### **Second Permits:**

When purchasing an initial permit sticker, a second (supplemental) sticker is available for an additional vehicle owned by the same individual (**proof of ownership is required**). Second stickers are only available at the Winnebago County Parks Department.

### **Replacement Permits:**

Available at the Winnebago County Parks Department only. Remove the old sticker from your windshield and bring it with you to obtain a replacement sticker – even if the sticker comes off in pieces, we still need the old sticker. There is no charge for replacement stickers, if you bring in your old sticker.

### **Background:** Ordinance No. 19.24(11)

The Boat Launch Use Permit Program supplies the county with a stable source of funding allowing it to provide a high standard of care for the boat landing properties (Winnebago County has seven boat landings throughout the county). To facilitate this process, all revenue from the program is directed towards an account reserved for maintaining and improving Winnebago County boat landings.

### **Winter Launch Use:**

There is no charge for using Winnebago County boat landings during the winter season (typically mid-November to mid-March). There is a significant difference in cost during the winter compared to the summer. Considerations would include providing more year-round services. Summer maintenance includes mowing, placing portable bathrooms, cleaning permanent bathrooms, installing/removing floating piers, installing/removing kayak launches, monitoring launches with a ranger, installing/removing buoys, etc. Winter maintenance only includes clearing a portion of the parking lot for emergency services (police and fire) access to the water.

**Overnight Parking:** Overnight parking at Winnebago County boat landings is not allowed.
