue operation of a Tri-County Regional Program single stream recycling processing facility located in Outagamie County to provide additional service opportunities for Winnebago County customers.
4. Continue construction of landfill gas system components (horizontal and vertical gas wells) within Phases 1-6 of the Co-Disposal Site to maximize collection efforts for increased revenue generation, while maintaining WDNR air permit compliance.
5. Continue construction of leachate recirculation system components (horizontal trenches) within Phases 4, 5 and 6 of the Co-Disposal Site to reduce leachate disposal costs, increase waste density/compaction and increase landfill gas production.
6. Expand pneumatic leachate extraction and recirculation system in Phases 1-6 of the Co-Disposal Site to reduce leachate disposal costs, increase waste density and increase landfill gas production.
7. Install engine/generator #6 at the Sunnyview Landfill to increase landfill gas extraction and power generation capabilities, while maintaining WDNR air permit compliance, further enhancing the landfill gas utilization program.
8. Install a landfill gas pipeline and metering station at the Oshkosh Correctional Institution to allow the direct use of landfill gas in boilers, further enhancing the landfill gas utilization program.
9. Pursue the option of regionalization of the household hazardous material collection program for Brown, Outagamie and Winnebago Counties.
10. Pursue the option of a permanent medication drop-off location in Winnebago County to allow year-round disposal for residents.

2010 BUDGET NARRATIVE HIGHLIGHTS

DEPARTMENT STAFFING:

	2001	2002	2003	2004	2005	2006	2007	2008	2009	2010
Full Time	28	28	23	25	23	23	24	23	23	22
Part Time	0	0	1	1	2	2	2	2	2	1
Total	28	28	24	26	25	25	26	25	25	23

NOTE: The Marketing & Collection Manager and Litter Control Worker (part-time) positions were eliminated in 2009 and have been removed from the 2010 budget Table of Organization (the duties of these positions have been reassigned to existing staff).

DEPARTMENT SUMMARY: The Solid Waste Department operates as a proprietary-type activity (enterprise fund) and as such does not have a direct effect on the tax levy. The department charges user (tipping) fees, which supports all operations. The 2010 net surplus is budgeted at \$945,048 (an increase of \$15,757 or 1.7% from 2009) with no increase in the solid waste or recycling tipping fees. Since 2007, the County has not levied \$47,500 to support the Household Hazardous Material facility operation. Since 2007, the Solid Waste Department has reduced utility costs for the Law Enforcement Center and Highway Department facilities through the landfill gas utilization program (estimated annual tax levy savings of approximately \$30,000 to \$60,000). The Solid Waste Department also agreed to a \$29,000 increase in the indirect cost allocation plan (Interfund charges) for 2010 at the request of the Finance Department.

SIGNIFICANT CHANGES:

Revenues:

Landfill Fees (Public Services) – Increase of \$1,560,300 is the result of a \$4.10/ton increase in the WDNR environmental repair fee (effective 7/1/2009), a \$3.00/ton increase in the WDNR recycling fee (effective 10/1/2009) and a \$500,000 increase in projected landfill gas power sales.

Landfill Fees (Intergovernmental Services) - Increase of \$1,735,880 is the result of a \$4.10/ton increase in the WDNR environmental repair fee (effective 7/1/2009) and a \$3.00/ton increase in the WDNR recycling fee (effective 10/1/2009).

Interest on Investments – Decrease of \$292,816 due to a 1.5% reduction in the estimated interest rate (3.5% to 2.0%).

Cost Sharing Allocation – Decrease of \$54,000 resulting from the Tri-County Single Stream Recycling Agreement. Recyclable material hauling costs are now part of Outagamie County's operational expenses (effective 7/1/2009).

Expenses:

Labor and Fringes – Decrease of \$21,068 due to the Marketing & Collection Manager position being eliminated, an increase in Overtime expenses and a reduction in Elected Officials expenses.

Automobile Allowance – Increase of \$3,100 to bring in line with current costs.

Small Equipment – Decrease of \$24,550 due to a reduction of planned container and miscellaneous equipment purchases.

Landfill Cover Material – Decrease of \$20,000 due to a reduction in the planned alternate daily cover (Concover) and soil cover material purchases.

Crushed Stone – Decrease of \$25,000 due to not needing to purchase additional materials for sludge site and co-disposal site operations.

Motor Fuel – Decrease of \$52,500 based on planned usage and projected markets.

Lubricants – Decrease of \$7,800 based on planned usage and projected markets.

Machine and Equipment Parts – Decrease of \$72,000 based on major maintenance repairs being completed in 2009, and to bring in line with current costs.

Heat – Decrease of \$17,500 based on planned usage and projected markets.

Water and Sewer – Increase of \$17,870 to bring in line with current leachate disposal costs.

Vehicle Repairs – Increase of \$9,000 due to an aging vehicle fleet and to bring in line with current costs.

Equipment Repairs – Increase of \$109,500 due to planned major engine/generator repairs in 2010.

Grounds Maintenance – Decrease of \$9,600 due to being able to use State inmates instead of contracted paper pickers.

Building Repairs – Increase of \$5,500 due to building roof repairs Snell road old scale office.

Professional Services – Decrease of \$44,000 due to a reduction of State inmate labor required for recycling transfer station operation (eliminated debagging line) and the completion of landfill gas system data acquisition upgrades in 2009.

Janitorial Services – Decrease of \$3,800 to bring in line with current cleaning service costs.

Architect & Engineer – Decrease of \$120,000 based on actual planned projects for 2010.

Management Services – Increase of \$155,450 due to higher costs of contracted services for drop-off/pick-up of on-site and rental containers, regional operation of the household hazardous waste facility by Brown County, increased costs for contracted electronics/computer recycling services and changes to the single stream recycling processing costs due to the Tri-County Single Stream Recycling Agreement and the status of recycling markets (down from record 2008 levels).

Other Contracted Services – Decrease of \$75,000 due to a projected reduction in the Tri-County Solid Waste Agreement reconciliation/settlement amount (due to reduced 2010 tonnages).

Hauling Fees – Decrease of \$105,360 resulting from the Tri-County Single Stream Recycling Agreement. Recyclable material hauling costs are now part of Outagamie County's operational expenses (effective 7/1/2009).

Operating Licenses & Fees – Increase of \$1,219,375 due to the WDNR recycling fee increase of \$3.00/ton (effective 10/1/2009).

Provision for Closing – Increase of \$330,988 due to airspace usage and 2009 closure projects at the Sunnyview Landfill. This budget item is calculated annually by the Finance Department based on actual airspace usage and planned construction events, and fluctuates annually.

Provision for Long-Term Care – Decrease of \$183,315 based on estimated costs for long-term care of the Sunnyview Landfill. This budget item is calculated annually by the Finance Department based on actual airspace usage, and fluctuates annually.

State Special Charges – Increase of \$1,679,418 due to the WDNR environmental repair fee increase of \$4.10/ton (effective 7/1/2009).

Debt Interest Payments – Increase of \$88,606 due to the annual debt payments resulting from the Tri-County Single Stream Recycling Agreement (effective 7/1/2009).

Labor - Ldfl from Hwy – Decrease of \$14,750 because less help will be needed from the Highway Department employees because the Solid Waste Department is operating at full staff.

Accounting - Auditing (Interfund) – Decrease of \$4,886 due to an approved increase in the indirect cost allocation plan (Interfund).

Data Processing (Interfund) – Increase of \$6,640 due to an approved increase in the indirect cost allocation plan (Interfund).

Professional Services (Interfund) – Increase of \$18,225 due to an approved increase in the indirect cost allocation plan (Interfund).

Property & Liab. Insurance (Interfund) – Increase of \$8,890 due to increase in insurance premiums.

Cash Accounting: Different from accrual accounting in that both revenues and expenditures are not recognized until the cash transfers are actually made. This method of accounting is not recognized by **Generally Accepted Accounting Principles (GAAP)**.

Comprehensive Annual Financial Report (CAFR): In addition to the **Budget**, the CAFR is one of the primary financial documents of the government. The document is prepared at the end of the **Fiscal Year** and presents summaries of the government's fiscal activities in the past year (in comparison to previous years and the budget). Specifically, the document contains comprehensive (combined) **Balance Sheets**, statements of **Revenues and Expenditures** and changes in the **Fund Balance** for all **Governmental Funds**.

Current Assets: include any financial resource available to a government unit to meet any obligations due within a year. This would include non-cash assets that could be convertible to cash to meet obligations due within a year. For instance, receivables would be classified as a current asset if they would be collectible within one year.

Current Liabilities: include any amount owed to outside parties where the amounts must be repaid within a year. An example would include telephone and utility bills. These obligations are due within a year.

Debt Limit: The maximum amount of gross or net debt which is legally permitted by state mandate, constitution, or voter approval. These limits usually apply only to **General Obligation Bonds** rather than **Revenue Bonds**.

Debt Service Fund: A fund that accounts for the payment of principal and interest on the government's **long-term Debt**.

Depreciation: Expiration in the service of a **Fixed Asset** which is considered a portion of the total cost of the fixed asset and charged as an expense during a particular period.

Encumbrance: A commitment to expend funds for a particular purpose (even prior to establishing a legal obligation or liability). They are not recorded as **Expenditures, Appropriations, or Liabilities** but as a reduction in the **Fund Equity** (as reported on the **Balance Sheets**). Encumbrances become **Expenditures** when cash payments are actually made.

Enterprise Fund: A fund that accounts for services that are supported primarily by **User Charges** such as golf courses, swimming pools, or garbage collection.

Equalized Assessed Valuation: Because **Assessed Valuation** (and therefore the **Tax Rate**) may vary from market values of property in different communities, state governments establish an equalized assessed valuation of property to be used for taxation at other levels of government such as the county. In this case, the equalization ensures that taxpayers within the county will be taxed at the same level of market value, for the county's portion of the **Property Tax**, even though municipalities within the county will calculate **Assessed Valuation** of properties within their borders at different times and, therefore, have different estimates of market values.

Executive Budget: A type of budgeting process in which the **Chief Executive** has primary responsibility for preparing the budget and authority over budget that is presented to the legislative body for approval.

Expendable Fund: Accounting or budgeting funds in which authorization for new spending or incurring new obligations expires at the end of the **Fiscal Year**. **Governmental Funds** are usually expendable.

Expenditures: The actual cash payments of governmental units for all activities, which are monitored throughout the year, but are calculated for an entire **Line-item** or **Program** in the budget for a previous **Fiscal Year**.

Fiscal Year: A twelve-month period of time for which governmental activities are budgeted and the **Budget** is prepared. This is also the time allotted to record and present other summary financial statements such as the **Comprehensive Annual Financial Report**. Technically, a fiscal year can be any set of 12 months, but most municipalities operate on a January 1 to December 31 fiscal year.

Fixed Assets: Long-term assets that the government intends to use or hold for a relatively long period of time, such as land, buildings, machinery, and equipment.

Fund Balance: As defined in the **Balance Sheets** of all **Governmental Funds**, it is that part of the **Fund Equity** that is available for future commitment, expenditure, or appropriation. More specifically, it is that part of the fund equity that is not reserved for **Encumbrances**, and may be called the **Unreserved Fund Balance**.

Fund Equity: As reported in the **Balance Sheets** of all **Governmental Funds**, fund equity is defined as fund **Assets** minus fund **Liabilities**.

GAAP: Stands for Generally Accepted Accounting Principles. These are national standards of financial reporting as established by the Governmental Accounting and Standards Board (GASB).

General Fund: The fund that accounts for and supports most services in government.

General Obligation Bond: long-term Debt, which is secured by the government's full faith and credit (i.e. its taxing powers). These bonds usually have a lower rate of interest than **Revenue Bonds** because of lesser risk associated with a very secure source of repayment. They often require an affirming vote of the public, and their principal retired or repaid in the future from the **General Fund**. Once the debt is issued, payment of interest and principal is handled through a **Debt Service Fund**.

Goal: a long-term, attainable target for an organization – its vision of the future.

Governmental Funds: Four different accounting or budgetary groups which, generally, are unique to government and which account for most governmental activities. These funds are the: **General Fund, Capital Project Fund, Debt Service Fund, and Special Revenue Fund**.

Home Rule: State laws or constitutional stipulations regarding local government in the following areas: 1) its form; 2) the type or extent of services provided; 3) the range of revenues that they can levy, and tax, debt, or expenditure limitations.

Intergovernmental Revenue: Revenues that are transferred from other governments to the local government or are passed through the local government directly to individuals or other entities. There are three broad types of intergovernmental revenues: **Grants-in-Aid, Shared Revenues, and Transfer Payments**.

Internal Service Fund: A fund that accounts for the provision of goods and services from one agency or department to another within the government (e.g. maintenance on equipment, printing and copying, or information services).

Liabilities: As reported in the **Balance Sheet** for a given fund, liabilities include amounts owed to persons or organizations outside that fund. Examples of liabilities are: payable vouchers, amounts due to other funds or units, and deferred revenues.

Line-item Budget: Line-item budget presentations group expenditures according to the object of expenditure such as salaries, benefits, supplies, equipment, and maintenance. These categories, such as salaries, may be further divided into temporary wages, permanent wages, and overtime.

Long-Term Debt: A governmental unit may issue long-term debt to finance capital and infrastructure expenditures. In contrast to **Short-Term Debt**, it should not be used for regular operations. The two primary means of issuing or financing long-term debt are: **General Obligation Bonds** and **Revenue Bonds**.

Matching Grant: A specific type of **Conditional Grant** in which the local government must contribute some percentage of funds in order to receive the grant.

Millage: A term applied to the **Tax Rate** of a **Property Tax** which specifies the rate of taxation on a dollar of assessed value (or on a \$1,000). The term "20 mills" would mean two cents for every dollar of assessed value (or two dollars for every \$1,000).

NA: Not applicable or does not apply.

Objective: a specific, measurable and observable result of an organization's activity which advances the organization toward its goal.

Other Operating Expenses: Within Winnebago County, this group of expenditures includes all expenses other than labor, capital outlay and travel. Examples of groups of items include office expenses such as supplies, stationery and forms, postage and others. Other expenses also includes publications, subscriptions, dues, telephone other operating expenses, repairs and supplies, utilities, contractual expenses such as accounting, and legal services. This category also includes rental expense and insurance.

Policy: a plan, course of action or guiding principle, designed to set parameters for decisions and actions.

Program Budget: Programmatic budget presentations group the **Line-Items** into units that represent service objectives or functions such as crime prevention, fire education (Stop, Drop, & Roll), or small business incentive loans.

Proprietary Funds: General accounting or budgetary groups that are analogous to private commercial organizations. Government recognizes two types of proprietary funds: **Enterprise Funds** and **Internal Service Funds**.

Retained Earnings: is the cumulative amount by which revenues and operating transfer from other funds have exceeded expenses and transfers to other funds.

Revenues: All funds used by local government report revenues as the primary source of monetary input. There are six primary sources of revenues for **General Fund** of the local government: taxes, licenses and permits, **Intergovernmental Revenues**, **User Charges**, fines and forfeitures, and miscellaneous. Expected or

budgeted revenues are those that are estimated for the coming fiscal year. Actual revenues represent the amount of money that was actually collected by the government.

Shared Revenues: A type of Intergovernmental Revenue in which revenues collected by another government which are distributed to a local government according to a formula such as number of children enrolled, population or per capita income.

Short-Term Debt: Debt that is issued for less than a year to ease temporary cash flow deficiencies until expected Revenues from taxes, bonds, or other governments are received.

Special Revenue Fund: A fund that accounts for specific services or projects that are funded through contractually or legally earmarked revenues.

Tax Incremental Finance (TIF) Districts: An area within the boundaries of a local government that is designated for redevelopment. Revenue from the incremental growth of the property tax base is used to provide additional funds for further redevelopment or for debt service on bonds issued for the original redevelopment efforts.

Unreserved Fund Balance: This is a component of the Fund Balance, which specifies money available for future commitments, expenditures, or appropriations.

Working Capital: is the excess of current assets over current liabilities. At the end of a fiscal year, working capital can represent the net available remaining current resources of an entity available after all obligations of the current fiscal period has ended. It can represent an estimate of an entity's undesignated financial resources, similar to undesignated fund balance.
