#KnowBeforeYouGo: Self-Test Kits are used to detect current COVID infection and can be used whether or not you have symptoms. They give rapid results and are important to use before attending a gathering, if you are sick, or were exposed to COVID-19.

Test Positive? You may be eligible to receive free treatment without having to leave your home. Call 833-273-6330 to see if you can get antiviral medication or scan the QR code here for more information.
